About TPC Consolidated

TPC Consolidated Limited (ASX:TPC) owns and operates leading Australian-based electricity and gas retailer CovaU (pronounced “cover you”), which offers competitively priced products to household as well as business (Small Medium enterprises and Commercial and Industrial) customers.

The client base of TPC’s CovaU business, spread across most Australian states and territories, can choose from a wide range of products, from conventional gas and electricity through to solar, wind and ‘greenpower’ plans.

TPC is focussed on further expanding CovaU’s market presence in the energy segment of the Australian utilities sector. The Company’s expansion plans include additions to its current suite of renewables segment-related energy products, as consumers preference energy sources that accelerate the decarbonisation process.

Continuing operations revenues go significantly higher in 1H FY23

Group revenue totalled \$75.4 million in 1H FY23, up 33.2% from the PCP. This headline revenue increase was primarily attributable to increases of our energy retail price, which was underpinned by an increase in the wholesale spot and future prices on the persistent shortage of coal and gas in domestic market. However, we also experienced a decline in the number of billable meters to around 16,000 by the end of 1H FY23 (a figure down 39.8% on a PCP basis).

TPC's 1H FY23 gross profit of \$27.6 million was up 198.6% on PCP. This increase was attributable to a large 20.3 percentage point increase to 36.6% in TPC's 1H FY23 gross margin. This was, in turn, the result of a higher energy gross margin, which increased to 35.8% (versus 16.2% in 1H FY22).

The increased energy margin over 1H FY23 was attributable to the gains on the hedged electricity and gas contracts which in the large part mitigated the impact of high wholesale costs. Overall, the electricity margin was up 19.7 percentage points to 35.2% while the gas margin was up 19.0 percentage points to 36.8% on PCP.

The TPC Group's operating expenses, inclusive of employee benefit expenses, rose to \$12.0 million in 1H FY23 (up 25.4% on PCP).

The increase in operating expense total was also partly attributable to a higher bad debt expense, which totalled \$3.4 million primarily due to higher retail rates in the TPC Group's 1H FY23 (up 61.0% on PCP). If bad debts expense is excluded, Group operating expenses, including employee benefit expenses, were \$8.5 million, up 15.2% on PCP.

The increase in operating expenses, excluding bad debt expense, was limited by the successful implementation of a range of cost control initiatives that helped deliver a significant improvement in TPC's efficiency ratio to 11.3% (versus 13.1% in 1H FY22).

Earnings before interest, taxation, depreciation, amortisation and impairment (EBITDA) from operations in 1H FY23 was \$19.0 million, up by 3,688.5% or \$18.5 million on the PCP of \$0.5 million.

Profit after tax (NPAT) of the consolidated entity totalled \$12.1 million in 1H FY 23, up by \$12.1 million on the PCP of \$0.003 million.

Minimal Gearing and Strong Financial Position at End 1H FY23

TPC Group net assets as at end of 1H FY23 totalled \$27.0 million, down 48.3% or \$25.3 million on the PCP. The decrease in net assets represented the profit after tax of \$10.9 million and the decrease in the negative fair value movement on derivatives of \$36.2 million (a fair value adjustment on derivatives designated for hedge accounting), which were reported in 1H FY23.

As at the end of 1H FY23 cash and bank deposits totalled \$32.6 million (including an amount of \$11.3 million held as security for bank facilities). This cash and bank deposits total was up \$22.0 million or 208.5% on PCP.

Review and Results of Operations (Continued)

The TPC Group's operating expenses, inclusive of employee benefit expenses, rose to \$12.0 million in 1H FY23 (up 25.4% on PCP).

The increase in operating expense total was also partly attributable to a higher bad debt expense, which totalled \$3.4 million primarily due to higher retail rates in the TPC Group's 1H FY23 (up 61.0% on PCP). Profit after tax (NPAT) of the consolidated entity totalled \$12.1 million in 1H FY 23, up by \$12.1 million on the PCP of \$0.003 million.

Minimal Gearing and Strong Financial Position at End 1H FY23

TPC Group net assets as at end of 1H FY23 totalled \$27.0 million, down 48.3% or \$25.3 million on the PCP. The decrease in net assets represented the profit after tax of \$10.9 million and the decrease in the negative fair value movement on derivatives of \$36.2 million (a fair value adjustment on derivatives designated for hedge accounting), which were reported in 1H FY23.

As at the end of 1H FY23 cash and bank deposits totalled \$32.6 million (including an amount of \$11.3 million held as security for bank facilities). This cash and bank balances total was up \$22.0 million or 208.5% on PCP.

