# Disclaimer

### **Summary information**

This Presentation contains summary information about Qantas and its related bodies corporate (Qantas Group) and their activities as at 29 August 2024, unless otherwise stated. The information in this Presentation does not purport to be complete. It should be read in conjunction with the Qantas Group's Appendix 4E and Preliminary Final Report for the year ended 30 June 2024, along with other periodic and continuous disclosure announcements lodged with the Australian Securities Exchange, which are available at www.asx.com.au.

### Not financial product advice

This Presentation is for information purposes only and is not financial product or investment advice or a recommendation to acquire Qantas shares and has been prepared without taking into account the objectives, financial situation or needs of any individuals. Before making an investment decision, investors should consider the appropriateness of the information having regard to their own objectives, financial situation and needs and seek legal and taxation advice appropriate to their jurisdiction. Qantas is not licensed to provide financial product advice in respect of Qantas shares. Cooling off rights do not apply to the acquisition of Qantas shares.

### Financial data

All dollar values are in Australian dollars (A\$) and financial data is presented within the year ended 30 June 2024 unless otherwise stated.

This Presentation is unaudited. Notwithstanding this, the Presentation contains disclosures which are extracted or derived from the Annual Financial Report for the year ended 30 June 2024 which is being audited by the Group's Independent Auditor and is expected to be made available in September 2024.

This Presentation also makes reference to certain non-International Financial Reporting Standards (non-IFRS) financial information. The non-IFRS financial information is unaudited and has not been reviewed by the Qantas Group's Independent Auditor. For definitions of non-IFRS financial information refer to the Glossary (see slide 34) and the Appendix 4E and Preliminary Final Report for the year ended 30 June 2024.

# Future performance and forward-looking statements

Forward looking statements, opinions and estimates provided in this Presentation are based on assumptions and contingencies which are subject to change without notice, as are statements about market and industry trends, which are based on interpretations of current market conditions. Forward looking statements including projections, guidance on future earnings and estimates are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance.

An investment in Qantas shares is subject to investment and other known and unknown risks, some of which are beyond the control of the Qantas Group. Qantas does not guarantee any particular rate of return or the performance of the Qantas Group nor does it guarantee the repayment of capital from Qantas or any particular tax treatment.

No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this Presentation. To the maximum extent permitted by law, none of Qantas, its directors, employees or agents, nor any other person accepts any liability, including, without limitation, any liability arising out of fault or negligence, for any loss arising from the use of the information contained in this Presentation. In particular, no representation or warranty, express or implied is given as to the accuracy, completeness or correctness, likelihood of achievement or reasonableness of any forecasts, targets or returns contained in this Presentation nor is any obligation assumed to update such information. Such forecasts, targets or returns are by their nature subject to significant uncertainties and contingencies.

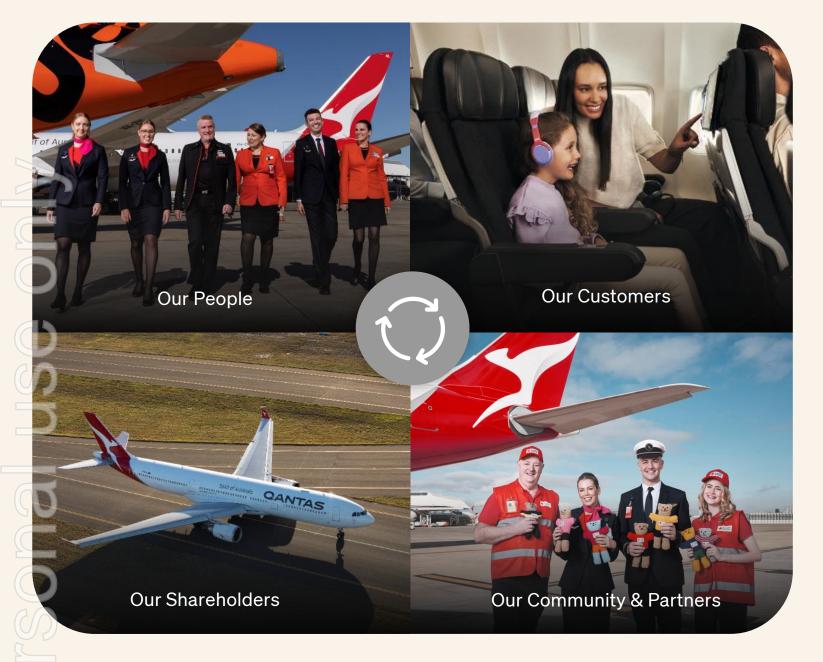

### Past performance

Past performance information in this Presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance.

