Raiz is advancing its operations by harnessing the power of Generative AI tools to enable efficient and intelligent scaling. Our multi-phase initiatives are revolutionising our internal marketing

capabilities, resulting in stronger client acquisition as these strategies are deployed. By leveraging Generative AI, Raiz is poised to significantly enhance operational efficiency.

We expect a higher number of customer conversions over the next six months as a result of these new initiatives and channels, together with the SWM campaign weighted towards the second half of the AFL/AFLW season, including the Grand Final. The SWM marketing campaigns utilise advertising credit and constitute a non-cash expense.

Product innovation

Raiz remains committed to ongoing product innovation to ensure the product suite evolves in response to the dynamic needs and preferences of our target customers. Specific initiatives include:

- **Open Banking:** This quarter Open Banking (Consumer Data Right) was introduced in the app, providing customers greater control over their financial data. This enhancement allows new bank accounts to be linked, making it easier and safer for customers to share their data with Raiz, ultimately improving the customer experience.
- **Plus Portfolios into Super offering:** In July 2024, we launched the Plus Portfolio in the Raiz Invest Super offering, allowing Super customers to customise their Super portfolios with Plus Portfolio, a feature that has been requested by our members.
- **Expanded Plus investment choices:** expanding the Raiz Plus investment options to 150 in July 2024.
- **Refreshed and automated Raiz Rewards offering:** Automatic Rewards is now live with 15 merchants allowing rewards to be automatically tracked and invested if the transaction account is linked to Raiz. We have seen over 4,700 eligible rewards tracked within the first 25 days.

Focus on core Australian business

Raiz has exited operations in Indonesia and is in the process to divest its operations in Malaysia, in order to focus on the growth potential in the core Australian business.

Raiz launches Investor Hub

Raiz is pleased to announce the launch of Investor Hub, an interactive platform designed to maximise engagement and increase communication with our existing shareholders and potential new investors including a Q&A facility.

Raiz will regularly upload new content to Investor Hub, including videos accompanying announcements and financial results allowing investors to more easily keep up to date with our activities and operations.

These Q4 FY24 results are supported by a short video on the Raiz Investor Hub - <https://investorhub.raizinvest.com.au/link/WrAzYP>

In accordance with listing rule 4.7C, payments made to related parties and their associates incorporate Directors Fees, remuneration and superannuation at commercial rates.

Brendan Malone, Raiz Invest Managing Director and CEO said:

“Over the past year, I am very pleased to report that we have delivered on two significant operational milestones – transitioning into a sustainable operating cash flow positive company, and divesting the operations in South East Asia in order to refocus on our core Australian business. In addition, and in a challenging market for customer acquisition, we have successfully increased engagement with existing customers through the strong uptake of new products, which has led to a significant growth in our FUM, average account balance and ARPU over the past year.

In FY25, we will continue to expand our product suite, with new additions to the Plus portfolio, incorporating Plus into the Super offering, launching automatic Raiz Rewards, and improving our marketing processes through AI tools to boost awareness, engagement, and retention.

We have a scalable platform for growth with a low marginal cost of trading and we continue to pursue both organic and inorganic growth opportunities to accelerate our growth trajectory.”
