1. LETTER FROM THE RESPONSIBLE ENTITY

Dear Unitholder,

On behalf of the board of Equity Trustees Limited (**Board**), in its capacity as Responsible Entity of the Fund, it is my pleasure to provide you with a Proposal to transition the Fund from a listed investment trust (**LIT**) to an unlisted open-ended unit trust.

The Proposal is made in light of the fact that the Fund has traded and continues to trade at a material discount to its net asset value (**NAV**).

THE PROPOSAL

If the resolutions required to implement the Proposal (**Proposed Resolutions**) are approved by Unitholders, the Fund will de-list and become an unlisted open-ended unit trust. The Fund's Investment Manager and investment objective will remain the same, and there will be no change in the fee rates payable to the Responsible Entity or the Investment Manager.

Further information about the Proposal is provided in Section 2 of the Explanatory Memorandum.

The Proposal is intended to provide Unitholders the following benefits:

- for existing Unitholders, an ability to realise your investment in the Fund at NAV, less a transitional exit fee for a period of 12 months after de-listing and a sell spread. This has not been possible recently in the listed environment due to the Fund's ongoing discount to NAV. It should be noted that these withdrawals will be subject to a discretionary redemption gate of 5% per month; and
- the opportunity for the Fund to grow and to access scale benefits for Unitholders from increased Fund size.

Importantly:

- the Investment Manager will be responsible for the costs of the Fund's tax and legal advice associated with the Proposal, while the costs of the administrator and unit registry associated with the transition will be borne by the Fund; and
- there will be no change in the fee rates payable to the Responsible Entity or the Investment Manager.

A de-listing will mean that Units can no longer be bought or sold on the ASX through your stockbroker, and information about the Fund will no longer be on the ASX announcements platform.

REASONS FOR THE PROPOSAL

Recent changes in regulatory and market conditions, have resulted in a more challenging environment for the LIT investment structure. Without a mechanism to acquire and withdraw Units at or around NAV, the lack of liquidity on the ASX has resulted in NBI consistently trading at a discount to its NAV. This has been particularly evident in the last 12 months.

Feedback from Unitholders on NBI's performance and strategy has been largely positive and the Fund has performed in line with expectations, including during the current macroeconomic environment. However, we continue to receive negative feedback from Unitholders about the discount to NAV and requests for us to address this.

On 4 March 2022, NBI began an on-market-buy-back programme of up to 10% of its Units which were on issue at the time. This was initiated with the purpose of addressing the discount. However, the on-market-buy-back failed to rectify and address the continual trading of NBI on the ASX at a discount.

After undertaking a review of the various options available to optimise the structure of the Fund, the Responsible Entity and Investment Manager of the Fund have decided to recommend that the Fund de-list from the ASX and convert to an unlisted open-ended unit trust structure.

For current Unitholders

The new structure will enable Unitholders to realise their investments at NAV, less a transitional exit fee as set out in Section 2.2 below for the first twelve months (**Transition Fee**) and a sell spread of 0.20% to cover transaction costs relating to new and redeeming investors for the Fund (**Sell Spread**), on a daily basis subject to conditions outlined in Section 3 of the Explanatory Memorandum.

Following this initial transitional period Unitholders will be able to realise their investments at or around NAV, regardless of the trading volumes of other Unitholders.

For new investors

The unlisted open-ended unit trust structure will allow the Responsible Entity to issue new Units in the Fund post de-listing. New direct investors that acquire Units post de-listing may request that the Transition Fee be waived in certain circumstances. The Responsible Entity may, following such a request, waive the Transition Fee in its sole discretion.

Replacement Identification Information Required

In anticipation of the Proposed Resolutions being approved, we expect to make a Transition Identification Form (**TIF**) available to Unitholders shortly after the Meeting. This form must be completed to ensure uninterrupted access to monthly income distributions, the ability to apply for new Units, or withdraw existing Units in the Fund after the Fund is de-listed. Please note that distribution payments will be held on account with the Fund's unit registry until identification documentation is received.

The Responsible Entity is working with the Fund's unit registry and third party service providers to develop a short online TIF that will leverage government and commercial databases with a view to ensuring an efficient identification process.

We do not anticipate that indirect investors who have invested via a platform will need to complete the Transition Identification Form or other identification documentation. These investors should confirm the requirements with their platform provider.

Please refer to Section 2.8 below for further details on the transition identification process.

