Explanation of Revenue *(Appendix 4D item 2.6)*

Total revenue for the half-year, including discontinued operations, increased to \$1,606.4 million (2022: \$1,504.9 million). The incremental change of \$101.5 million was driven by margin income which contributed \$86.7 million and underlying client fee growth of \$57.2 million. This was partially offset by the sale of the Kurtzman Carson Consultants (KCC) business in May 2023, which generated \$56.6 million in total revenue in the prior period.

Key business movements, excluding margin income, were as follows:

- Issuer Services revenues increased \$16.3 million, reflecting improvement across Corporate Actions, Registry Maintenance and Stakeholder Relationship Management.
- Global Corporate Trust improved marginally, by \$0.6 million. CCT saw a decline in fee revenue following the cessation of GNMA document custody activities, whilst the legacy corporate trust business increased revenues due to higher transactional volumes.
- Employee Share Plans revenues increased \$35 million due to higher trading activity and increased core client fees.
- Mortgage Services revenues in the US decreased \$9.2 million due to lower transaction volumes in the Recovery and Fulfillment business lines, partially offset by growth in the servicing portfolio. In the UK, revenues were higher by \$3 million primarily due to favourable foreign exchange movements. Underlying revenue was down due to legacy book run-off.
- The decline in Business Services (refer to note 3 for segment note) reflects the disposal of KCC which was sold in May 2023. However, this is somewhat offset by Transitional Services Agreement (TSA) revenue we have received and is reflected under Business Support. The TSA is expected to cease in May 2024. KCC contributed \$42.4 million of revenue excluding margin income in the prior comparative period.

Margin income was up \$86.7 million on average client balances of \$28.8 billion including discontinued operations, primarily driven by a rising rate environment across all jurisdictions. Excluding discontinued operations, margin income was up \$74 million on average balances of \$26.9 billion. Average balances were down \$8.3 billion due to the sale of the KCC business, a decline in new bond issuance due to

increased interest rate volatility and cyclically low asset origination and a run-off of Special Purpose Acquisition Company (SPAC) balances.

A weaker Australian dollar and Canadian dollar relative to the corresponding period decreased the translated USD revenue contribution from those regions, whilst a stronger British pound relative to the prior period increased the translated USD revenue contribution from those regions.

Explanation of Profit/(loss) from ordinary activities after tax *(Appendix 4D item 2.6)*

Net statutory profit after tax from continuing operations attributable to members was \$229.2 million, an increase of 11.4% over the corresponding period. Net statutory loss after tax from discontinued operations attributable to members was \$124.0 million, an increase of 332%, reflecting the impairment charge in relation to US Mortgage Services ("US MS") recorded in the current reporting period.

Revenue was higher than the corresponding period, primarily due to growth in Employee Share Plans and Issuer Services fee revenues, in addition to higher margin income across all business lines. The Group also benefitted from higher interest income on its own cash balances due to rising interest rates.

Total expenses were up \$192 million, principally due to an impairment charge related to US MS. CCT integration costs were up \$24 million and there was an increase in costs related to our other restructuring programmes. Underlying operating expenses also increased, driven by general inflation. Borrowing costs were higher from increased interest rates. Amortisation expense reduced by \$43.7 million due to an increase in the useful life for performing mortgage servicing rights (MSRs) from 8 to 9 years, combined with the cessation of the charge for US MS from October 2023 onwards as the assets were classified as held for sale from that date. The prior year included an asset impairment charge for UK Mortgage Services and costs associated with the now disposed business, KCC.

The Group's effective tax rate from continuing operations at 28.4% was lower than 1H23's rate of 32.2%, primarily driven by \$2.3 million reduction in Canadian withholding tax on internal dividends which is not creditable. The Group's effective tax rate from discontinued operations at 17.7% was lower than 1H23's rate of 29.0%, driven by a permanent difference relating to the US MS impairment.

Explanation of Net Profit/(loss) *(Appendix 4D item 2.6)*

Please refer above.

Explanation of Dividends *(Appendix 4D item 2.6)*

The Company has announced an interim dividend for the current financial year of AU 40 cents per share. This dividend is franked to 20%.

COMPUTERSHARE LIMITED AND ITS CONTROLLED ENTITIES DIRECTOR'S REPORT

The Board of Directors of Computershare Limited (the Company) present their report in respect of the financial half-year ended 31 December 2023.

