Trading Update

Poised for growth with increased demand and strong balance sheet

- **Solid Q1 performance:** Q1 FY22 revenues¹ of \$30.9M up 98% YoY and positive underlying EBITDA² of \$2.0M achieved during lockdowns and seasonally slower quarter.
- **Strong balance sheet:** \$22.3M in available capital. Cash balance of \$15.3M and \$7M available in CBA facility (as at 24 Nov 2021).
- **Strong sales recovery in November:** Post lockdown recovery across SMB and Corporate segments:
 - SMB Data & Voice sales via Nexgen and Spirit returning to Q4 FY21 levels
 - New corporate deals across Banking & Education
 - Growing pipeline across Mining & Healthcare
- **Investing in distribution:** Salesforce expanded nationally in Q2 to accommodate increasing demand.

¹ Revenue refers to Recurring and Solutions & Projects revenue. Project revenue includes government grant infrastructure revenue. FY22 Q1 numbers are presented on an unaudited basis.

² Underlying EBITDA adjusts EBITDA to exclude business acquisition, divestment & integration costs, net fair value gain/(loss) on remeasurement of contingent consideration on business combinations and share-based payments.

Asset Strategy Update

Non-Core divestment accelerates future acquisition growth

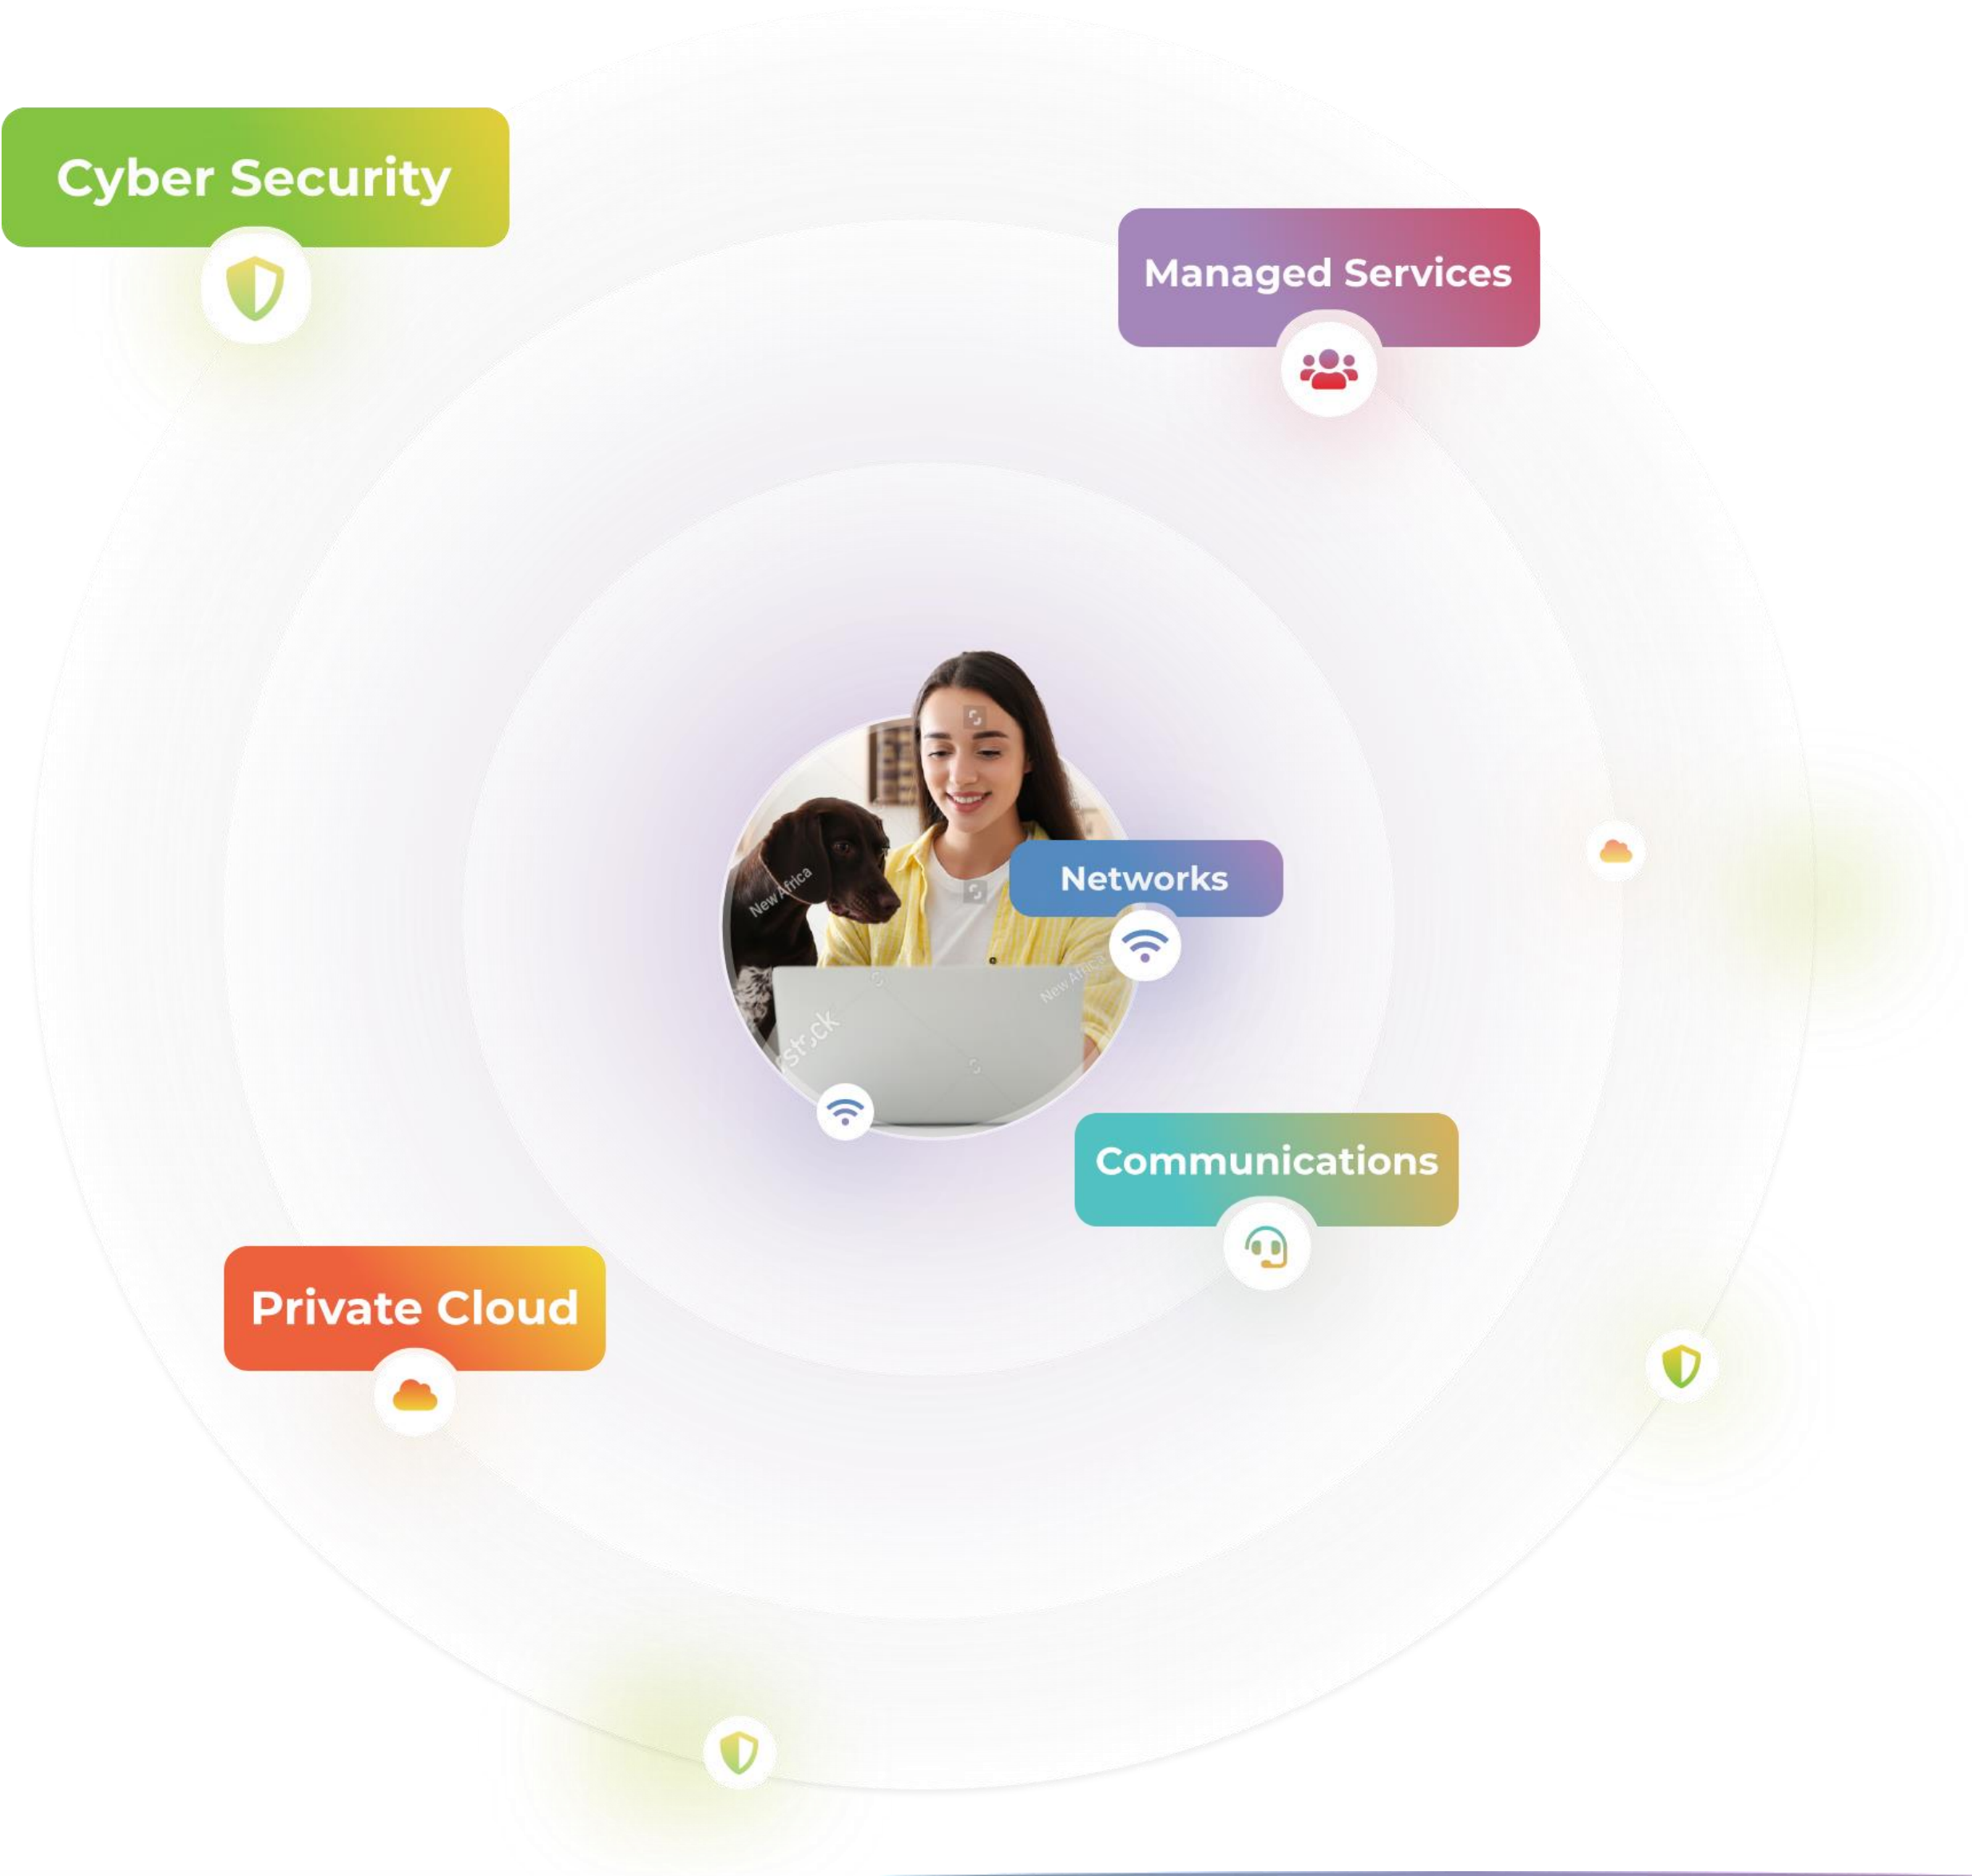

- **Consumer business:** divestment returned \$5.1M in capital to balance sheet.
- **M&A:** sector consolidation continuing at pace for assets with scale.
- **Divestment of fixed wireless towers:** Spirit is strongly considering divestment options for the fixed wireless towers and the Board expects to update the market in Q3.
- **Return of capital:** The sale of the fixed wireless network would return significant capital back for both organic and acquisition growth initiatives.
- **Future acquisition strategy:** Acquisition targets have been identified across B2B Telco and Cloud. Strong balance sheet and capital returning will allow Spirit to be active again in acquisition activity across H2 FY22.

Context & Strategy

Structural change in the workplace accelerated during COVID

Business is demanding digital solutions to retain employees and create customer engagement

Accelerating demand.... Fragmented solutions