FACTORS IN DECIDING HOW TO VOTE

This Explanatory Memorandum is intended to assist Unitholders in considering all aspects of the Proposal and to decide whether to vote for or against the Proposal at the Meeting of Unitholders to be held on 5 February 2024. For further information on the reasons for and against the Proposal, see Sections 2.5 and 2.6, of the Explanatory Memorandum, respectively. In this document you will find information concerning the Proposal including:

- a detailed description of the Proposal and the proposed steps to implement a NAV withdrawal process;

- an overview of the open-ended unit trust and how it differs from the current structure of the Fund;
- an overview of the new class of Units for new buyers of the Fund;
- the key risks associated with the Proposal; and
- a summary of general tax considerations relevant to the Proposal.

VOTING ON THE RESOLUTIONS

The Meeting will be held at Baker McKenzie, Tower One – International Towers Sydney, Level 46, 100 Barangaroo Avenue, Barangaroo NSW 2000. Unitholders can vote by proxy or in person. Further details are set out in the documents accompanying this Explanatory Memorandum.

We encourage you to read the attached Explanatory Memorandum and Notice of Meeting in Appendix 1, carefully. If you have any questions, please contact your financial adviser or Neuberger Berman on +61 3 9649 0900.

Kind regards,

Russell Beasley
Director

2. OVERVIEW OF THE PROPOSAL

2.1 BACKGROUND TO THE PROPOSAL

The Proposal involves a transition of the Fund from a listed investment trust (LIT) to an unlisted open-ended unit trust.

The Fund was listed on the ASX on 26 September 2018 as an investment entity focused on investing in high yield bonds issued by companies located in both developed and emerging markets globally, with a focus on BB and B rated bonds issued by large and liquid companies.

Since the listing of the Fund, there have been significant changes in the LIT market. Regulatory changes to the way that LITs are distributed to investors, changes in market conditions and an increase of alternative investment products have changed the investment proposition for many LITs. The changes have contributed to a growing mismatch between buyers and sellers causing LITs to trade at discounts to NAV.

The Fund is no exception. Since listing, the Fund has on average, traded at a discount to its NAV of circa 7%. The trading discount was circa 11% as at 31 October 2023.

The Responsible Entity and the Investment Manager have explored a number of strategies to enhance the Fund's efficiency and liquidity and have come to the conclusion that the LIT structure is no longer the optimal vehicle for Unitholders to access an underlying portfolio of corporate bonds and other fixed income investments.

In an effort to optimise the structure of the Fund for existing Unitholders, support growth and to be in a better position for the Fund to meet the demands of Unitholders, the Responsible Entity and Investment Manager have undertaken a review of the options available. Several alternative options to the Proposal were considered, including ongoing share buy backs. The Investment Manager concluded that the Proposal is superior to both the existing arrangements and the other alternatives considered.

The Proposal is intended to provide Unitholders the following benefits:

- an ability to realise your investment in the Fund at NAV;
- increased opportunities for new and existing Unitholders to invest;
- the opportunity for Unitholders to access scale benefits from an increased Fund size; and
- continuity of the same investment team.

Importantly, subject to the Transition Fee set out in Section 2.2

- the Investment Manager will be responsible for the costs of the Fund's tax and legal advice associated with the Proposal, the costs of the administrator and unit registry associated with the transition will be borne by the Fund; and
- there are no changes in the fee rates payable to the Responsible Entity or Investment Manager.

A de-listing will mean that Units can no longer be bought or sold through your stockbroker, and information about the Fund will be provided via the Fund's website <https://www.nb.com/en/au/nbi> rather than on the ASX announcements platform.

2.2 TRANSITION FEE

In order to facilitate an orderly process after the de-listing has occurred, the Responsibility Entity will impose a Transition Fee on withdrawals for a period of 12 months to allow the Fund to transition to an open-ended unit trust with daily liquidity.

The Transition Fee will be as follows:

Month(s) since the Units cease to be Officially Quoted	Transition Fee applied
1	7.5%
2	7.5%
3	7.5%
4	7.5%
5	5%
6	5%
7	5%
8	5%
9	2.5%
10	2.5%
11	2.5%
12	2.5%
13+	0%

The Transition Fee will apply to withdrawals within the 12 month period after de-listing to ensure that continuing Unitholders are not disadvantaged as the Fund changes from being a closed ended LIT to an open ended unlisted fund. The Transition Fee will be charged by the Responsible Entity but will be retained in the assets of the Fund for the benefit of remaining Unitholders. The Transition Fee will be deducted from Unitholders' withdrawal proceeds.