DIRECTORS

The names of the directors of the Company in office during the whole of the half-year and up to the date of this report, unless otherwise indicated, are:

Non-executive

Paul Joseph Reynolds (Chairman)

Abigail Pip Cleland

Tiffany Lee Fuller

Lisa Mary Gay

John Nendick

Joseph Mark Velli

Executive

Stuart James Irving (President and Chief Executive Officer)

PRINCIPAL ACTIVITIES

The principal activities of the consolidated entity during the course of the half-year were the operation of Issuer Services, Global Corporate Trust, Employee Share Plans & Voucher Services, Communication Services & Utilities, Mortgage Services & Property Rental Services, Business Services and Technology Services & Operations¹:

- The Issuer Services operations comprise register maintenance, corporate actions, stakeholder relationship management and corporate governance and related services.
- The Global Corporate Trust operations comprises trust and agency services in connection with the administration of debt securities in the US and the legacy corporate trust operations in Canada and the US.
- The Employee Share Plans & Voucher Services operations comprise the provision of administration and related services for employee share and option plans, together with Childcare Voucher administration in the UK.
- The Mortgage Services & Property Rental Services operations comprise mortgage servicing and related activities, together with tenancy deposit protection services in the UK.
- The Communication Services and Utilities operations comprise document composition and printing, intelligent mailing, inbound process automation, scanning and electronic delivery.
- The Business Services operations comprise the claims administration business in the prior comparative period. These operations ceased with the sale of KCC business.
- Technology Services & Operations includes the provision of software specialising in share registry, financial services and operations as well as the provision of the KCC business transitional services agreement².

Computershare has a range of regulated businesses around the world, including transfer agencies, licensed dealers, corporate trusts and mortgage servicers.

REVIEW OF OPERATIONS

The Group recorded a profit before tax of \$169.5 million for the period. This comprised of a profit before tax of \$320.3 million in continuing operations (2022: \$303.8 million), an increase of 5.4%. This was offset by a loss of (\$150.8 million) in discontinued operations for the half-year ended 31 December 2023.

Total revenue increased to \$1,606.4 million comprising \$1,408.8 million in continuing operations and \$197.6 million in discontinued operations (2022: \$1,504.9 million, comprising \$1,315.4 million in continuing operations

¹ Refer to Note 3 Segment Information, which outlines changes to operating segments.

² KCC business was disposed on 1 May 2023.

and \$189.5 million in discontinued operations). Margin income was \$85.7 million higher due to higher interest rates, comprised of \$73 million in continuing operations and \$12.7 million in discontinued operations.

Issuer Services revenues excluding margin income were higher than prior period, reflecting higher event-based revenues in Corporate Actions (despite the slower environment for M&A), Stakeholder Relationship Management as well as increased transactional volumes in Registry supported by strong client retention. Governance Services revenue was marginally up.

Global Corporate Trust revenue excluding margin income (MI) was marginally up whilst EBIT ex MI was down reflecting higher full-time employees (FTEs) and associated costs, in addition to costs incurred in 1H24 as the business transitioned off the TSA.

Employee Share Plans revenue excluding margin income increased reflecting increased trading activity across all key markets driven by less volatile equity markets as well as increased core client fees as an ongoing benefit of the EquatePlus offering, where implemented in EMEA and Australia.

US MS revenues excluding margin income were lower than the prior period. Lower transaction volumes in the Recovery and Fulfillment business lines were partially offset by growth in the servicing portfolio. Costs were favourable due to benefits recognised from our cost out programme implemented in 1H23, in addition to a change in MSR estimated useful life from 8 to 9 years from 1 January 2023.

The reduction in Business Services revenues reflects the disposal of KCC in May 2023.

Total expenses were \$1,442.1 million comprising \$1,089.7 million in continuing operations and \$352.4 million in discontinued operations (2022: \$1,250.1 million, comprising \$1,012.4 million in continuing operations and \$237.7 million in discontinued operations). This was an increase of \$192 million on the prior comparative period, impacted materially by an impairment charge for US MS. All segments were impacted by general cost inflation, including global wage inflation and vendor contract increases, which contributed to the EBIT ex MI deterioration vs 1H23. This is partially offset by lower amortisation, which reflects the increase in MSR estimated useful life for US MS.

