Managing Director & CEO Robert Kelly commented "I am pleased to report that FY24 continues our year-on-year record of accretive growth and profits since listing in August 2013.

These results are the consequence of the strategic execution of our proven business model, the depth and strength of our executive team, strong trading performance of our equity-owned businesses, accretive acquisitions made during the year, continued price increases by insurers and focus on organic growth within our businesses."

Strong growth in the Group's underlying EBITA

The Group delivered strong underlying EBITA growth in FY24 of 22.7% to \$528.5m driven by:

- organic growth of 12.5% from the continued uplift in premiums by insurers and increased volume; and
- acquisition growth which contributed 10.2%.

Balance sheet

Steadfast Group's balance sheet remains well positioned, with a consolidated gearing ratio (excluding premium funding borrowings) of 20.2%, well below the Board's maximum of 30.0%. In order to fund future corporate activities, as of today, Steadfast can borrow a further \$366m and still remain within the maximum gearing ratio of 30.0% and maintain significant headroom in its debt covenants.

Steadfast Australasian Network brokers deliver growth of 12.1% in gross written premium (GWP)

The Steadfast Networks delivered an increase of **12.1%** GWP to **\$13.0b** in FY24 on a like for like basis.

Revenue growth resulted in excellent underlying EBITA growth of **19.6%** from equity brokers.

Steadfast Underwriting Agencies deliver \$2.3b of GWP in FY24

Steadfast Underwriting Agencies continue to perform strongly with sustained organic growth, generating \$2.3b of GWP, an uplift of 13.4% over FY23.

GWP growth from increased volume and continued increases in premiums by insurers has led to underlying EBITA growth of 18.9%. During the year, Steadfast continued its investment in anticipation of the changes in the regulatory environment for underwriting agencies effective from 1 July 2025.

Acquisitions update

Steadfast continued to execute its disciplined acquisition strategy to support its long-term growth and returns. Steadfast has a significant acquisition pathway from its Australasian Network brokers.

In FY24, Steadfast completed 48 earnings accretive investments for a total outlay of \$457.8m, including the acquisition of ISU Group, a network of independent agencies in the United States of America, and the underwriting agency, Sure Insurance.

International expansion strategy

In October 2023, Steadfast acquired 100% of ISU Group, a network of independent agencies in the United States of America. ISU Group was established in 1979 and has 228 members

located across 40 states, generating US\$7 billion of GWP.

Pleasingly, ISU exceeded the budgeted FY24 profit expected at the time of purchase.

Steadfast will focus on the development of network capability in the newly acquired ISU Group. Steadfast's expansion into the US market presents us with the opportunity to deliver Steadfast's strategy and unique business model to a market 12.5 times the size of Australia.