The Transition Fee will be incorporated into the Scheme Constitution through a resolution by Unitholders to be considered concurrently with the resolution to de-list the Fund. The Resolution will seek approval to make the following amendment:

- (a) inserting a new definition of "Transition Fee" in clause 1.1 of the Constitution as follows:

Transition Fee means the following percentages applied to the Net Asset Value per Unit on the withdrawal dates:

Month(s) since the Units cease to be Officially Quoted	Transition Fee applied
1	7.5%
2	7.5%
3	7.5%
4	7.5%
5	5%
6	5%
7	5%
8	5%

9	2.5%
10	2.5%
11	2.5%
12	2.5%
13+	0%

- (b) inserting a new clause 24.12 as follows:

24.12 Transition Fee

- (a) If at any time the Units cease to be Officially Quoted, Unitholders must pay the Responsible Entity the applicable Transition Fee in respect of each Unit the Unitholder redeems at any point during the 12 months from which the Units cease to be Officially Quoted.
- (b) The Responsible Entity is not entitled to be paid the Transition Fee out of the Assets, but rather, the Transition Fee is to be held on trust as part of the Assets and for the benefit of the existing Unitholders.

The Transition Fee will only apply for a period of 12 months after de-listing and cannot be applied by the Responsible Entity or Investment Manager after the one year anniversary of de-listing. The usual sell spread, proposed to be 0.20%, will continue to be applied after the de-listing.

2.3 COMPULSORY REDEMPTIONS

The Responsible Entity and the Investment Manager intend to impose a minimum holding as part of the Proposal.

Immediately following the de-listing of NBI, Unitholders holding fewer Units than the minimum holding will have their Units compulsorily redeemed (without deduction for the Transition Fee) as permitted under the Constitution.

Further details regarding the minimum balance are set out in section 3 below.

2.4 RESOLUTIONS

To implement the Proposal, **special resolutions** of Unitholders must be passed (**Proposed Resolutions**).

The Proposed Resolutions can only be passed if at least 75% of the votes cast by Unitholders entitled to vote either in-person or by proxy are in favour of each Proposed Resolution. The Proposed Resolutions are inter-conditional, that is, neither resolution will take effect unless both of the resolutions are passed by the requisite majority. If the Proposed Resolutions are passed, the Proposal will proceed even if some Unitholders have not voted in favour of it or if some Unitholders have not cast a vote.

If a Unitholder considers that the Proposal involves “unacceptable circumstances”, they may be able to pursue a remedy under Part 6.10 Division 2 Subdivision B of the Corporations Act (or equivalent overseas legislation). Under section 657D of the Corporations Act, if the Takeovers Panel has declared the circumstances to be unacceptable, it may make any order that it considers appropriate to protect the rights or interests of any person or group of persons, where the Takeovers Panel is satisfied that those rights or interests are being affected, or will be or are likely to be affected, by the circumstances.

PROPOSED RESOLUTIONS

The Responsible Entity has applied for the Fund to be removed from the ASX official list under Listing Rule 17.11 (**de-listing**) and Guidance Note 33 *Removal of Entities From the ASX Official List* and the ASX

has imposed a requirement under Listing Rule 17.11 and Guidance Note 33 *Removal of Entities From the ASX Official List* that the Responsible Entity obtain approval by a special resolution of Unitholders.

In accordance with this condition, Resolution 1 seeks the required Unitholder approval of the de-listing under and for the purposes of the ASX Listing Rules subject to amendments to be made to the Fund's Constitution in Resolution 2.

If Unitholders approve the Proposed Resolutions, the Fund will be removed from the official list of the ASX. The date of removal will be approximately three months and not less than one month after the date of the meeting. If Unitholders do not approve the Proposed Resolutions, the Fund will continue as a listed investment trust on the ASX.

The indicative date for the de-listing is 15 May 2024.

Equity Trustees will release an ASX announcement confirming the timetable for the de-listing process in due course if the Proposed Resolutions are approved by Unitholders at the Meeting. Prior to the date of the de-listing, Unitholders will continue to be able to trade their Units on the ASX for approximately three months and not less than one month after the date of the Meeting and be able to exit their investment prior to the de-listing. Following the de-listing, Unitholders will be able to withdraw their investment in the Fund pursuant to the process outlined in Section 3.4.

2.5 REASONS YOU SHOULD VOTE IN FAVOUR OF THE PROPOSAL

Some factors which may lead you to vote in favour of the transition of the Fund from a LIT to an open-ended unit trust include those listed below.