Operating cash flows increased by \$148.7 million to \$322.2 million (2022: \$173.5 million) compared to the corresponding period. Excluding the impact of loan servicing advances, operating cash flows increased by \$122.4 million compared to 1H23 due mainly to higher management profit and favourable working capital movements.

CONSOLIDATED PROFIT

The profit of the consolidated entity for the half-year was \$105.2 million (2022: \$177.1 million) after deducting income tax and non-controlling interests, comprised of \$229.2 million in continuing operations, offset by a loss of (\$124 million) in discontinued operations.

DIVIDENDS

The following dividends of the consolidated entity have been paid, determined or recommended since the end of the preceding financial year:

Ordinary shares

- A final dividend in respect of the year ended 30 June 2023 was determined on 15 August 2023 by the directors of the Company and paid on 18 September 2023. This was an ordinary unfranked dividend of AU 40 cents per share.
- An interim dividend was determined by the directors of the Company in respect of the current financial year, to be paid on 20 March 2024. This is an ordinary dividend of AU 40 cents per share, franked to 20% amounting to AUD 238,527,391 based on shares on issue as at 13 February 2024. The dividend was not determined to be paid until 13 February 2024 and accordingly no provision has been recognised at 31 December 2023.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2023

1. BASIS OF PREPARATION

The interim financial report for the half-year reporting period ended 31 December 2023 includes the condensed financial statements for the consolidated entity consisting of Computershare Limited and its controlled entities, referred to collectively as the "consolidated entity", "the Group" or "Computershare".

The interim financial report is a general purpose financial report prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. The interim financial report also complies with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB), including IAS 34 *Interim Financial Reporting*.

The interim financial report does not include all the notes of the type normally included in annual financial statements. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by Computershare Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001* and the Australian Securities Exchange listing rules.

Where necessary, comparative figures have been adjusted to comply with the changes in presentation in the current period.

The accounting policies adopted are materially consistent with those of the previous financial year and the corresponding interim reporting period.

Refer to Note 8 for material judgements used in impairment of US MS regarding the allocation of impairment to goodwill and intangibles.

Assets held for sale and discontinued operations

Assets held for sale are recognised at the lower of their carrying amount or fair value less cost of disposal. The fair value less cost of disposal is based on the signed agreement with a third party and any anticipated costs of disposal (Refer to Note 8 for details).

Management Adjustment Items

Management adjustment items net of tax for the half-year ended 31 December 2023 were as follows:

Amortisation

- Customer relationships and most of other intangible assets that are recognised on business combinations or major asset acquisitions are amortised over their useful life in the statutory results but excluded from management earnings. Amortisation of these intangibles in the half-year ended 31 December 2023 was \$34.5 million. Amortisation of MSRs, certain acquired software as well as intangibles purchased outside of business combinations is included as a charge against management earnings.¹

Acquisitions and disposals

- Acquisition-related integration expenses are associated mainly with the integration of the Corporate Trust business (\$39.8 million) and the ongoing integration of Equatex including a rollout of the previously acquired software (\$13.1 million).
- Disposal-related expenses associated mainly with the sale of the US MS business resulted in a net loss of \$3.6 million.
- Finalisation of disposal accounting for the prior period's sale of the KCC business resulted in a net loss of \$2.9 million.

¹ Amortisation of MSRs for US MS business ceased at the time that the business was determined to be held for sale (refer to Note 8).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2023

Other

- Costs of \$14.7 million were incurred in respect of major restructuring programmes spanning several years such as the Finance and People transformation, US and UK mortgage services cost-out programmes and continued property rationalisation.
- Revaluation of derivatives that have not received hedge designation, or the ineffective portion of derivatives in hedge relationships is taken to profit or loss in the statutory results. The impact in the current reporting period was a loss of \$0.1 million.
- An after-tax loss of \$116.4 million was recognised in the reporting period in relation to US MS, which is now classified as a discontinued operation (refer to Note 8(b)). This was an impairment charge resulting from the re-measurement of this business to estimated fair value less cost to dispose (\$131.6 million) net of the associated amortisation adjustment of \$15.2 million.

