Australian Securities Exchange

CLIME CAPITAL LIMITED (ASX:CAM)

Financial year end 30 June 2023

- **Net profit after tax \$13.2 million**
- **Record September Quarter dividend declared 1.35 cents fully franked per share**
- **Fourth consecutive quarterly dividend increase**

The Board of CAM is pleased to advise that the company recorded a profit of \$13.2 million in FY23 compared to a loss of \$11.8 million in FY22.

The CAM portfolio finished the year delivering a gross pre-tax return of 18.0%, outperforming the ASX All Ordinaries Accumulated Index benchmark return of 14.8%. This is a pleasing result despite the uncertainties arising from the substantial increase in interest rates, deceleration of the China's economy and substantial geopolitical risks around the world.

The Board is pleased to declare a **September quarter dividend of 1.35 cents fully franked**.

CAM pays both quarterly fully franked dividends (current rate 1.35 cents per quarter) and quarterly interest on CAM notes (CAMG 5.25% notes).

CAM retains substantial profit reserves and receives solid fully franked dividend income from its listed investee portfolio and rental income and distributions from its unlisted entities.

For further information on the CAM result and investment offer please refer to the Annual Report.

The release of this announcement was authorised by the Board of CAM.