REASON TO VOTE FOR THE PROPOSAL	DESCRIPTION
Improved ability to realise investment at or around NAV	<p>Units are currently traded on the ASX. Since inception, Units have traded in the range of 18.4% discount to 4.2% premium to their NAV.</p> <p>In the last six months Units have traded at an average discount to NAV of 13.4%.</p> <p>Under the unlisted open-ended unit trust structure, Unitholders would be able to access liquidity at NAV, less the proposed Transition Fee for a period of 12 months after de-listing and Sell Spread, on a daily basis. Unitholders looking for liquidity should receive a higher price for their Units (assuming other factors remain the same) than if they were to sell on market at the current trading discount.</p>
Increased opportunities for new and existing Unitholders	<p>The Fund has historically been thinly traded, with irregular selling volumes on market. This has made it difficult for new investors to gain exposure to the Fund and for existing Unitholders wanting to increase their investment in the Fund. The open-ended unit trust structure would allow new and existing Unitholders the ability to access the desired volume of investment.</p>
Potential for scale benefits from an increased Fund size	<p>Shifting the Fund from a fixed pool of capital to an open-ended unit trust structure provides the ability for the Fund to grow. This may help the Fund to achieve greater scale and diversification. However, net capital inflows to the Fund cannot be guaranteed.</p>

REASON TO VOTE FOR THE PROPOSAL

DESCRIPTION

Costs of the Proposal

The Investment Manager will be responsible for the costs of the Fund's tax and legal advice associated with the Proposal, the costs of the administrator and unit registry associated with the transition will be borne by the Fund.

No increase in fees

Unitholders should note the Transition Fee in Section 2.2, however, the fee rates currently paid by Unitholders to the Responsible Entity and Investment Manager will not be increased as a result of the Proposal.

New investors, who will own a different class of Units, will not be subject to any exit fees for the first year of the Fund's de-listing.

2.6 REASONS YOU MIGHT CHOOSE TO VOTE AGAINST THE PROPOSAL

Some factors which may lead you to vote against the transition of the Fund from a LIT to an open-ended unit trust include those listed below.

REASONS YOU MAY CHOOSE TO VOTE AGAINST THE PROPOSAL

DESCRIPTION

Investments will no longer be ASX listed or tradeable on any other exchange

Unitholders may prefer to hold securities listed on the ASX compared to holding units in an unlisted open-ended unit trust. Unlisted Units can only be acquired or withdrawn through the Fund's unit registry.

Additional administrative and compliance requirements

The process for investing in and withdrawing capital from an open-ended unit trust, as compared with holding an ASX-listed investment, will involve additional administrative and compliance requirements.

In anticipation of the Proposed Resolutions being approved, we expect to make a Transition Identification Form available to Unitholders shortly after the Meeting. This form must be completed to ensure uninterrupted access to monthly income distributions, the ability to apply for new Units, or withdraw existing Units in the Fund after the Fund is de-listed. Please note that distribution payments will be held on account with the Fund's unit registry until identification documentation is received.

Indirect investors who have invested via a platform should confirm the requirements with their platform provider.

Currently, the above requirements may not apply to investors holding, buying, and selling Units on the ASX either on market or via their broker.

Settlement time

Currently the Fund is traded on the ASX, which has settlement timing of T+2. If the Proposal is successful, the application and withdrawal cycle will be daily and it is anticipated that the Responsible Entity will process withdrawal requests within approximately 7 calendar days of the relevant day. In certain

**REASONS YOU MAY
CHOOSE TO VOTE AGAINST
THE PROPOSAL**

DESCRIPTION

	<p>circumstances as permitted under the Fund's Constitution, withdrawals may take longer, or be suspended.</p>
Liquidity	<p>Currently the Fund is traded on the ASX with liquidity provided from the matching of buyers and sellers on price and volume on market. If the Fund is transitioned to an open-ended unit trust, it is anticipated that net withdrawals of Units in the Fund will be limited per month to 5% of NAV at the end of the preceding month (unless the Responsible Entity waives such restriction). This can potentially restrict Unitholders being able to withdraw their Units in the Fund for a significant period. If the Proposal is approved, Unitholders who need the certainty of immediate liquidity should discuss with their adviser as to whether their continued participation in the Fund is appropriate.</p> <p>This liquidity also creates a risk that the Fund may face large withdrawals which may mean the Fund has insufficient scale to meet its objective and deliver the scale benefits outlined above.</p> <p>The Responsible Entity plans to mitigate this risk through the withdrawals restriction discussed above and through the Transition Fee.</p>
Portfolio Management	<p>From a portfolio management perspective there are more challenges in managing an offering where the size of the Fund can change on a monthly basis i.e. capital inflows and withdrawals. Where there is significant additional capital added to the Fund this can potentially dilute the returns while the capital is deployed. Significant withdrawals can also require assets to be sold at inopportune times, this risk is mitigated by the discretionary 5% per month redemption gate.</p> <p>We note that Neuberger Berman as a firm was founded in 1939 and has over 80 years' experience in investment management globally.</p>
Disclosure requirement changes	<p>The Fund is currently subject to the continuous disclosure requirements under the ASX listing rules. The ASX's continuous disclosure requirements will not apply to the Fund once de-listed, however, the Fund will continue to be subject to the Corporations Act continuous disclosure regime. While reports and some updates will continue to be provided to Unitholders, the platform for announcements will be the Fund's website rather than the ASX announcements platform.</p>