### Not an offer

This Presentation is not, and should not be considered, an offer or an invitation to acquire Qantas shares or any other financial products.

Our focus this year has been getting the balance right in delivering for customers, employees and shareholders and building a better, stronger Qantas Group

Vanessa Hudson Group CEO

# FY24 overview

\$2,078m

**Underlying Profit Before Tax** 

\$1,251m

Statutory Profit After Tax

\$4.1b

Net Debt as at June 2024

\$869m<sup>1</sup>

Completed share buy-backs

88c

Underlying EPS

# **Operating results**

- Qantas Domestic and Qantas International delivered strong performance with a record result for Jetstar Group
- Qantas Loyalty earnings of \$511m, achieving Underlying EBIT guidance of \$500m - \$525m
- Operating cash flow of \$3.4b

- Enhancing support to transition to/from parental leave via 'Little Joeys' program
- Roll out of inclusive leadership, including First Nations Cultural Awareness training
- Embedding the Group's first Access and Inclusion Committee and strategy

# Retention

# June 2024 Group Attrition<sup>5</sup>

Steadily declined over the past 12 months from 8.4% in June 2023

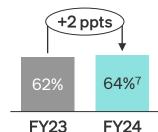

# **Attraction**

# Applications to roles<sup>6</sup>

Ratios increased from 25:1 across all workgroups

# **Engagement**

# **Engagement**

Steady increase over the past 12 months

# **Investing in our Customers**

# **Exceptional flying experience**

- Improved operational reliability focusing on first flights<sup>1</sup> and turnarounds, and group boarding<sup>2</sup>
- Enhanced food and beverage offering on Qantas and seasonal surprise & delights
- Ongoing \$100m lounge upgrade program across domestic and international destinations
- New fleet in FY24 with 2 x A220s for Qantas and 5 x A321LRs for Jetstar and first Qantas A321XLR in FY25
- Cabin refresh on Qantas A330s incl. new IFE<sup>3</sup> from 2025 and on Jetstar 787s, incl. WiFi and expanded business class from mid-2026
- Qantas International WiFi rollout on A330s across South-East Asia network in 2025

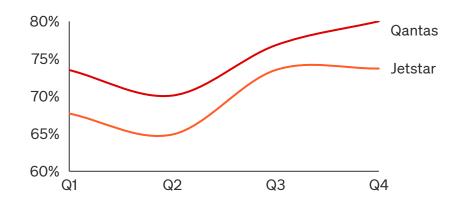

# Seamless digital interactions

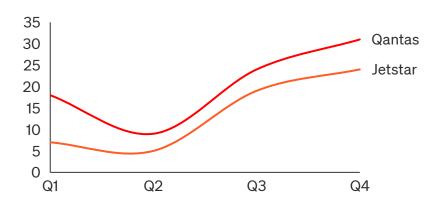

- Upgraded Qantas App, including redesign of homepage and trips, and launch of flight status tracker and baggage tracking
- Introduced Visual IVR<sup>4</sup> and Click-to-Call capabilities across Qantas channels
- Enhanced Jetstar App with improved useability and faster online check-in
- Improving customer interactions through chatbot and Conversational AI technology
- Launch of request tracker in Qantas App for queries about points, refunds and baggage
- Jetstar launched Apple Pay and enhanced payment options with Tap and Go on board, and Qantas to introduce Apple Pay in app