The FY23 outlook

TPC expects electricity pricing to remain volatility for some time yet, as ongoing geopolitical tensions and macroeconomic uncertainties hinder a return to more normal markets. In such an environment, we anticipate that CovaU's long time conservative policy of hedging its load will become a more expensive exercise.

Despite these anticipated price gyrations, TPC will continue to pursue a growth strategy that has both organic and M&A components.

TPC has a deep understanding of what drives electricity pricing. Utilising these skills, the Group now plans to further evolve its investment capabilities and create a new wholly-owned subsidiary, the sole focus of which will be electricity pricing-related investments. This new business will simultaneously provide some stability to Group financial performance and enhance profitability.

The Group will continue to leverage off opportunities now presenting in the retail electricity market-place. Aligning with this strategy, TPC' CovaU Energy has recently completed its second renewable power purchase agreement in Victoria as part of its intention to be a green retailer as Australia's push towards Net Zero continues to be progressed.

Despite prevailing challenges in the retail energy sector, TPC's strong financial position means it is well-placed to meet current volatility in electricity markets and provide value-oriented investors consistent returns over the longer term.

2 GENERAL INFORMATION AND BASIS OF PREPARATION

The condensed interim consolidated financial statements ('the interim financial statements') of the Group are for the six (6) months ended 31 December 2022 and are presented in Australian Dollar (\$AUD), which is the functional currency of the Parent Company.

These general purpose interim financial statements have been prepared in accordance with the requirements of the Corporations Act 2001 and AASB 134 Interim Financial Reporting. They do not include all of the information required in annual financial statements in accordance with Australian Accounting Standards, and should be read in conjunction with the consolidated financial statements of the Group for the year ended 30 June 2022 and any public announcements made by the Group during the half-year in accordance with continuous disclosure requirements arising under the Australian Securities Exchange Listing Rules and the Corporations Act 2001.

Accounting policies are consistent with those used at 30 June 2022.

3 ESTIMATES AND JUDGEMENTS

The estimates and judgements used in these financial statements are consistent with those used for the year end accounts.

When preparing the Interim Financial Statements, management undertakes a number of judgements, estimates and assumption about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results.

The judgements, estimates and assumptions applied in the Interim Financial Statements, including the key sources of estimation uncertainty, were the same as those applied in the Group's last annual financial statements for the year ended 30 June 2022.

	<u>1,312,777</u>	<u>1,312,777</u>	<u>1,312,777</u>

The fair value of the instruments has been determined by reference to comparable similar instrument prices as at the reporting date.

The instruments include Cap and Swap agreements mitigating exposure to significant increases in energy prices over the next twelve months.

15 SIGNIFICANT EVENTS AFTER THE REPORTING DATE

Apart from the dividend declared, as disclosed in Note 5, no other matters or circumstance has arisen since 31 December 2022 that has significantly affected, or may significantly affect the Group's operations, the results of these operations, or the Group's state of affairs in future financial years.

16 SEGMENT REPORTING

The consolidated entity has identified its operating segments based on the internal reports that are reviewed and used by the chief operating decision makers in assessing performance and in determining the allocation of resources.

The operating segments are identified by management based on revenue stream. Discrete financial information about each of those operating business is reported on a monthly basis.

The consolidated entity operates in the provision of retail electricity and gas services to residential and businesses and of the of pre-paid mobile and related services in Australia. However, the revenue contributed by pre-paid mobile and related services is minimal. Therefore, management has concluded that the consolidated entity has one reportable segment, being the provision of retail electricity and gas services.

DIRECTORS' DECLARATION

In the opinion of the directors:

- (a) the financial statements and notes of the consolidated entity are in accordance with the *Corporations Act 2001*; and
 - (i) comply with Accounting Standard AASB 134 "*Interim Financial Reporting*" and the Corporations Regulations 2001; and
 - (ii) give a true and fair view of the financial position of the consolidated entity as at 31 December 2022 and of the performance for the half-year ended on that date.
- (b) as at the date of the declaration, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of directors.

Independent Auditor's Review Report

To the Members of TPC Consolidated Limited

Report on the half year financial report

Conclusion

We have reviewed the accompanying half year financial report of TPC Consolidated Limited and its subsidiaries (the Group), which comprises the consolidated condensed statement of financial position as at 31 December 2022, the consolidated condensed statement of profit or loss and other comprehensive income, consolidated condensed statement of changes in equity and consolidated condensed statement of cash flows for the half year ended on that date, a description of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of TPC Consolidated Limited does not comply with the *Corporations Act 2001* including:

- a giving a true and fair view of the TPC Consolidated Limited financial position as at 31 December 2022 and of its performance for the half year ended on that date; and
- b complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial reports in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibility for the half-year financial report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