2.7 TAX CONSIDERATIONS

The following information assumes that you hold your investment in the Fund on capital account and are not considered to be carrying on a business of investing, trading in investments or investing for the purpose of profit making by sale. The information should be used as a guide only and does not constitute professional tax advice as individual circumstances may differ. This summary is based on the Australian taxation laws in effect as at the date of this Explanatory Memorandum.

A number of tax reform measures are currently under review by the Australian Government. These reforms may impact on the tax position of the Fund and its Unitholders. Accordingly, it is recommended that Unitholders seek their own professional advice, specific to their own circumstances, of the taxation implications of investing in or continuing to invest in the Fund.

The Fund is an Australian resident trust estate for Australian tax purposes, and elected into the Attribution Managed Investment Trust (AMIT) at the Fund's inception. The Fund is expected to continue to be eligible as an AMIT if the Proposal is approved by unitholders, and it is not considered to be a public trading trust. Therefore, the Fund is required to determine the amount of assessable income, exempt income, non-assessable non-exempt income, and tax offsets (i.e. tax credits) of the Fund for each year of income. On the basis that these amounts will be attributed to Unitholders on a "fair and reasonable basis" the Fund should be treated as a flow-through trust and should not be subject to Australian income tax. Further details will be set out in the Taxation section of the PDS for the Fund.

On the basis that the Fund is not changing its legal status, structure or the profile of its underlying investments, the characterisation of the Fund as a "flow through" entity for Australian income tax purposes should not be impacted by the Proposal.

If the Proposal is approved, existing Unitholders will continue to hold the same Units in the Fund, while new unitholders will be issued Units under a new class. However, a sale or withdrawal of Units will constitute a disposal for Capital Gains Tax (CGT) purposes and may result in a capital gain or capital loss for a Unitholder. A capital gain will arise to the Unitholder where the capital proceeds received from the sale or withdrawal of the units are greater than the cost base for CGT purposes. A capital loss will arise if the capital proceeds on sale or withdrawal are less than the reduced cost base of the units for CGT purposes.

Unitholders should seek advice from their own professional taxation adviser regarding the Australian tax consequences of selling or holding Units, having regard to their particular circumstances.

2.8 REPLACEMENT IDENTIFICATION INFORMATION REQUIRED – ANTI-MONEY LAUNDERING LAWS

Once the Fund is de-listed, the Responsible Entity is required amongst other things, to verify Unitholders' identity. In order to do so, the Responsible Entity and the Fund's unit registry will require the necessary information under the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML/CTF Act) and Anti-Money Laundering and Counter-Terrorism Financing Rules Instrument 2007 (No. 1) (AML/CTF) to be collected and verified in relation to all of the Fund's Unitholders in the form of a Transition Identification Form. The method by which Unitholders' information is collected will depend on whether they have a financial adviser. Most, but not all, financial advisers who are authorised to do so will assist in the collection of the required information and provision of that information to the Fund's unit registry, who will perform the required checks to ensure the data meets the regulatory requirements. Unitholders are encouraged to contact their financial adviser to arrange for their information to be provided to the Fund's unit registry via the Transition Identification Form.

Where a Unitholder's financial adviser is not able to provide the required documentation, a Unitholder will need to provide their information to the Fund's unit registry via the Transition Identification Form directly. The type of information required by the Fund's unit registry depends on the Unitholder's entity type (individual, trust, company etc).

We do not anticipate that indirect investors who have invested via a platform will need to complete the Transition Identification Form or other identification documentation. These investors should confirm the requirements with their platform provider.