# Performance FY24

### Domestic On Time Performance at 15mins (% flights)

### Airline NPS (Domestic and International)

# **Investing in our Customers**

### Trusted to recover well

- Improved delay handling through better airport communications and automating recovery processes between Qantas and Jetstar
- Refined complaints handling process to drive quicker and more effective customer outcomes
- Provided dedicated resourcing to address credits and recovery in contact centres
  - Introducing digital payments during a disruption
  - Continuing to simplify and improve recovery processes in the moment
- More personalised pre-travel communications to customers and clearer reasons for disruptions

# Unrivalled reward and recognition

- Launched Classic Plus for Qantas International
- Recognised and rewarded tiered members with new bag tags and surprise & delight activities
- Achieved 400k Club Jetstar members and 1m member bookings in FY24
- Ongoing improvement of Flight Reward suite including Classic Plus domestic and new partners
- Increased customer recognition and focus onboard
- Improved digital experience for members and "my account" functionality

# Performance FY24

>5 million

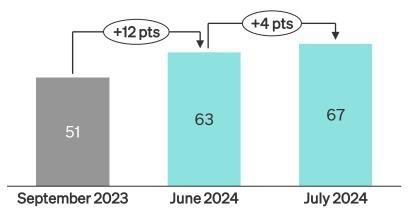

>9 billion

Classic Rewards seats available<sup>1</sup>

Points redeemed on Classic Plus Flight Rewards since launch<sup>2</sup>

# RepTrak Score Qantas Airlines Reputation

# **Investing in our Community**

# **Connecting the Regions**

>\$1b procurement spend across businesses based in Regional Australia

\$2m in Qantas Regional Grants to not-forprofit groups and projects across regional Australia

>\$50m invested in regional resident fares1 with >75,000 total trips taken

Supported repatriation of >600 Australians from Noumea and Tel Aviv

Supported >45,000 customers impacted by Bonza and Rex with free flights

# **Supporting Communities**

Announced new multi-year partnership with Red Cross, funding 750 emergency service personnel and 50,000 Trauma Teddies

Relaunch of the UNICEF Change for Good program with a total of >\$38m raised<sup>2</sup>

Expansion of 15-year partnership with the **Great Barrier Reef Foundation** 

Return of Side by Side Employee Grants providing \$250k to employee's charities and community organisations

Proudly flying Olympians and Paralympians for Paris 2024 continuing long-term tradition

# **First Nations Partnerships**

\$29m of procurement spend in 35 First Nations businesses around Australia

Engaged Thirriwirri, a First Nations business specialising in Indigenous Leadership and tailored programs for First Nations employees

Unveiled Indigenous livery on first QantasLink A220 - Minyma Kutjara Tjukurpa (6th aircraft to join iconic Flying Art Series)

Continuing implementation of First Nations strategy, with focus on supporting employment and diversifying supplier base and next Reconciliation Action Plan (RAP)

# ESG progress through investments and partnerships

# **Decarbonisation & Cost** Management

### Climate Fund committed >\$100m1

- SAFFA<sup>2</sup>: \$75m in international SAF development fund (Airbus, Air France KLM, Mitsubishi)
- Silva: \$20m in high-integrity nature-based ACCU3 projects (BHP, Rio Tinto)
- Jet Zero: Second-round investment in QLD SAF project

### SAF offtakes

Expanded for LHR, CDG, and US<sup>4</sup>

# Fuel efficiency

Benefit from new fleet - A220 23% and A321LR 18%<sup>5</sup>

### **Project Wheatbelt**

 First planting complete and eucalyptus to bio-oil SAF study showing positive initial results

# SAF Advocacy

# Qantas - Airbus joint policy paper

 Outlined need for SAF mandate and supply side price support

# **Aviation White Paper submission**

 Called for an Australian SAF mandate and production incentives

### 2024 Federal Budget support

- SAF called out as a focus of \$1.7b Future Made In Australia Innovation Fund
- · Funding to evaluate mandate and supply side support mechanisms

### SAF industry partnerships

 SAF partnerships continue to grow Ampol MOU<sup>6</sup>

# **Customer Engagement**

### SAF Coalition

Doubled size in second year

### **Green Tier**

- · Purchased 400,000t carbon offsets (equivalent to ~86,000 cars)7
- Donated \$1.1m to environmental charities

### Sustainability product offering

· Introduced digital platform for business and freight customers to purchase SAF and offsets

