Introduction

The financial information presented in this report has been prepared on a statutory basis in accordance with the measurement and recognition requirements of Australian Accounting Standards. This report contains certain non-IFRS measures, (i.e. Annualized Recurring Revenue (ARR), Adjusted EBIDA, Monthly Recurring Revenue (MRR), Lifetime Value (LTV) and retention rate) which are used by Directors and management as measures of assessing the financial performance of the company. The Directors consider these measures to be a better indicator of the underlying performance of the business and provide valuable insight when assessing operating performance of the business. Monthly recurring revenue is the monthly equivalent for subscription licenses and services. ARR is equal to MRR multiplied by 12. Retention rate is the MRR churn accumulated over the 12 months and subtracted from the ending MRR and divided into the ending MRR. Please note that the retention rate does not factor in any acquisition related MRR for 12 months since the acquisition. These measures are not recognized under AASB or IFRS and are referred to under Regulatory Guide 230 'Disclosing non-IFRS financial information' published by ASIC.

Commentary and results for the year

FY23 was a year of transition for Bigtincan Holdings as the company focused on building for the future with the business growing Adjusted EBITDA by 99% from FY22 to \$8.2m and reduced the EBITDA loss by 53% to (\$5m), and at the same time continuing to deliver on a clear product roadmap to create the buying experience of the future for the world's leading companies.

This transition coincided with the impacts of an economic downturn that impacted SaaS organisations globally, with increased pressure on renewals, delayed sales cycles, and more challenging conditions for Bigtincan customers. In 2nd Half FY23, Bigtincan experienced the greatest impact of these conditions, with churn from tech customers and legacy products related to the Brainshark acquisition, impacting organic growth. Despite these challenges, total revenue for FY23 grew 13% from FY22 to \$123.1m.

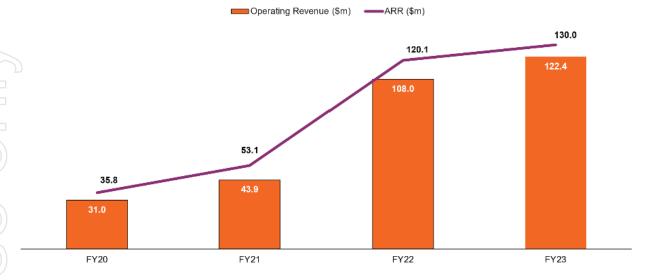

In FY23 Bigtincan took advantage of these dynamic market conditions to continue its program of integrating acquired products within the sales enablement space where their technologies could add to the overall Bigtincan product offering, driving cross and upsell opportunities across the customer base.

In Dec 2022, Bigtincan completed the acquisition of SalesDirector.Al adding leading Al based technologies in the revenue operations space, and in Jul 2023, the slightly delayed closing of the acquisition of Modus adding over 130 new customers to Bigtincan's customer base, new technologies and additional market leading human resources to the business. The market conditions allowed Bigtincan to acquire these assets at reduced prices that will provide value for BTH shareholders now and in the future.

Gross Margin for FY23 was 88%, showing that Bigtincan continued to be efficient in delivering its services. And against this overall background, conversion of ARR to revenue for FY23 came in at over 100% of ARR from 30 June 2022.

History of ARR & Operating Revenue Growth (\$m)

During FY23, Bigtincan increased its operating revenue by 13%, and ARR growth of 8%. Post year end was the completion of Modus Engagement, Inc. which contributed ARR of \$7.5m.

Results Financial Metrics

Key financial metrics for Bigtincan were as follows:

	2023	2022	
KEY FINANCIAL METRICS	\$000	\$000	% v Last Year
Operating Revenue	122,395	108,033	13% higher
Gross Margin	88%	88%	0% tie
Operating expenses	139,553	126,962	10% higher
Net loss after income tax	(27,380)	(21,151)	29% higher
Adjusted EBITDA*	8,323	4,106	103% higher

^{*} Adjusted EBITDA includes adjustments for foreign currency, share based payments and one-off items below.

	2023 \$000	2022 \$000
Loss before income tax	(29,888)	(22,363)
Underlying EBITDA	(4,936)	(10,169)
Adjusted for the removal of various non-cash, one-time, irregular and non-recurring items:		
Bargain purchase gain	-	(377)
Acquisition costs	237	8,591
Share based payments	5,756	4,902
Severance	5,635	1,159
Advisory	1,631	-
Sub-total of acquisition and non-recurring items	13,259	14,275

During the period, Total Revenue and other income grew by 13% from \$108m in 2022 to \$123m with subscription and support revenue accounting for approximately 92% of total revenue. This growth in revenue in a challenging macro environment was testament to the work done by the global Bigtincan team who continued to execute well, delighting our customers and building on the cross sell and upsell motion that Bigtincan's multi-hub business model is built on.

Cost of Revenue and Operating Gross Profit

Cost of revenue includes those expenses directly related to hosting, provision of customer support, operations personnel and related costs and contractor fees relating to project specific software activities.

The increase in the cost of revenue from the prior period was driven by the additional customer volume reflected in the revenue growth (13%) and the costs from acquisitions. The gross profit margin was stable at 88%

Operating Expenses

Adjusted EBITDA

Operating expenses grew by 9.9% to \$139.6m for the year primarily because of investments in:

- Work on completion of the Intelligent Enablement Platform (IEP) that powers the platform and MultiHub business.
- Investments in AI technologies leading to the release of Bigtincan's GenieAI technology in 2H FY23.
- Network and System infrastructure supporting ongoing onboarding of major new global deployments; and
- Engineering resources to create the platform for future product releases.

Net Loss After Tax and adjusted EBITDA

FY23 loss after tax was \$27.4m compared to \$21.2m in FY22. After adjusting for non-recurring and acquisition items, Adjusted EBITDA was positive \$8.3m for FY23 compared to positive \$4.1m in FY22.

Summary of Significant Accounting Policies

Basis of preparation

The financial report is based on accounts which are in the process of being audited and has been prepared in accordance with ASX listing rule 4.3A. As such, this preliminary report does not include all the notes that are included in an annual financial report.

Functional and presentation currency

These consolidated financial statements are presented in Australian dollars, which is the Group's functional currency.

Rounding of amounts

Amounts in the financial statements have been rounded off to the nearest thousand dollars, in reference to instrument 2016/191 issued by ASIC.

Use of judgements and estimates

In preparing these consolidated financial statements in conformity with AASBs and IFRSs, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.
