FY24 ARB NATIONAL SALES PERFORMANCE

MARKET UPDATE

The Australian Aftermarket performed well in FY24 with sales up 5.4%. Retail sales in corporate stores remained relatively flat. Sales to independent stores and stockists showed positive growth, while sales to motor vehicle dealerships and fleet companies grew strongly.

ENGAGEMENT

- Fitter turnover continues to trend positively. The Company now has a record number of fitters.
- Fitter turnover levels vary greatly from State to State: in VIC/TAS turnover is at an all time low, NSW and WA continue to present challenges.
- Fitter pathway and fast-track induction programs are progressing well.
- Experienced workshop fitters with 3+ years' tenure continue to rise.

Heading

PERFORMANCE

- Workshop performance is directly correlated to tenure and product mix. Higher volumes of fleet work through the workshops has improved efficiency.
- Fast Track induction program does slow output as new fitters get up to speed.
- Skill development and training via ARB-U remains a business focus.

FY24 RESULTS EXPORTS

ARB EXPORT SALES BY REGION (A\$ Millions)

Export business recorded a net decrease of 6.5% in FY24. Sales decreased by 13.6% in H1 FY24 but improved with slight growth in H2.

Truckman continued its positive results in H2 FY24, recording strong revenue and profits in line with a recovering vehicle market.

Weakness through Asian markets, particularly China, compounded the negative result through Asia Pacific. Low consumer confidence and weak new vehicle sales impacted revenue.

Export sales represents 33.1% of ARB sales.

SALES

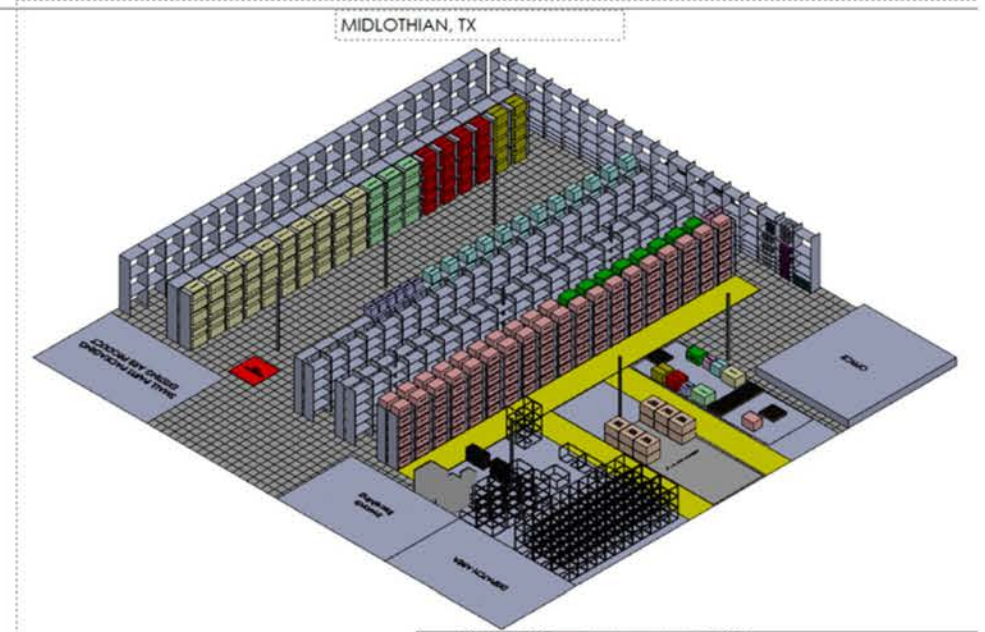

- Market conditions in the USA remain challenging, with industry wide headwinds both in new vehicle sales and the automotive aftermarket industry.
- Despite this, ARB USA continues to invest in brand development, promotional initiatives and distribution capability across the USA.
- ARB's sales and marketing continues to strengthen as the business builds an experienced and high-performing team to drive growth when the market recovers.

SEATTLE RETAIL

- Seattle retail site remains on schedule for opening in Q2 FY2025.
- Civil and building permits have been submitted to council.
- Construction is due to commence in Q1 FY2025.

DISTRIBUTION EXPANSION

- In anticipation of expansion of OEM and aftermarket business, ARB will expand the Texas distribution centre from 4,000sqm to 10,000sqm within H1 FY25.
- ARB has also leased a small distribution centre in Los Angeles to support eCommerce sales and the Off Road Warehouse business in California.

USA sales recovered in H2 FY2024 with a positive outlook for FY2025.

**30%
OWNERSHIP**

- Off Road Warehouse (ORW) has officially opened its newest location in Denver, Colorado.
- The grand opening of ORW Denver was held on 22 June 2024.
- This marks the 11th location for ORW in the US.
- Business conditions remain challenging, however, ORW continues to grow.
- ARB sales to ORW stores are growing steadily.
- While the ORW business is in a growth and re-investment phase, it is returning a profit.

**49%
OWNERSHIP**

- NACHO business is performing above expectations in both order intake and sales.
- New product pipeline is exciting with new product consistently coming to market.
- The official launch of NACHO's latest offering, Grande, through the USA, Australia and international markets took place recently.
- NACHO has won and is supplying OEM like contracts with US based vehicle builders.
- Sales through ARB channels continue to grow.

