Explanation of Revenue

Investment income for the half-year decreased to \$6,472,259 (HY23: \$19,678,549). This decrease was primarily due to lower unrealised gain on the portfolio recognised during the half-year \$4,926,147 (HY23: \$15,613,178) due to unfavorable movement in the market values of the underlying securities held within the portfolios. The net realised loss on disposal of securities for the half year was \$1,634,249 (HY23: \$381,033).

Dividends, trust distributions, and interest income decreased by 28% to \$3,180,361 from \$4,446,404 in HY23.

Explanation of Net Profit to members

Profit after tax attributable to members was \$3,668,581 (HY23: \$12,318,034). This result was primarily due to lower dividend and trust distributions received, and lower net unrealised gains during the current half-year.

Total operating expenses during the half-year decreased to \$1,383,754 (HY23: \$2,821,498). This was mainly due to performance fees of \$1,549,940 paid during HY23 and no performance fee paid during HY24.

Principal activities

The principal activity of the Company during the financial period was investing in domestic securities and unlisted unit trusts.

There were no significant changes in these activities during the current financial period.

Review of Operations

The Company recorded an after tax profit of \$3,668,581 for the half-year ended 31 December 2023 compared to an after tax profit of \$12,318,034 for the half-year ended 31 December 2022. This result was primarily due to a decrease in investment revenue.

Investment revenue amounted to \$6,472,259 compared to \$19,678,549 in the corresponding comparable period. This included \$4,926,147 unrealised gain on the investments (31 December 2022: \$15,613,178), offset by a realised loss on investments of \$1,634,249 (31 December 2022: \$381,033) and dividend revenue of \$3,180,361 (31 December 2022: \$4,446,404).

The Company has continued payment of quarterly dividends to its ordinary shareholders. Dividends declared during the period totalled \$3,934,782 (31 December 2022: \$3,622,684).

As at 31 December 2023, the Company has Net Tangible Assets (NTA) of \$0.84 per share (pre-tax and cum-dividend) (30 June 2023: \$0.86) and \$0.84 per share (post-tax and cum-dividend) (30 June 2023: \$0.85).

Significant changes in the state of affairs

On 4 October 2023, the Company announced the successful completion of its share purchase plan (SPP) that raised \$4.5 million from eligible shareholders at an issue price of \$0.81 per share.

There were no other significant changes in the state of affairs of the Company during the financial period.

Events subsequent to reporting date

On 25 January 2024, a fully franked dividend for the quarter ended 31 December 2023 of 1.35 cents per share was paid on ordinary shares which had been recorded as a dividend payable at reporting date.

No other significant events have occurred since the reporting date which would impact on the financial position of the Company disclosed in the Statement of Financial Position as at 31 December 2023 or on the results and cash flows of the Company for the half-year ended on that date.

Rounding off of amounts

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts in the directors' report have been rounded to the nearest dollar, unless otherwise stated.

Auditor's independence declaration

A copy of the Auditor's Independence Declaration as required under section 307C of the *Corporations Act 2001* is set out on page 7.

NOTE 1**(a) Basis of accounting**

These interim financial statements are general purpose financial statements prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34 *Interim Financial Reporting*.

The interim financial statements are prepared in accordance with the historical cost convention with the exception of the valuation of investments described in Note 2 below.

These interim financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide full understanding of the financial performance, financial position and financing and investing activities of the Company as the annual financial statements. Accordingly, these interim financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2023 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current.

Details of reporting period

The current reporting period is the half-year ended 31 December 2023. For the Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows, the previous corresponding period is the half-year ended 31 December 2022. For the Statement of Financial Position, the previous corresponding period is 30 June 2023.

The interim financial report was authorised for issue on 27 February 2024.

New or amended Accounting Standards and Interpretations effective during the period

The Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

(b) Accounting policies

The accounting policies applied in these interim financial statements have been applied consistently throughout the period.

The accounting policies in these interim financial statements are the same as those applied in the Company's financial statements as at and for the year ended 30 June 2023.

(c) Rounding off of amounts

In accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, the amounts in the Directors' report and in the financial report have been rounded to the nearest dollar, unless otherwise stated.

NOTE 2**Fair Value Measurement**

The Company measures and recognises financial assets and liabilities at fair value through profit or loss on a recurring basis.