### Single use plastics

Removed >100m items

### GBRF<sup>8</sup> Partnership

 10-year \$10m partnership to support reef restoration

### Governance

### **Internal Carbon Price**

 Expanded application in investment cases and linking emissions and financial performance outcomes (e.g. Perth Airport western hub business case)

### Carbon market strategy

 Enhanced with integrity boundaries and diversified procurement approach

### **Nature Action Plan**

 Outlined actions to address nature and biodiversity loss and commitment to set future targets

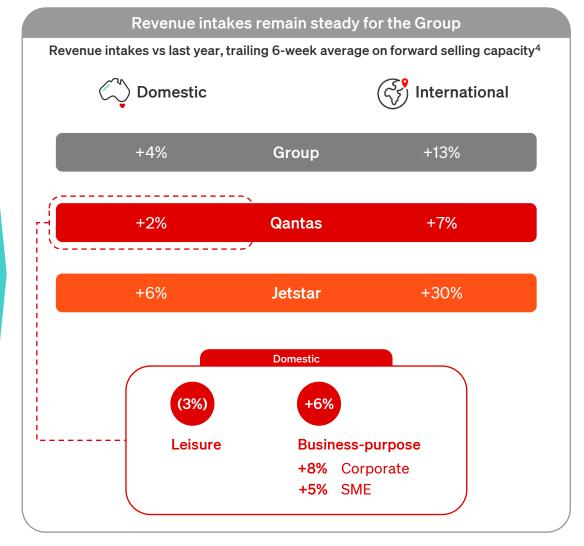

### **Board Governance Review**

· Completion and implementation of actions

# Australian consumers' travel intentions remain stable

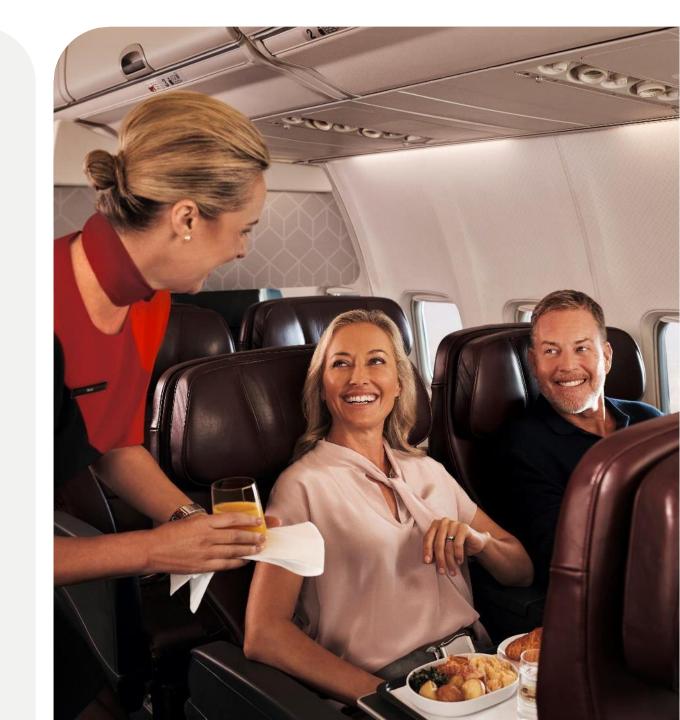

<sup>1.</sup> Travel intention tracker, n=~1,000 per month, AU national representative sample. 2. QFF sentiment tracker, n=~2,500; data collected in June 2024; sample of QFF members from Red Planet panel; survey question: "How do you intend to change your spending in each of the following areas in the next 6 months"; chart shows net difference of survey results in "% Spend more" vs "% Spend less" for each category. 3. QF / JQ AU Brand Health Tracker, n=~2,500 per quarter; AU representative sample of 'in-market' travellers (travelled domestically or internationally in the past 2 years or intend to travel in the next 12 months); survey question: "When is the next time you intend to do each of the following? Take a flight within Australia – for leisure / Take a flight Internationally – for leisure"; figures represent percentage of respondents. 4. Revenue intakes calculated on trailing 6-week average for the week ending 24 August 2024. Refer to slide 33 for capacity guidance.

