engage:BDR Limited ('Company', 'Engage' or 'EN1') trading update and commentary regarding Q4 2021 performance and activities.

Net cash (used in) operating activities was \$A1.66M; cash balance at the end of quarter was A\$257K. One-time, extraordinary legal expenses in Q4 2021 totalled A\$184K, which were comprised of trade creditor settlement (existing balance sheet liability) and attorney's fees.

Receipts from customers totalled \$1.46M. Staff costs were A\$670K. Administrative and corporate costs improved 10% to A\$619K, over the previous quarter.

During in the first week of August until late September, EN1's largest client experienced technical integration issues and was temporarily paused, intermittently. These issues were resolved by the end of the September and the customer resumed buying. This issue affected revenue and collections for the third quarter. During the fourth quarter, this client resumed buying, however, the daily spend decreased due to their new ad inventory category requirements. Specifically, the Company sourced mostly gaming inventory for this client, and they blocked this category starting Q4. The Company has been sourcing new inventory which matches the client's new requirements and has been ramping up. Additionally, several new high profile clients have been on-boarded which is expected to better distribute revenue for the future.

Rebuilding Operations Entirely

Management has been focused on rebuilding the entire operational structure from the ground up, starting early January. This includes moving current high pay roles from the U.S. to the Adcel Ukraine team, which costs a fraction (10-20% of the current cost). Adcel Ukraine now has responsibility for and is staffed for all advertising operations functions, a new inside sales team focused on acquisition at scale of new publisher clients, and key engineering roles also have moved to the Ukraine team. Management targets 50 new hires in Ukraine within 2022, once this strategy proves profitable and scalable.

Management expects immediate and significant cost reductions from this strategy, better coverage (more eyes on one role), scalability and a significant revenue increase. As Management uncovered all aspects of each role, many immediate opportunities for efficiency were made which expect to generate incremental revenue starting today.

During the quarter there were payments of \$237,550 associated with executive and non-executive fees paid to Directors for the December 2021 quarter. This is outlined in section 6.1 of the Appendix 4C.

HAHJK! Connected TV App

EN1's CTV comedy app with comedian Jamie Kennedy is now live and available for download on the app stores below. Management targets 100 new U.S. comedians' exclusive content to be on-boarded onto the platform every quarter. Once 100 comedians have been on-boarded, the Company will market the app on mainstream media, app stores and comedy websites and apps to drive user acquisition, which is expected to generate video views which are monetised by EN1 CTV advertising. The App is available for download now on Roku, FireTV & AppleTV; next week, iOS & Android.

RTB House

Management is pleased to announce that it has executed a Master Service Agreement (MSA) with RTB House, a market-leading demand-side platform (DSP) or digital advertising buyer.

The execution of this MSA will see RTB House adopt the EN1 programmatic publisher platform and enable trading with EN1's growing catalogue of premium publishers globally. Trading under this MSA is expected to commence in the first quarter of 2022.

- As outlined in the 2022 EN1 Investor Presentation in January 2022, the Company has a key strategic focus on securing MSAs with top regional

programmatic advertising buyers, to drive trading on the EN1 programmatic marketplace.

- ✦ As with similar agreements executed with other key advertising buyers, the MSA provides RTB House with the terms to access the EN1 programmatic advertising platform to purchase inventory on behalf of advertiser clients from EN1's contracted publisher partners.
- ✦ Whilst the revenues from the EN1 programmatic advertising marketplace are derived from markups of publisher inventory costs and from fees charged to publishers (sell-side), the onboarding of large media buyers is the primary driver of growth in trading activity, and therefore future revenues.
- ✦ There is no minimum spend commitments associated with this agreement.
- ✦ The term of the agreement is open-ended, with either party able to terminate the agreement with a 30-day written notice.
- ✦ The Company can confirm that there are no material conditions that need to be satisfied prior to the commencement of client usage of the EN1 programmatic advertising platform.

colorTV Non-binding LOI to acquire

EN1 entered into a non-binding Letter of Intent to acquire colorTV, an Orange County California, Connected TV (CTV) platform founded by industry veterans from Tapit, Millennial Media, Samsung and other industry leading companies. ColorTV's tech and team will continue to build upon EN1's cross device capability and further entrench its position within the CTV market.

"Helping brands reach their target audience continues to be at the core of our mission," says CEO and Co-founder Ted Dhanik. "ColorTV strengthens our ability to serve our customers and expand into the growing CTV market."

ColorTV has a strong existing customer base that includes 24 integrations. At the completion of the proposed acquisition, these integrations will add recurring revenue to EN1. The proposed ColorTV acquisition is a continuation of EN1's CTV strategy, where each new integrations adds incremental, recurring revenue.

The proposed acquisition of colorTV strategically positions EN1's greater success as it pivots towards solving present and future supply and demand challenges within the fast-growing CTV and OTT landscape. ColorTV, bringing a highly unique and differentiated product to the marketplace gives EN1 a clear-cut value proposition to both buyers and sellers as evidenced by the 24+ unique new integrations it brings to the Company. These 24 new integrations are expected to enable swift execution and

NASDAQ SEC 20F Filing

On 6 January 2021, EN1 filed a form 20F with the U.S. Securities Trade Commission to cross-list EN1 on the NASDAQ. Management is excited to potentially be listed with dozens of EN1's U.S. AdTech peers with trading multiples averaging at 20 times trailing 12 months' revenue.

The SEC responded to the submission in April and June 2021 with final commentary, which required three years' audited financials by a PCAOB certified audit firm. Since EN1 works with Australian auditors, the financials needed to be re-audited. Management signed a new U.S. audit firm; the audit is currently underway and expected to finish at the end of Q1 2022. Once the audits have been signed off, EN1 will resubmit the 20F filing to the SEC and NASDAQ for approval.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