The Company has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (Level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

NOTE 2

Fair Value Measurement (continued)

(a) Fair value in an active market (Level 1)

The fair value of financial assets and liabilities traded in active markets (such as listed equity securities) are based on quoted market prices at the close of trading at the end of the reporting period without any deduction for estimated future selling costs.

The Company values its investments in accordance with the accounting policies set out in Note 1 of the annual report. For the majority of its investments, the Company relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets held by the Company is the closing quoted last price at the end of the reporting period.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

(b) Fair value in an inactive or unquoted market (Level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions and reference to the current fair value of a substantially similar other instrument. Refer to Note 2(f) for further details.

NOTE 2

Fair Value Measurement (continued)

(c) Recognised fair value measurements

The table below presents the Company's financial assets and liabilities measured and recognised at fair value as at 31 December 2023.

At 31 December 2023	Level 1 \$	Level 2 \$	Level 3 \$	Total \$

Total financial assets at fair value through profit or loss	125,214,676	-	15,509,416	140,724,092

(d) Transfer between Levels

Management's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels in the fair value hierarchy at the end of the reporting period (30 June 2023: nil).

NOTE 2

Fair Value Measurement (continued)

(e) Reconciliation of recurring Level 3 fair value movements

	Level 3 Unlisted unit trusts \$
Opening balance - 1 July 2023	15,509,416
Sales	(687,500)
Total losses recognised in profit or loss	(1,929,741)

\$1,929,741 of the total losses recognised in profit or loss in respect to level 3 fair value remeasurements are unrealised as they are attributable to assets held at the end of the reporting period.

(f) Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in Level 3 fair value measurements. See (a) and (b) above for the valuation techniques adopted.

Description	Fair Value \$	Unobservable inputs	Range of inputs (probability - weighted average)	Relationships of unobservable inputs to fair value
As at 31 December 2023		Reported net asset value by the respective investment managers of the underlying unlisted unit trusts	N/A	Direct
Unlisted unit trusts	12,892,175			
As at 30 June 2023		Reported net asset value by the respective investment managers of the underlying unlisted unit trusts	N/A	Direct
Unlisted unit trusts	15,509,416			

NOTE 2

Fair Value Measurement (continued)

(g) Valuation processes used for Level 3 fair value measurements

The Company's unlisted unit trust investments are typically unlisted syndicated investments with a medium-term investment horizon. The value of investment was initially recorded at cost / acquisition price. The Manager of these unlisted funds issues periodic updates (quarterly or half yearly) to communicate the performance of underlying assets, summary financial information and periodically, independent valuation of the trust's underlying assets. An independent external valuation is generally done annually and communicated to the investors through the regular fund update.

The Company reviews these updates and will reflect the investment valuation based on the independent valuation if and when it changes. As observable prices are not available for these securities, the Company has relied on valuations provided by managers of the underlying funds, based on the net asset value per unit reported by those trusts, in order to derive the fair value of the units.

Summarised sensitivity analysis

The following table summarises the sensitivity of the Company's operating profit and equity to other price risk. The reasonably possible movements in the risk variables have been determined based on management's best estimate, having regard to a number of factors, historical correlation of the Company's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in the performance of the securities in which the Company invests. As a result, historic variations in risk variables are not a definitive indicator of future variations in the risk variables.

	Price Risk	
	Impact on profit or loss/equity	
	-10%	+10%
31 December 2023	(14,925,347)	14,925,347
30 June 2023	(14,072,409)	14,072,409

(h) Fair value of financial instruments not carried at fair value

Receivables and payables are carried at amortised cost when the time value of money is material, otherwise they are carried at their nominal amounts. Due to their short-term natures, the carrying amounts of receivables and payables approximate their fair values.

Fair value of the convertible notes as at 31 December 2023 amounting to \$33,966,409 (30 June 2023: \$34,420,739) was determined by reference to published price quotation \$0.974 (30 June 2023: \$0.971) on convertible note ticker ASX:CAMG as at 31 December 2023.

NOTE 3

**Independent Auditor's Review Report
To the Members of Clime Capital Limited
ABN 99 106 282 777**

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Clime Capital Limited ("the Company") which comprises the interim statement of financial position as at 31 December 2023, the interim statement of profit or loss and other comprehensive income, interim statement of changes in equity and interim statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other explanatory information, and the Directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Clime Capital Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Company's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the Auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the Directors of the Company, would be in the same terms if given to the Directors as at the time of this Auditor's review report.

Responsibility of the Directors for the Financial Report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2023 and its performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
