# Message from the CEO

Welcome to another milestone quarter for Jaxsta. As we continue to build on recent momentum from the Vampr acquisition to rapid iteration on Vinyl.com, we have more exciting news to share. As you may have seen in our notice of AGM, we have plans to rebrand the company as Vinyl Group (ASX: VNL). This rebranding is not just a change of name but a part of our broader efforts and commitment to consolidating our brands and to deliver a unified, exceptional user experience across our suite of services and assets.

This quarter was a testament to the effectiveness of our strategy to integrate our platforms and focus on driving sustainable growth. We have reached new heights this quarter, registering \$261K in cash receipts, and, for the first time, an implied annual run rate of \$1.2M in revenue. This represents a QoQ increase in cash receipts of 93%, marking another all-time high for the company and, more importantly, a consistency of equivalent quarterly growth.

As we transition into Vinyl Group, we remain committed to scaling our platforms, strengthening our market position, and delivering even greater value to our shareholders, users, and the broader music industry.

As both your CEO and fellow shareholder, I can assure you that my commitment to our company's success has never been stronger. With a robust strategy and a dedicated team, we are poised for a future of innovation, growth, and enhanced shareholder value.

I look forward to sharing more in the coming months.

## Highlights from the Quarter

Jaxsta's key business highlights for the quarter ending 30 September 2023 are set out below:

- **Cash Receipts:** An all-time high of \$261K this quarter, a QoQ increase of 93%, representing a YoY increase of 480% this quarter compared to the same quarter a year ago.
- **Implied Run Rate:** The company is now operating at an implied annual revenue run rate of \$1.2M.
- **Vinyl v1.2:** Successful deployments of upgraded Vinyl.com functionality, following efficient efforts to bring technical development in-house while improving quality.

# Summary of cash position and expenditure

- As at 30 September 2023, Jaxsta had \$1.833 million in cash and cash equivalents. The company had an operating net cash burn of \$0.996 million, which was a 1% decrease on the previous quarter's \$1.006 million operating net cash burn. This was largely due to a mix of increased spend in R&D and marketing that was offset by previous cost savings in personnel from the previous quarter. The company did spend an additional \$238K during the quarter on further staff changes that will reflect as savings in the next quarter. There were also annual renewals for listing fees and audit costs.
- Cash from customers increased to \$261K, which was an increase of \$125K from the previous quarter.
- When looking at the Company's cash expenditure for the quarter and comparing it to the quarter ending 30 June 2023:
  - There was a decrease in staff costs of \$225K from redundancies initiated in the previous quarter;
  - There was an increase in data and platform operating costs of \$31K from data partner renewals and the addition of Vampr operations;
  - There was a \$191K increase in research and development costs from the work on our Vinyl.com and Vampr platforms;
  - There was an increase of \$80K in Sales and Marketing costs from the increased campaign for Vinyl.com and Vampr;
  - There was an increase of \$84K in general and administrative costs from Vampr transaction costs incurred in the current quarter.
- During the quarter, the business funded its operating activities from its working capital reserves.

## **Payments to related parties and their associates:**

The Company had no payment to its related parties comprising salaries, directors fees, reimbursable expense payment to directors including executives who were directors during the past six months. No payments were made to associates of any related parties.

# Cashflow comparison

## 30 September 2023 Quarter Cash Flow Variance

# Market Focus & Key Metric

Our key metric for FY2024 remains revenue growth. We are laser-focused on:

- **Scaling Vinyl.com:** Following consistent platform iteration based on customer feedback, we aim to cement its place as the go-to platform for music enthusiasts.
- **Expanding Vampr Pro and Advertising Sales:** Building on the initial success post-acquisition.
- **Growing Jaxsta B2B subscriptions and Sales:** Leveraging our unique data assets and industry relationships with our Business, Enterprise, API and Works Matching products.

# Strategic Initiatives and Future Plans

- **Artificial Intelligence:** After initial R&D, we are closer to integrating AI for personalised recommendations and operational efficiencies.
- **Geographic Focus:** North America continues to be our most significant market, especially as we head into the holiday season, however, our commitment to the ANZ market remains strong with key partnerships identified and in discussion.
- **Strategic Acquisitions:** We are actively evaluating opportunities that align with our growth strategies.

# Why Vinyl Group?

The Company has expanded its assets and broadened its capabilities over the past year, now encompassing an ecommerce experience and a social network, alongside our existing proprietary database of official music credits. We engaged one of Australia's leading branding agencies to help us define the future and bring these assets together.

Following the upcoming AGM, we can't wait to unveil our new corporate identity that visualises how these three core pillars will intersect. The Jaxsta brand also lives on, remaining the identity of our global music credits business.

*Note: if the entity has reported positive net operating cash flows in item 1.9, answer item 8.5 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.5.*

8.6 If Item 8.5 is less than 2 quarters, please provide answers to the following questions:

1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: No, the Company expects that it will considerably decrease its operating cash outflows from the September quarter to the next. The Company had various redundancies that were paid in the current quarter that will result in further savings of \$238K per quarter. Additionally, the Company incurred one time costs from the Vampr acquisition during the quarter of \$24K. Lastly, the Company had annual renewals incurred during the quarter that overstate cash outflows for the current quarter by \$36K. This will bring back the Company to the cash levels from the March 2023 quarter.

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: The Company has filed its R&D Incentive claim and is awaiting to receive the funds in the December quarter of \$636K that further bolsters its cash reserves.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

For personal use only

Answer: Yes, once you factor the cost reductions and timing of one time costs from the September quarter and add the Company's R&D Incentive claim receivable that it expects to collect in the following quarter of \$636K it has the reserves to continue its operations and meet its business objectives.

*Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.*
