This presentation contains summary information about Coles Group Limited (ACN 004 089 936) and its controlled entities (collectively, 'Coles', 'Coles Group' or 'the Group') and Coles' activities as at the date of this presentation. It is information given in summary form only and does not purport to be complete. It should be read in conjunction with Coles' other periodic corporate reports and continuous disclosure announcements filed with the Australian Securities Exchange (ASX), available at www.asx.com.au.

This presentation is for information purposes only and is not a prospectus or product disclosure statement, financial product or investment advice or a recommendation to acquire Coles shares or other securities. It has been prepared without taking into account the investment objectives, financial situation or needs of individuals. Before making an investment decision, prospective investors should consider the appropriateness of the information having regard to their own investment objectives, financial situation and needs and seek legal, taxation, business and/or financial advice appropriate to their circumstances.

No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this presentation. To the maximum extent permitted by law, none of Coles or its directors, employees or agents, nor any other person, accepts liability for any loss arising from the use of this presentation or its contents or otherwise arising in connection with it, including, without limitation, any liability from fault or negligence on the part of Coles or its directors, employees, contractors or agents.

This presentation contains forward-looking statements in relation to Coles, including statements regarding Coles' intent, belief, goals, objectives, opinions, initiatives, commitments or current expectations with respect to Coles' business and operations, market conditions, results of operations and financial conditions, and risk management practices. This presentation may also include forward-looking statements regarding climate change and other environmental and energy transition scenarios. Forward-looking statements can generally be identified by the use of words such as 'forecast', 'estimate', 'plan', 'will', 'anticipate', 'may', 'believe', 'should', 'expect', 'intend', 'outlook', 'guidance', 'likely', 'aim', 'aspire' and other similar expressions. Similarly, statements that describe objectives, plans, goals, or expectations of the Group are forward-looking statements.

Any forward-looking statements are based on Coles' current knowledge and assumptions, including with respect to financial, market, risk, regulatory and other relevant environments that will exist and affect Coles' business and operations in the future. Coles does not give any assurance that the assumptions will prove to be correct. The forward-looking statements involve known and unknown risks, uncertainties and assumptions, many of which are beyond the control of the Group, that could cause the actual results, performance or achievements of Coles to be materially different from the relevant statements.

Readers are cautioned not to place undue reliance on forward-looking statements and such statements should be considered in conjunction with the risks, uncertainties and assumptions associated with the relevant statements. All forward looking statements contained in this report reflect the Group's views held as at the date of this report, and except as required by applicable laws or regulations, the Group does not undertake to publicly update, review or revise any of the forward-looking statements or to advise of any change in assumptions on which any such statement is based. Past performance cannot be relied on as a guide for future performance.

Non-IFRS financial information

- This presentation contains IFRS and non-IFRS financial information.
- IFRS financial information is financial information that is presented in accordance with all relevant accounting standards.
- Non-IFRS financial information is financial information that is presented other than in accordance with relevant accounting standards and may not be directly comparable with other companies' information.
- Any non-IFRS financial information is clearly labelled to differentiate it from the statutory or IFRS financial information. Non-IFRS measures are used by management to assess and monitor business performance at the Group and segment level and should be considered in addition to, and not as a substitute for, IFRS information. Operating metrics that are prepared on a non-IFRS basis have been included in the segment commentary to support an understanding of comparable business performance. Non-IFRS information is not subject to audit or review.

Balance Sheet and Cash Flow information presented in this 2024 Full Year Results Presentation is consistent with the underlying information disclosed in the 2024 Annual Report.

Due to rounding, numbers presented throughout this document may not add up precisely to the totals provided and percentages may not precisely reflect the absolute figures.