# Portfolio Results

# Integrated portfolio drives value beyond the businesses

QANTAS GROUP 1. EBIT margin.

# Integrated value metrics

Dual brand	Domestic margin <sup>1</sup> premium  Network connectivity
Integrated Loyalty offering	Airline share of wallet Airline yield per passenger QFF program engagement
Scale benefits	Procurement costs Employee value proposition
Financial resilience	Reduced earnings volatility Improved cash generation Balance sheet strength

# **Qantas Domestic**

		FY24	FY23	Change
Revenue	\$M	7,241	6,980	+4%
Underlying EBIT	\$M	1,063	1,270	(16)%
Operating Margin	%	14.7	18.2	(3.5)ppts
ASKs	М	32,950	32,513	+1%
Seat factor	%	76.0	76.2	(0.2)ppts

2H24 RASK vs 2H23

Increase in 4Q24 NPS vs 2Q24

+10ppt increase in 4Q24 OTP vs 2Q24 Outperformed main competitor in 11 of 12 months

# Strong momentum in 2H with revenue growth, increased customer satisfaction and improved operational performance

- Dynamic capacity management delivering 5% RASK growth (2H24 vs 2H23) in a stable demand environment
  - Passenger revenue growth aligned to capacity, with positive 2H momentum in corporate recovery exceeding moderating premium leisure demand
  - 18% growth in charter revenue vs FY23, underpinned by growth in Western Australia and Queensland and supported by additional delivery of 3 x mid-life A319 aircraft

# Customer investment, new fleet EIS¹ and industry costs impacting cost performance

- Customer investments include technology, food & beverage and disruption management
- EIS¹ costs associated with domestic fleet renewal program (training, systems) and temporary inefficiencies with delayed exit of 717 fleet
- · Inflationary pressure outpacing transformation, but moderating through the year
- Higher realised fuel costs due to increased regional mix and cycling over FY23 fuel hedge benefit

# Continued focus on operational resilience to drive customer experience

- Step-change in customer NPS in 2H24 as operational performance improved
  - Launch of Group Boarding process for better customer outcomes and faster turns
  - Baggage investment, including baggage tracking, leading to 32% reduction in mishandled bags vs FY23
- Commencement of domestic fleet renewal program with 2 x A220 aircraft introduced into Domestic operations

# **Qantas International (including Freight)**

		FY24	FY23	Change
Revenue	\$M	8,666	7,749	+12%
Underlying EBIT	\$M	556	906	(39)%
Operating Margin	%	6.4	11.7	(5.3)ppts
ASKs	M	58,878	45,187	+30%
Seat factor	%	83.0	85.7	(2.7)ppts

FY24 flying activity vs pre-COVID baseline

Margin impacted by 1H24 Freight earnings, revenue moderation and customer investment

Increase in 4Q24 NPS vs 2Q24

### Earnings moderation as global capacity restored

- +30% capacity growth vs FY23, expanding International network breadth and depth
  - 787-9 fleet increased to 14, allowing commencement of Sydney to New York (Via Auckland) service
  - Commencement of Finnair wet lease services to Singapore and Bangkok
  - 8th A380 hull returned to service, uplifting capacity to America and Asia
  - Network continues to evolve with more deployment on point-to-point markets, including launch of Paris to Perth from July 2024
- · Fare environment normalising in line with expectations as global capacity restored
  - 11% reduction in RASK vs FY23, with moderation slowing in 2H24 ((9%) vs 2H23)
  - Rate of moderation impacted by growth into lower RASK markets and lower premium configured A330 aircraft
- 5% unit cost improvement as benefit of returning capacity outweighs investment in customer, operations and technology
- +4.8ppts half-on-half improvement in OTP (arrival time)<sup>1</sup>, driven by engineering and airport operational improvement initiatives

# Qantas Freight recovering in 2H24 after challenging 1H24

- Domestic and Terminals earnings growth underpinned by transformation and yield strength, offset by moderation of international freight yields
  - International yields moderated faster than anticipated, but continue to hold >150% of pre-COVID levels
- Continued fleet simplification program, with introduction of 2 x A330 aircraft and 3 x A321 freighters driving increment transformation