The Transition Identification Form must be completed to ensure uninterrupted access to monthly income distributions, the ability to apply for new Units, or withdraw existing Units in the Fund after the Fund is de-listed. Specifically, Equity Trustees will not be able to issue any new units in the Fund (including through distribution reinvestment) to that Unitholder, may suspend the payment of withdrawal proceeds if necessary to comply with applicable AML/CTF requirements and will not be able to pay future income distributions to Unitholders. Distribution payments will be held on account with the Fund's unit registry until identification documentation is received. If Equity Trustees has not received a Unitholder's identification documentation within 12 months of each distribution payment, then Equity Trustees may be required to forward these amounts to the relevant unclaimed monies authority. Unitholders can provide the documentation to Equity Trustees as requested, or if Unitholders do not wish to provide the required documents, they can seek to sell their units on market up until the last day of trading on the ASX (expected to occur on or about 10 May 2024).

Unitholders are still entitled to the Units they own in the Fund but after de-listing, the AML/CTF information must be provided in order to apply for more units or withdraw existing Units. Equity Trustees will also not permit future income distributions to be paid to Unitholders if the required information is not provided.

IF THE PROPOSAL PROCEEDS, UNITHOLDERS MUST COMPLETE A TRANSITION IDENTIFICATION FORM TO ENSURE UNINTERRUPTED ACCESS TO MONTHLY DISTRIBUTIONS, APPLY FOR NEW UNITS OR WITHDRAW EXISTING UNITS.

IF EQUITY TRUSTEES HAS NOT RECEIVED A UNITHOLDER'S IDENTIFICATION DOCUMENTATION WITHIN 12 MONTHS OF EACH DISTRIBUTION PAYMENT, THEN EQUITY TRUSTEES MAY BE REQUIRED TO FORWARD THESE AMOUNTS TO THE RELEVANT UNCLAIMED MONIES AUTHORITY.

2.9 STEPS TO IMPLEMENT THE PROPOSAL

The Responsible Entity has applied for the Fund to be removed from the ASX official list under Listing Rule 17.11 and Guidance Note 33 *Removal of Entities From the ASX Official List* and the ASX has imposed a requirement under Listing Rule 17.11 and Guidance Note 33 *Removal of Entities From the ASX Official List* that the Responsible Entity obtain approval by a special resolution of Unitholders.

In accordance with this condition, Resolution 1 seeks the required Unitholder approval of the de-listing under and for the purposes of the ASX Listing Rules subject to amendments to be made to the Fund's Constitution in Resolution 2.

Furthermore, ASX has imposed the following conditions that must be satisfied before it will act on the request for removal from the official list:

- This notice of meeting must include a statement, in form and substance satisfactory to ASX, setting out:
 - a timetable of key dates, including the time and date at which the Fund will be removed from the official list if that approval is given;
 - a statement to the effect that the removal will take place no earlier than one month after approval is granted;
 - a statement to the effect that if Unitholders wish to sell their Units on ASX, they will need to do so before the entity is removed from the official list; and if they do not, details of the processes that will exist after the Fund is removed from the official list to allow Unitholders to dispose of their holdings and how they can access those processes; and
 - to ASX's satisfaction, information prescribed in section 2.11 of ASX Guidance Note 33.

- The removal of the Fund from the official list must not take place any earlier than one month after Unitholder approval has been obtained so that Unitholders have at least that period to sell their Units on ASX should they wish to do so.
- The Fund must apply for its Units to be suspended from quotation at least two (2) business days before its proposed de-listing date.

If the Proposed Resolutions are approved:

- After the Fund has continued as a listed entity for approximately three months and not less than one month after the meeting, it is anticipated the Fund will be de-listed on or about 15 May 2024; and
- The Responsible Entity will issue a PDS for the Fund, so that applications and withdrawals can occur on an open-ended basis from the de-listing date, expected to be 15 May 2024 (noting the requirements in this Section 2).

Unitholders may sell their Units on the ASX at the prevailing market price at any time before market close on Friday 10 May 2024. Trading of Units in the Fund on the ASX will be suspended after market close on 10 May 2024 after which time you will not be able to sell your Units on market. The Fund will then be removed from the Official List of the ASX on Friday 15 May 2024.

UNITHOLDERS WHO WISH TO SELL THEIR UNITS ON THE ASX MUST DO SO BEFORE THE FUND IS REMOVED FROM THE OFFICIAL LIST.

IF UNITHOLDERS DO NOT SELL THEIR UNITS ON THE ASX BEFORE THE FUND IS REMOVED FROM THE OFFICIAL LIST, UNITHOLDERS WILL BE ABLE TO WITHDRAW THEIR INVESTMENT IN THE FUND PURSUANT TO THE PROCESS OUTLINED IN SECTION 3.4.

If the Proposed Resolutions are passed by the requisite majority, the de-listing will proceed.

The Fund's unit registry will send out new holding statements to Unitholders upon de-listing. Unitholders will be able to access details about their holding through the Fund's unit registry's website once they have received their holding statements. Investors will be able to invest and withdraw their investment in the Fund from 15 May 2024 onwards.