The digital requirements of modern businesses have accelerated

- Distributed workforce
- High bandwidth/fast speed requirement
- Migrating to cloud-based digital tools
- Conduct all activities (e.g. sales/support) online
- Integrate and manage many device types

A significant gap exists for Spirit to be a one-stop-shop for digital workplace solutions

...but there is no easy-to-deploy end-to-end solution

- Major telcos are not equipped to help SMB's & Corporates transition to this new work environment
- Traditional ISPs own 'road' but not the valued added services
- Business owners have to go to multiple service providers to create a solution
- Each service provider doesn't own any issues that arise in the solution

Layering value added services on digital infrastructure

Statutory Net Profit Before Tax

Statutory Net Profit Before Tax

1. Revenue refers to sales revenue and other income

2. EBITDA is a financial measure which is not prescribed by Australian Accounting Standards ('AAS') and represents the profit under AAS adjusted for depreciation, amortisation, interest and tax. Underlying EBITDA adjusts the Statutory financial metrics to exclude business acquisition & integration costs, net fair value loss on remeasurement of contingent consideration on business combinations, business restructuring costs and share-based payments.

3. Underlying Net Profit Before Tax takes into account the Underlying EBITDA adjustments and also adjusts depreciation & amortisation to exclude the impact of amortisation of customer relationships.

Close & Thanks

Looking to this financial year and beyond, we expect to see continued consolidation in the fragmented IT & Telco markets, as structural change takes hold. Australian businesses are becoming more dependent on the services that only an integrated IT & Telco business like Spirit can provide.

I would like to thank my fellow Board members and the entire Spirit team for their hard work, motivation and commitment to our evolution to a fully integrated technology provider for businesses across Australia.

To our shareholders, thank you for your support of the company – we look forward to sharing the next phase of our growth with you.