# **Jetstar Group**

		FY24	FY23	Change
Revenue <sup>1</sup>	\$M	4,922	4,235	+16%
Underlying EBIT	\$M	497	404	+23%
Operating Margin	%	10.1	9.5	+0.6ppts
ASKs <sup>1</sup>	М	49,529	39,558	+25%
Seat factor <sup>1</sup>	%	86.8	86.4	+0.4ppts

# Jetstar Group delivered \$497m Underlying EBIT, +93m vs FY23, a record result Jetstar's Australian domestic network delivered \$298m Underlying EBIT

- FY24 Total RASK<sup>2</sup> declined (4%) vs FY23. Demand environment and intention to travel remains stable with fares moderating as expected. Ancillary revenue remains strong<sup>6</sup>
- FY24 OTP +10ppts & cancellation rates reduced 4ppts improving NPS +16 vs FY23
- In 2H24, commenced Sydney-Busselton, Melbourne-Hervey Bay and Brisbane-Avalon.
   Announced Cairns-Sunshine Coast and Adelaide-Whitsunday Coast

# Jetstar's international network delivered \$199m Underlying EBIT

- \$201m FY24 EBIT on Jetstar's Australian international business<sup>3</sup>, up \$35m vs FY23
- OTP +24ppts & cancellation rates reduced 3ppts improving NPS +23 pts vs FY23
- In 2H24, commenced Sydney-Osaka, Brisbane-Seoul and Osaka. Announced Cairns-Christchurch, Sunshine Coast-Auckland, Sydney-Vanuatu and Brisbane-Bangkok
- NZ Domestic remains profitable supported by strong operational performance. Announced additional domestic services, but Airport pricing increases remain a concern
- Improved profitability across the Asian businesses (Jetstar Asia & Jetstar Japan) inclusive of \$19m net impact on JJP share of profit for lease liabilities (FX driven)

# Continued investment in transformation, fleet, operational improvement & customer innovation

- Transformation program, operational improvements & capacity growth delivering benefits in controllable unit cost, fuel efficiency & fare/ancillary revenue. Temporary FY23 costs removed
- 13 x A321LRs delivered to Jetstar Australia representing 24%<sup>7</sup> of FY24 narrowbody capacity. ~6 used for replacement contributing ~\$7m incremental EBIT per hull through fuel & scale efficiencies. ~7 A321s delivered profitable growth (Melbourne-Fiji, 787 redeployment)
- Jetstar named Top Low-Cost Airline in the Australia Pacific region<sup>8</sup>

# **Qantas Loyalty**

		FY24	FY23	Change
Revenue	\$M	2,573	2,189	+18%
Underlying EBIT	\$M	511	451	+13%
Operating Margin	%	20	21	(1)ppt
QFF Members	М	16.4	15.2	+8%
Points Earned	В	202	175	+15%
Points Redeemed	В	171	155	+10%

- 12% Total Flight Rewards<sup>2</sup> vs FY23
  - Growth in Group cash contribution<sup>3</sup> vs FY23

# Growing and rewarding our active member base

- Members engaging with the program through 2+ products growing to 46% in FY24
- Launch of Classic Plus Flight Rewards on international network on 8-April providing more choice and increased availability on flight rewards
- Approximately 20% YoY growth in customer engagement through Qantas Mobile App following its relaunch during 1H24
- Qantas Business Rewards members grew by 20% in FY24 with members now >540k new Financial Services products launched with both ANZ and NAB during 2H24

# Points earned and burned growth demonstrating acceleration of Loyalty flywheel

- Increased demand for credit; and resilience in member credit card spend new card acquisitions up 21% vs FY23 to 300k; underlying consumer spend growth +5% YoY
- Qantas Points Earning Credit Cards maintaining >35% market share; representing >4% of Australia's GDP
- Diversification of portfolio earnings continued in FY24 through growth in white-label products -Qantas Insurance businesses grew +32%<sup>4</sup> YoY; \$1b Qantas Home Loans written since launch in Feb-23
- Hotels, Holidays and Tours TTV<sup>5</sup> bookings \$867m in FY24 (+13% vs FY23)
- 100% acquisition of TripADeal accelerating expansion into Holiday packages; TTV bookings 4X higher since acquisition
- Personalised marketing and member engagement through investment in AI (e.g. Machine Learning AI to curate right offer to the right member via 'next best action' in Qantas App)