3. OPERATION OF THE FUND AFTER DE-LISTING

3.1 OPEN-ENDED UNIT TRUST

The Fund will remain as a registered managed investment scheme structured as a unit trust. It will not be listed on any security exchange. Each Unitholder's money is pooled together with other Unitholders' money, and the Investment Manager invests that money and manages the assets of the Fund on behalf of all scheme members in accordance with the Fund's investment strategy, and this will not change following de-listing.

The tables below provide an overview of the key features of an investment in the Fund, and how some of the Fund's features will differ after de-listing.

Withdrawal requests are generally confirmed and paid in approximately 7 Business Days, however the Fund's Constitution allows the Responsible Entity to make payment up to 21 days after acceptance of a withdrawal request (which may be extended by a further 30 days or more in certain circumstances). 3.4 APPLICATIONS & WITHDRAWALS

INITIAL INVESTMENT

You can acquire Units by completing the **Application Form** and paying the application money. The minimum initial investment in the Fund is \$25,000. The Responsible Entity is not bound to accept any application.

ADDITIONAL INVESTMENTS

You can make additional investments at any time. The minimum additional investment is \$5,000.

Additional Investment Forms will be available from Neuberger Berman's website. Completed forms should be sent to the Fund's unit registry along with your payment as per the instructions on the Additional Investment Form.

UNIT PRICES

The price of Units will vary as the market value of the assets in the Fund rises or falls. Unit prices are generally determined daily based on the NAV of the Fund, divided by the number of Units on issue in accordance with the Constitution. The Constitution of the Fund allows Unit prices to include an allowance for transaction costs (Buy/Sell Spread). In the case of an application price, the price is increased by an allowance for the estimated costs of the purchase of assets in the Fund. In the case of a withdrawal price, the price is reduced by an allowance for the estimated cost of the sale of assets in the Fund.

For an initial transition period of 12 months following de-listing, the withdrawal price will also be adjusted to include the Transition Fee.

HOW TO WITHDRAW

You may ask to withdraw part or all of your investment in the Fund at any time, subject to the minimum investment balance (\$5,000) and minimum withdrawal amount (\$5,000). Withdrawal requests are normally processed daily. Withdrawal requests must be submitted before 12.00pm on the relevant Business Day to be considered for processing that Business Day. Withdrawal proceeds are generally confirmed and paid in approximately 7 calendar days. However, the Fund's Constitution allows the Responsible Entity to make payment up to 21 days after acceptance of a withdrawal request (which may be extended by a further 30 days or more in certain circumstances).

To withdraw, in part or in full, Unitholders will need to complete a **Withdrawal Form** which is available on the Fund's website and follow the instructions in the Withdrawal Form. The minimum withdrawal amount is \$5,000 and the minimum investment balance is \$5,000. The Responsible Entity may fully withdraw your investment in the Fund if it falls below the 3,000 Unit minimum investment balance. In the event that the Fund becomes illiquid, you may not be able to withdraw your funds within the usual period upon request.

The above application and withdrawal details apply to Unitholders investing in the Fund directly. Indirect investors investing through an IDPS should refer to their IDPS Guide for application and withdrawal details.

3.5 PRODUCT DISCLOSURE STATEMENT

Should the Resolution be passed, and the Fund de-lists, a new Product Disclosure Statement (**PDS**) will be issued. This PDS will provide further information on the operation of the Fund as an open-ended unit trust and information for determining whether it is an appropriate investment option for investors.

4. ADDITIONAL INFORMATION

4.1 INVESTMENT MANAGEMENT

If the Proposed Resolutions are passed, Neuberger Berman Australia Ltd will continue to be the Investment Manager of the Fund.

As part of the Proposal, the Investment Manager will continue to manage the Fund in accordance with materially the same investment strategy and there will be no change to the investment team. Since the inception of the Fund in 2018, the Investment Manager's capabilities have continued to grow. To expand the levers at its disposal post de-listing, the Investment Manager's current intention is to incorporate leveraged loans and collateralised loan obligations into the portfolio at an aggregate allocation of less than 10%. Further detail will be provided in the Fund's Product Disclosure Statement, which is expected to be issued on 10 May 2024.

4.2 OTHER SERVICE PROVIDERS

After the Fund is removed from the official list, we intend to operate the Fund in an unlisted format with Equity Trustees Limited acting as Responsible Entity, Neuberger Berman Australia Ltd acting as Investment Manager, JPMorgan Chase Bank acting as Administrator.