FY24 is a 53 week year for reporting purposes consistent with the retail calendar. Normalised growth rates are non-IFRS measures and remove the impact of the 53rd week in FY24 for comparability purposes

Differentiation via CFCs

Transition and ramp up

- NSW and VIC CFCs commenced operations in July 2024
- Metropolitan Sydney and Melbourne next day home delivery orders expected to be transitioned by end of December
- FY25 implementation and transition costs expected to be ~\$70 million. Lower than expected driven by earlier opening of Truganina CFC and accelerated transition plans
- The reduction in FY25 implementation and transition costs is expected to largely offset the net additional cost of operating the CFCs in FY25¹
- Depreciation and amortisation in FY25 is expected to be ~\$55 million in line with guidance

1 Prior to go live

- Commissioning & testing
- Recruitment & training

2 Transition

- ~25k SKUs (uplift on average in-store range)
- Next day home delivery orders transferred

3 Growth & Optimisation

- Range expansion
- Waste and mark down optimisation
- Route density
- Additional spokes
- Proposition optimisation

Coles' eComm proposition – Anywhere, Anytime, Anyhow

🚚 Home Delivery

🛒 Click & Collect

⚡ Immediacy

Our new CFCs are designed to deliver a superior **Home Delivery** customer experience and expand network capacity

Leading perfect order rates

Improved freshness

Expanded range²

Product trial agility

Seamless customer experience

Days of life

Extended slots

Operating initiatives delivering results

Simplify and Save to Invest

- Delivered **\$238 million** in benefits
- Driven by an extensive range of initiatives, such as optimised pallet fills, guided stock counts, simplified meat processes and eCommerce pick efficiencies
- ~70% CODB / ~30% GP

Loss

- Total loss improved **44 bps** in 2H24⁽¹⁾
- Skip Scan technology in 546 stores, Smart Gates in 326 stores and Bottom of Trolley technology in 455 stores

Availability

- **DIF +7pp** and **DIFOT +10pp** vs FY23
- Improved supply chain resilience (e.g. transitioned to 100% WA sourcing of all Coles Own Brand fresh beef, poultry, pork and lamb in WA stores)

Rebased to 100 in 1H20 (pre-COVID-10 levels)

ADC program tracking to plan

Recap of benefits

Half footprint, double capacity

Improved availability and resilience

Increased efficiency

Safer

More sustainable

Redbank ADC (QLD) now servicing 219 stores with ramp up completed in December. QLD supply chain costs have reduced in line with business case and availability across QLD and northern NSW stores has improved

Kemps Creek ADC (NSW) received first inbound deliveries in March¹ with first outbound in July. Ramp up expected to be completed by end of 3Q25

Expect **FY25 implementation and transition costs** to be ~\$60 million and **depreciation and amortisation** to be ~\$75 million

On track to deliver **first full year of benefits across both facilities in FY26**

Positive progress against key sustainability targets

Energy and emissions

- Combined Scope 1 and Scope 2 emissions reduction of 1.5% from FY23, 34.5% reduction from FY20¹
- On track to meet target to source 100% renewable electricity by FY25

Packaging

- 87.4% of Coles Own Brand and Coles Liquor Own Brand packaging was recyclable²
- Removed >500 million pieces of plastic from Coles Own Brand products since 2021

Waste

- Diverted 86.7% of the Group's solid waste from landfill³
- 20 million kgs of food donated to SecondBite and Foodbank (equivalent to ~40 million meals)

Sourcing and farming

- >97.5% of fresh produce, by volume, is sourced from Australian suppliers
- 100% of Coles Own Brand fresh pork, chicken, turkey, duck, beef, lamb, milk and eggs are Australian grown

Notes: (1) Coles does not plan to rely on the use of carbon offsets for the achievement of our current FY30 Scope 1 and 2 emissions reduction target. FY24 electricity consumption, Scope 1 emissions and Scope 2 emissions include two months of estimated data (based on actual data from past years) and 10 months of actual data; (2) Based on packaging data overlaid with unit sales over a 52-week period until June 2024; (3) Excludes liquid waste except high-strength sludges (which contain a high proportion of solids) and liquids diverted for use as food (such as donations to SecondBite and farmers).