For the half-year ended 31 December 2022 management adjustment items include the following:

3. SEGMENT INFORMATION

In accordance with AASB 8 *Operating Segments*, the Group has identified its operating segments to be the following global business lines:

- a) Issuer Services
- b) Global Corporate Trust
- c) Employee Share Plans & Voucher Services
- d) Mortgage Services & Property Rental Services
- e) Communication Services & Utilities
- f) Business Services
- g) Technology Services & Operations

Issuer Services comprise register maintenance, corporate actions, stakeholder relationship management and corporate governance and related services. Global Corporate Trust comprises trust and agency services in connection with the administration of debt securities in the US and the legacy corporate trust operations in Canada and the US. Employee Share Plans & Voucher Services comprise the provision of administration and related services for employee share and option plans, together with Childcare Voucher administration in the UK.

Mortgage Services & Property Rental Services comprise mortgage servicing and related activities, together with tenancy deposit protection services in the UK. Communication Services and Utilities operations comprise document composition and printing, intelligent mailing, inbound process automation, scanning and electronic delivery. Business Services comprise the claims administration business, which ceased operating on disposal of the KCC business in the prior period. Technology Services & Operations includes the provision of software specialising in share registry, financial services, operations and shared services functions as well as the provision of the KCC business transitional services agreement.

The operating segments presented reflect the manner in which the Group is internally managed and the financial information reported to the chief operating decision maker (CEO). The Group has determined the operating segments based on the reports reviewed by the CEO that are used to make strategic decisions and assess performance. The key segment performance measure is based on management adjusted earnings before interest and tax (management adjusted EBIT).

For information on discontinued operations please refer to Note 8 for details.

From 1 July 2023, the following changes were made to the operating segments, which reflect the manner in which the Group is internally-managed and the financial information is reported to the chief operating decision-maker:

- The legacy 'Corporate Trust' business (previously included within 'Business Services') has been consolidated into the 'Global Corporate Trust' segment.
- Operations has been moved from 'Issuer Services' into 'Technology', and this segment has been renamed to 'Technology Services & Operations'.
- The provision of the KCC Business transitional services agreement has moved into 'Technology Services & Operations' (previously included within "Business Services").
- Intersegment Revenue is comprised of activity between operating segments, where the underlying nature of such activity is external revenue. This excludes activity within an operating segment.

The comparative disclosures have been adjusted to align with this new reporting structure.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2023

Segment revenue

The revenue reported to the CEO is measured in a manner consistent with that of the statement of comprehensive income. Intersegment revenue is comprised of activity between operating segments, where the underlying nature of such activity is external revenue. This excludes activity within an operating segment. Sales between segments are at normal commercial rates and are eliminated on consolidation.

Segment revenue reconciles to total revenue from continuing operations as follows:

	Half-year	
	2023	2022
	\$000	\$000
Total operating segment revenue and other income from continuing and discontinued operations	1,682,633	1,577,424

Management adjusted EBIT

Management adjusted results are used, along with other measures, to assess operating business performance. The Group believes that exclusion of certain items permits a better analysis of the Group's performance on a comparative basis and provides a better measure of underlying operating performance.

A reconciliation of management adjusted EBIT to operating profit before income tax is provided as follows:

8. DISCONTINUED OPERATIONS

a) Outline

On 3 October 2023, the Group entered into an agreement to sell its US MS business for an estimated consideration of \$784 million. The final consideration is subject to any pre-completion dividends, certain purchase price adjustments at transaction closing and customary completion accounts to reflect asset movements between 3 October 2023 and transaction closing.

The disposal remains subject to customary closing conditions including regulatory approvals with completion expected to take place in the third quarter of FY24. As the sale is considered to be highly probable to be completed within the next 12 months, the associated assets and liabilities are classified as held for sale at 31 December 2023. US MS is reported in the current period as a discontinued operation. Financial information relating to the discontinued operation for the period is set out below:

As the assets were required to be recognised at the lower of their carrying amount and estimated fair value less costs of disposal, an impairment charge of \$131.6 million after tax (\$164.3 million pre-tax) was incurred to write off goodwill attributable to US MS, MSRs and other intangibles (Note 2).

A relative fair value calculation was used in determining the allocation of goodwill to businesses within the Mortgage Services & Property Rental Services segment as at 31 December 2023, and all goodwill allocated to US MS was subsequently impaired (\$108.7 million pre-tax). The remaining impairment charge of \$55.6 million pre-tax was allocated to other intangible assets, which are primarily made up of MSRs.