4.3 REMEDIES

The Corporations Act provides for remedies that Unitholders may pursue in the event that the Proposal proceeds, and they consider it to have been contrary to the interests of Unitholders as a whole or oppressive, unfairly prejudicial or discriminatory to a Unitholder or Unitholders. Further, the Takeovers Panel may prevent the Proposal if it considers it to involve "unacceptable circumstances". Remedies that may be available include:

- Members' rights and remedies

If a Unitholder considers the Proposal to be contrary to the interests of Unitholders as a whole or oppressive to, unfairly prejudicial to, or unfairly discriminatory against a particular Unitholder or Unitholders, it may have rights to apply to the Court for an order under Part 2F.1 of the Corporations Act. This Part of the Corporations Act only explicitly applies to a company (rather than trusts such as the Fund) and so the Court may not accept such an application. If the Court accepts the application, it can make various orders under Part 2F.1 that it considers appropriate. Unitholders should obtain independent legal advice if they are considering such an application.

- Unacceptable circumstances

If a Unitholder considers the Proposal involves 'unacceptable circumstances', it may apply to the Takeovers Panel for a declaration of unacceptable circumstances. Under section 657D of the Corporations Act, if the Takeovers Panel has declared circumstances to be unacceptable, it may make an order that it thinks appropriate to protect the rights or interests of any person or group of persons, where the Takeovers Panel is satisfied that those rights or interests are being affected, or will be or are likely to be affected, by the circumstances.

VOTING ON THE RESOLUTIONS

The Proposed Resolutions will be decided on a poll. The Proposed Resolutions can only be passed if at least 75% of the votes cast by Unitholders entitled to vote either in-person or by proxy are in favour of each Proposed Resolution.

On a poll, each Unitholder has one vote for each of their Units in the Fund. You need not exercise all of your votes in the same way, nor need you cast all of your votes.

VOTING EXCLUSIONS

The Responsible Entity will disregard any votes cast by a person who is not entitled to vote because of section 253E of the Corporations Act. This section provides that the Responsible Entity, the Investment Manager, and its associates are not entitled to vote their interest on a resolution at a meeting of the Unitholders if they have an interest in the resolution or matter other than as a member.

However, this does not apply to a vote cast in favour of a resolution by:

- (a) a person as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- (b) the chair of the Meeting as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with a direction given to the chair to vote on the resolution as the chair decides; or
- (c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - i. the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - ii. the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

HOW TO VOTE

Entitlement to Vote

The Responsible Entity has determined that, for the purposes of the Meeting, Units in the Fund will be taken to be held by Unitholders who are the registered holders at a time not more than 48 hours prior to the commencement of the Meeting, being 3:00pm on 5 February 2024.

Accordingly, transfers registered after that time will be disregarded in determining entitlements to attend and vote at the Meeting.

If your Units in the Fund are jointly held, only one of the joint holders is entitled to vote. If more than one holder votes in respect of jointly held Units, only the vote of the person named first in the register of Unitholders counts.

Any Unitholder entitled to participate and vote at the Meeting is entitled to appoint not more than two proxies to participate and vote in their stead.

A proxy need not be a Unitholder of the Fund. If a Unitholder appoints two proxies, that Unitholder may specify the proportion or number of votes each proxy is entitled to exercise. If no proportion or number of votes is specified, each proxy may exercise half of the votes. If the specified proportion or number of votes exceeds that which a Unitholder is entitled to, each proxy may exercise half of that Unitholder's votes. Attorneys

Any Unitholder entitled to participate and vote at the Meeting is entitled to appoint an attorney to participate and vote in their stead.

An attorney need not be a Unitholder of the Fund.

The power of attorney appointing the attorney must be duly signed and specify the name of each of the Unitholder, the Fund, and the attorney, and also specify the Meetings at which the appointment may be used. The appointment may be a standing one. To be effective, the power of attorney must also be returned in the same manner (other than online), and by the same time, as outlined above for the Proxy Form.

The Chair Acting as proxy

The chair of the Meeting is deemed to be appointed as a Unitholder's proxy where a Proxy Form is returned which does not contain the name of the proxy or where the person appointed on the form is absent from the Meeting.

For proxies without voting instructions that are exercisable by the chair, the chair intends to vote undirected proxies in favour of the resolution.

CHAIR

In accordance with section 252S(1) of the Corporations Act and clause 20.7 of the Fund's constitution, the Responsible Entity intends to nominate Mr Alan Darwin of Baker McKenzie, to act as chair of the Meeting, but may appoint another person if he is unable to attend the Meeting for any reason.