Committed to supporting our team members, community and suppliers

Team

- 8.8% reduction in TRIFR (vs FY23)
- Highest ever *mysay* engagement score¹, ranking in the top quartile²
- Ranked #1 out of 40 organisations in the Access and Inclusion Index 2023
- Gold tiered employer for third year in a row at the AWEI 2024 Australian LGBTQ+ Inclusion Awards

Community

- \$38.5 million in community support³
- Donated equivalent of ~40 million meals to SecondBite and Foodbank
- #1 corporate giver in Australia as a percentage of profit⁴ for the fourth consecutive year
- Launched Coles' Stretch Reconciliation Action Plan

Suppliers

- \$34.7 billion supplier spend for products and services
- Awarded \$36 million in financial support since 2015 through Coles Nurture Fund to 107 small businesses across Australia to help Australian producers innovate and grow (including \$3.7 million in FY24)

Investing in technology to enable rapid roll out of new capabilities

Delivered a new cloud data platform, with 90% of data available in our Cloud Data Domains

Enhanced our master data management system

Partnered with a leading global AI provider to drive operational improvements, including further optimising rostering and enabling more team members to receive their desired hours

Commenced roll out of Liquor Easy Ordering, a demand forecasting and automated ordering system to improve availability

Developed an intelligent edge backbone, facilitating loss technology and enabling rapid deployment of computer vision solutions across our stores

Strategic investments focused on our core

Supermarkets and supply chain

- Acquisition of two state-of-the-art milk processing facilities
- Improves security of milk supply and provides scope for future growth through product innovation

Liquor

- Acquisition of 20 liquor stores across Tasmania
- Significantly expands Liquor footprint in Tasmania
- ~30% of Tasmanian population now have a Liquorland within a five-minute drive

Group financial overview

Coles, with the support of its customers, pork farmers and suppliers, achieved a new fundraising record for FightMND with more than \$9.3 million raised for Big Freeze 10.

Comments

- **Cash realisation** declined to 98% with the timing of year end having an impact on working capital and cash flow conversion
- **Working capital** movement reflects increase in inventories to support availability, partially offset by lower receivables and increased payables driven by timing of year end payments
- Movement in **provisions and other** includes higher employee benefits provisions and major project implementation costs

Notes: (1) FY24 is a 53 week year for reporting purposes consistent with the retail calendar. Normalised growth rates are non-IFRS measures and remove the impact of the 53rd week in FY24 for comparability purposes; (2) Non-IFRS: Underlying adjusted for major project implementation costs in relation to the ADCs and CFCs (FY24: \$107 million; FY23: \$58 million) and a provision relating to the Award covered salaried team member review in FY23 (FY24: nil; FY23: \$25 million). FY24 major project implementation costs includes \$9 million of accelerated depreciation and amortisation in relation to transition to the ADCs and CFCs; (3) Gross retail sales are comprised of retail sales on a gross basis before adjusting for concession sales and the cost of Flybuys scheme points; (4) eCommerce sales and penetration are based on gross retail sales and include liquor sold through coles.com.au and exclude gift cards sold online; (5) Payment to team members, in the form of gift cards, following the successful vote in favour of the Coles Retail Enterprise Agreement 2024.

Key commentary

- Sales growth driven by positive customer response to value campaigns, well executed trade events, strong growth in eCommerce and improvements in availability. Excluding tobacco, sales revenue increased by 5.7% (normalised)
- Q4 inflation moderated slightly to 1.5% (Q3: 2.2%) while inflation excluding tobacco and fresh was 1.1% (Q3: 2.9%)
- eCommerce sales⁴ increased by 30.1% (normalised) with penetration at 9.4% and Coles 360 media income increased by 20.5%
- On a normalised basis, reported gross margin increased 49 bps and underlying gross margin² increased 50 bps, supported by lower tobacco sales, growth in Coles 360, range and promotional optimisation and Simplify and Save to Invest benefits. The second half also benefitted from a 44bps improvement in total loss vs 2H23
- On a normalised basis, reported CODB % increased 25 bps and underlying CODB² % increased 20 bps. Simplify and Save to Invest benefits and increased operating leverage largely offset wage and other inflationary cost impacts. Underlying CODB % excluding depreciation and amortisation and a one-off \$20 million payment to team members⁵, remained broadly flat on a normalised basis