FY24 EXPORT UK TRUCKMAN

ARB's UK Truckman business produced an excellent financial result recovering from a challenging FY23 due to low vehicle registrations.

UK vehicle registrations recovered to historical levels in FY24 as did Truckman's sales.

Truckman's eCommerce business has seen consistent growth in the last 12 months, both www.truckman.co.uk and www.arb.co.uk.

ARB sales through Truckman and the UK market are growing consistently. OEM partnerships such as the Isuzu ARB Hub partnership are supporting both brand and sales growth in the UK.

OEM SALES (\$M)

Overall OEM sales improved 40.5% on a YOY basis.

OEM sales represented 8.6% of total FY24 sales.

New projects typically have a 2-year to 4-year development cycle. ARB has a record number of projects currently underway for OEMs in Australia and overseas.

Sales to OEMs are forecast to grow in FY25, noting that sales to Toyota USA for the Trailhunter business will be recorded as a USA sale.

New contracts with Toyota USA will be announced during FY2025.

PRODUCTS & OPERATIONS

For personal use only

FY24 HEAD OFFICE REDEVELOPMENT

- New Kilsyth, VIC, head office redevelopment.
- Due for completion in H2 FY25.
- Victorian Government Minister for Jobs and Industry, Women and Treaty and First Peoples, Hon Natalie Hutchins MP, visited the new head office, new R&D facility and adjoining factory in July 2024.
- New flagship showroom to open at the end of this year as part of the final phase of development.

FY24 PRODUCTS

EARTH CAMPER

- Global interest in the ARB Earth Camper remains strong.
- Production challenges in the new build process has slowed the roll-out.
- The business has invested in additional quality processes and infrastructure.
- Campers are now being built and shipped from Thailand to satisfy Australian orders.
- Engineering works continue on Camper modifications for US compliance which are expected to be completed within FY25.

ZENITH BAR

- Originally designed for Bronco for the US market, the Zenith lower bar received positive market feedback and is being extended to other models.
- The Zenith Bar is well suited to the US full-sized truck range which has been a priority in development.
- Product will come to market during H1 FY25.

EV - RIVIAN

- In H2 FY24, ARB imported from the US a Rivian EV.
- Engineering teams through chassis, electrical, suspension and drivetrain are presently studying this platform.
- Advance planning on accessory development for EV vehicles is well underway.
- OEM partnerships have provided further insights into various other EV platforms.

NITROCHARGER+

- A number of years ago ARB made the strategic decision to move away from our long term supplier of Nitrocharger shock absorber.
- The new supplier is a global leader in the design and manufacture of shock absorbers to both the global aftermarket and tier one OEM customers.
- The program involved multi-million dollar investment in R&D, plant and equipment and dedicated tooling.
- There were a number of early production issues resulting in supply constraints during FY2024 which impacted sales. These issues are now resolved.

ENGINEERING & DEVELOPMENT

- ARB continues to invest in design and development for key US platforms.
- In the last 6-months ARB has airfreighted both the new Toyota Tacoma and Toyota LandCruiser to Australia to expedite new product for these platforms.
- A new engineering centre in the USA for localised product development has been approved. Recruitment for engineers has commenced.
- ARB anticipates its US R&D facility to launch in H1 FY25.

FY24 AUSTRALIAN AFTERMARKET WEBER PROMOTION

ARB X WEBER PROMOTION

- ARB announced a 3 month retail focused promotion that aligned two highly respected and premium brands - ARB and Weber.
- Bespoke co-branded Weber Q and duffle bag was the incentive for this promotion when customers purchased an ARB bull bar, driving lights and winch.
- Focus on end-to-end fitment of customer vehicles with the package offer.
- ARB is back in market with above-the-line and below-the-line advertising to continue to stimulate retail activity.
- Campaign extension into New Zealand which aligned with the launch of ARB's new flagship store opening in Hamilton.

FY24 RESULTS OUTLOOK

- ARB's Aftermarket order book remains strong. The Company has seen improved workshop efficiency in recent months following a considerable focus in this area. ARB expects these improvements to continue.
- ARB's Export order book is trending positively and as new products come to market, the business overcomes key supply issues with its Nitrocharger product and ARB continues to expand international distribution, FY2025 is expected to return to growth.
- The US market outlook is positive despite continuing short-term market pressures. The Trailhunter program will have a full year in market and additional Toyota USA programs will come on-line. Management anticipates growth in the wholesale aftermarket, eCommerce, ORW and NACHO.
- Sales to OEMs should continue to grow in FY2025 based on contracts already in place.
- In addition to organic growth, ARB will consider strategic acquisition opportunities focused on product and distribution expansion.
- Sales in Q1 FY2025 have begun positively.

The Board believes that the Company is well-positioned to achieve long-term success through:

Expansion of the Australian and NZ Aftermarket with new and upgraded retail stores and stockists.

Strategic partnerships with key OE customers in Australia and the USA.

Increased distribution and manufacturing capacity to accommodate future growth.

A strong balance sheet with \$56.5m cash.

A pipeline of new product developments and releases.

A well balanced management team with a blend of long-term ARB and experienced external executives.
