### About Jumbo Interactive

Jumbo is a digital lottery specialist, providing our proprietary lottery software platforms and lottery management expertise to the charity and government lottery sectors in Australia and globally. Our mission is to *create positive social impact through making lotteries easier* and our vision is to become the *number one choice in digital lottery and services* around the world.

Jumbo was founded by CEO Mike Veverka in 1995 with a single computer. Since then, it has matured into a leading digital lottery retailer and lottery software provider with over 250 employees across Australasia, the United Kingdom (UK) and Canada. In FY23, Jumbo helped raise over \$230m for good causes for our charity partners. Jumbo was listed on the ASX in 1999.

Serviceable Available Market<sup>2</sup>

1. Jumbo is an authorised reseller of lottery tickets via Reseller Agreements with The Lottery Corporation (TLC). In August 2020, Jumbo extended its long running Reseller Agreements for a further 10 years to August 2030. The Reseller Agreements do not cover the states of Queensland (due to small business restrictions limiting lottery agencies to businesses that employ less than 50 FTE) and Western Australia (where Jumbo has entered into a SaaS agreement to provide our proprietary lottery software platform and services for up to 10 years). The trademarks are licensed to applicable members of the Jumbo Group under the Reseller Agreements with TLC.

2. Reflects the portion of the market that can be acquired based on our existing business model, including existing product set and capabilities – please refer to Jumbo's FY23 Results Investor Presentation for further detail. Note, Lottery Retailing Serviceable Available Market has been updated to reflect 1H24 Australian lottery digital penetration.

# Emerging Managed Services segment

Revenue (A\$M)

1. Assumes 12-month contribution from StarVale which completed on 1 Nov 2022.

Significant long term growth opportunity

# Our blueprint for acquisitions

Our M&A strategy seeks to enhance the existing portfolio by acquiring new businesses that enable access to new markets, complementary capabilities and propositions, and to build operating scale.

## Strategic rationale

- 1 Access to new regions, sectors and verticals
- 2 Develop complementary capabilities and revenue generating propositions
- 3 Consolidate position in market and build for operating scale

## Business criteria

Established business with proven track record of performance

Significant growth runway by leveraging Jumbo core IP (technology and lottery expertise)

High calibre team and expertise (typically founder-led)

Strong compliance, risk management and governance (incl. player welfare)

## Financial criteria

Operating at scale, generates EBITDA  $\geq$  A\$3m per annum

Typically 5 – 7x EBITDA multiple<sup>1</sup>

EPS accretion (typically in first year)

Attractive financial profile (EBITDA margin, ROIC<sup>2</sup>)

1. EBITDA multiple higher than 5 – 7x EBITDA may be considered should the acquisition deliver key strategic or transformational capabilities.  
2. Return on invested capital.

# FY24 Outlook **Reaffirmed**

## Lottery Retailing<sup>1</sup>

- Marketing costs expected to be in the range of **1.5% to 2.0% of TTV** (FY23: 1.3%), dependent on jackpots
- Final step up in TLC **service fee<sup>2</sup> to 4.65%** of subscription price of tickets (FY23: 3.5%)
- **Improved revenue margin** following portfolio pricing changes announced in May 2023 (FY23: 20.3%)

## Acquisitions (Gatherwell + Stride + StarVale<sup>3</sup>)

- **Mid-to-high single digit** revenue growth
- **Modest investment** to optimise governance, seed Jumbo culture and drive future growth

## Group (excluding impact of incentives<sup>5</sup>)

- Underlying **operating cost growth to grow at a slower pace** than revenue on a like-for-like basis<sup>4</sup>
- Underlying EBITDA margin expected to be in **a range of 48% to 50%<sup>2</sup>** (FY23: 50.1%)

## Capital

- Strong free cash flow generation with **~100% cash conversion** expected
- Targeted **dividend payout ratio of 65% to 85%** of statutory NPAT
- **Strong M&A pipeline** supported by balance sheet strength and debt headroom
- On-market share buy-back<sup>6</sup> of **up to \$25m** expected to continue into FY24; provides capital flexibility

1. Jackpots remain a significant driver of Lottery Retailing ticket sales (and revenue) and in any given year there is uncertainty as to the exact number and aggregate value of large jackpots.  
 2. Pursuant to the Reseller Agreements with TLC dated 25 August 2020, a 'stepped-up' service fee is payable in the subscription cost of the tickets purchased at 1.5% FY21, 2.5% FY22, 3.5% FY23, and 4.65% FY24 and thereafter. If the subscriptions exceed \$400m in any applicable financial year, then a service of 4.65% applies to the excess amount.  
 3. StarVale completed on 1 November 2022.  
 4. Weighted average revenue growth of Gatherwell, Stride and StarVale in local currency.  
 5. Excludes the impact of short-term incentives and Share-based Payments (SBP). FY23 benefitted from significantly lower short-term incentive payments due to underlying NPAT growth being below the required hurdle rate.  
 6. On-market share buy-back of up to \$25m conducted on an opportunistic basis and commenced in September 2022. The timing and number of shares to be purchased has and continues to depend on the prevailing share price and alternative capital deployment opportunities. Jumbo reserves the right to vary, suspend or terminate the share buy-back program at any time. As at 31 December 2023, \$3.2m shares have been purchased at an average price of \$12.74.