Key commentary

- Sales revenue impacted by customers reducing discretionary spend due to economic pressures, coupled with the business transitioning away from less profitable bulk sales and adjusting promotional mix across third party eCommerce channels (“affiliate” sales)
- Sales trajectory improved in Q4, declining by (0.4)% (normalised) compared to (1.9)% in Q3
- eCommerce sales⁴ increased by 9.2% (normalised) with penetration at 6.2% (7.3% including Coles Online)
- On a normalised basis, reported and underlying gross margin increased by 9 bps benefitting from promotional optimisation and less bulk and affiliate sales, partly offset by increased cost of on-demand third party commissions
- On a normalised basis, reported CODB % increased by 101 bps largely driven by wage growth, fixed cost leverage, investments in core IT systems and increased depreciation and amortisation in relation to new stores and renewals. A tax adjustment of \$5.2 million relating to prior years and a \$5.8 million write-off of capitalised eCommerce IT development costs were also incurred. Excluding these non-recurring costs, underlying CODB² % increased by 71 bps on a normalised basis

Outlook

Prime Minister Anthony Albanese and Coles team members at the opening of the Kemp's Creek ADC.

Outlook

This is an important year for the business as we ramp up our second ADC and transition our metropolitan Sydney and Melbourne next day home delivery orders to our two automated CFCs and we are optimistic for the customer benefits that we expect these to deliver.

At the same time, we are continuing to address the impacts of loss through our technology initiatives and maintaining a strong focus on costs as part of our Simplify and Save to Invest program.

Supermarkets	<ul style="list-style-type: none"> In the first eight weeks of FY25, sales revenue grew by 3.7%¹ with positive volume growth and increasing momentum as the quarter progressed driven by value and Winter of Sports campaigns Continue to see signs of customers shifting from out of home dining with our Coles Finest range and convenience meals remaining higher growth categories Expect to open ~8 new stores, close ~5 stores and renew ~50 stores
Liquor	<ul style="list-style-type: none"> In the first eight weeks of FY25, sales revenue declined by 1.4%¹. The CrowdStrike outage in July impacted the period given the number of liquor stores that were unable to trade during the outage. Excluding the impact of CrowdStrike, sales revenue declined by 0.3%¹ The overall Liquor market remains challenging and sales continue to be impacted by the transition away from less profitable bulk and affiliate sales Focus remains on providing value to customers as well as delivering growth from the recently acquired Tasmanian liquor stores and ensuring the cost base is aligned to the current market environment Expect to open ~13 new stores, close ~10 stores and renew ~60 stores
Operating capex	<ul style="list-style-type: none"> Expected to be ~\$1.2 billion with continued disciplined investments in renewals and new stores, and digital and technology assets
Depreciation & Amortisation and Financing costs	<ul style="list-style-type: none"> Depreciation and amortisation expected to increase reflecting recent capital investment spend coupled with a step up in right of use lease depreciation. Financing costs also expected to increase reflecting a full year of interest on the \$600 million medium term note issuance and increased interest on lease liabilities, which include the ADCs and CFCs
Coles Group CEO, Leah Weckert:	<p>"As we look ahead, we are well positioned to deliver on our strategic priorities. With our Kemps Creek ADC ramping up and our two automated CFCs in the process of transitioning orders from stores, we look forward to unlocking the full benefits of our transformation investments, including delivering further improvements in availability and efficiency through our ADCs and delivering a world-class customer experience for online orders. With ongoing cost-of-living pressures, we will also continue responding to the needs of our customers with a focus on value through every day low prices, promotions, Flybuys and Coles Own Brand."</p>