10. FAIR VALUE MEASUREMENTS

The fair value of financial assets and liabilities must be estimated for recognition and measurement or for disclosure purposes. The measurement hierarchy used is as follows:

Level 1: The fair value of financial instruments traded in active markets is based on quoted market prices at the end of the reporting period for identical assets and liabilities. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at the end of each reporting period. This includes inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices). If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Such instruments include derivative financial instruments and the portion of borrowings included in the fair value hedge.

Specific valuation techniques used to value financial instruments are as follows:

- a) Quoted market prices or dealer quotes are used for similar instruments.
- b) The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves.
- c) The fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- d) The fair value of cross currency swaps is a combination of the fair value of forward foreign exchange contracts determined using forward exchange rates at the balance sheet date (for the final principal exchange) and the use of quoted market prices or dealer quotes for similar instruments (for the basis valuation).
- e) The fair value of interest rate swaptions is calculated using the Black-Scholes formula and quoted market prices.

Level 3: Valuation methodology of the asset or liability uses inputs that are not based on observable market data (unobservable inputs). This is the case of investments in unconsolidated structured entities, which are included in financial assets at fair value through profit or loss and deferred consideration arising from business combinations.

The amount of contingent consideration recognised on business combinations is typically referenced to revenue or EBITDA targets. The Group estimates the fair value of the expected future payments based on the terms of each earn-out agreement and management's knowledge of the business taking into account the likely impact of the current economic environment. Contingent consideration amounts are re-measured every reporting period based on most recent projections. Gains or losses arising from changes in fair value are recognised in profit or loss in the period in which they arise.

The fair value of the investment in structured entities is determined by reference to the interest in net assets of these entities, which approximate their fair values. As profits are realised and dividends are paid to investors, the net assets of these entities decrease and so does the fair value of the Group's investment.

The following tables present the Group's financial assets and liabilities measured and recognised at fair value at 31 December 2023. The comparative figures are also presented below.

(a) On 15 August 2023 Computershare Limited announced an on-market buy-back of ordinary shares. The on-market buy-back commenced on 4 September 2023 and is expected to end on 3 September 2024.

The buy-back is for capital management purposes and Computershare reserves the right to vary, suspend or terminate the buy-back at any time. Computershare Limited plans to buy-back its fully paid ordinary shares up to a maximum aggregate value of AUD 750 million. (As at 31 December 2023: AUD 136.2 million)

12. CONTINGENT LIABILITIES

Legal and regulatory matters

Regulatory, tax and commercial claims have been made against the consolidated entity in various countries in the normal course of business. An inherent difficulty in predicting the outcome of such matters exists and they may take some time to resolve. Based on current knowledge of the Group, an appropriate liability is recognised on the consolidated balance sheet if future cash outflows are considered probable with regard to such claims. The status of the claims is monitored by management on an ongoing basis, together with the adequacy of any provisions recorded in the Group's financial statements.

Guarantees, indemnities and other contingent liabilities

There have been no material changes to guarantees, indemnities and other contingent liabilities since the last reporting date other than an increase of \$50 million to the USD Syndicated Facility Agreement executed on 30 June 2020 to \$550 million, which was refinanced in November 2023.

13. COMMITMENTS

There have been no material changes to commitments since the last reporting date.

14. SIGNIFICANT EVENTS AFTER BALANCE SHEET DATE

No matter or circumstance has arisen since the reporting date which is not otherwise reflected in this report that has significantly affected or may significantly affect the operations of the consolidated entity.

Independent auditor's review report to the members of Computershare Limited

Report on the half-year financial report

Conclusion

We have reviewed the half-year financial report of Computershare Limited (the Company) and the entities it controlled during the half-year (together the Group), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of changes in equity, consolidated cash flow statement and consolidated statement of profit or loss and other comprehensive income for the half-year ended on that date, selected explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Computershare Limited does not comply with the *Corporations Act 2001* including:

1. giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the directors for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error. In note 1, the directors also state that the consolidated financial statements comply with ISA 34 *Interim Financial Reporting* as issued by the International Accounting Standards Board.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards

and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