# Financial Framework and Fleet

QANTAS GROUP

# Financial Framework continuing to deliver for all stakeholders

# Maintain optimal capital structure

Minimise cost of capital by targeting a Net Debt range of 2.0x - 2.5x EBITDA where ROIC is 10%

Deliver against Climate Action Plan Targets

- Strong balance sheet settings
- FY24 Net Debt at \$4.1b versus target range of \$3.9b - \$4.9b1
- · Maintained investment grade credit rating of Baa2 stable (Moody's Rating System)

# ROIC > WACC through the cycle

Deliver ROIC > 10%

ESG included in business decisions

- Pre-COVID strong group portfolio earnings consistently delivered ROIC significantly above 10%
- FY24 ROIC of 58%, continues to be elevated as Invested Capital rebuilds

# Disciplined allocation of capital

Grow Invested Capital with disciplined investment, return surplus capital to shareholders

Prioritise projects that achieve both ESG and ROIC targets

- · Prioritising fleet investment and shareholder distributions
- FY24 Net Capex of \$3.1b
- Completed \$869m<sup>2</sup> of \$900m FY24 onmarket share buy-back with remaining \$31m to be completed in 1H25

Maintainable EPS<sup>3</sup> growth over the cycle

# Total shareholder returns in the top quartile<sup>4</sup>

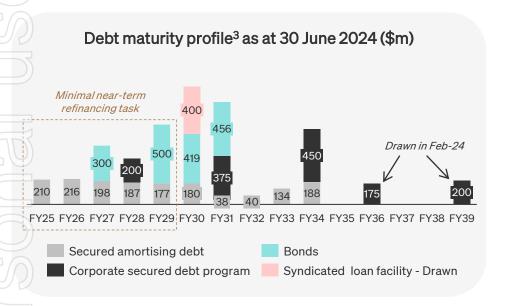

# **Strong Balance Sheet Settings**

# Total liquidity of >\$10b as at 30 June 2024 \$1.0b \$1.0b committed undrawn facilities \$7.5b^2 unencumbered fleet & other assets

# Liquidity

- Financial Framework Net Debt target settings results in structurally higher sources of liquidity
- Unencumbered assets include ~\$5.4b of unencumbered aircraft (~64% of the Group fleet<sup>4</sup>), spare engines and other assets
- Quality pool of unencumbered assets enables the Group to swiftly unlock liquidity in the event of a crisis
  - Focus on maintaining unencumbered aircraft assets less than 3 years old

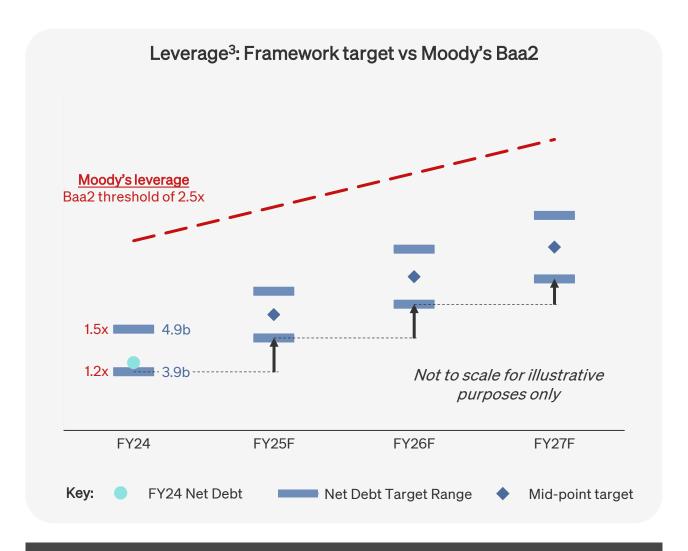

# **Gross Debt Structure**

- Transactions in FY24
  - Corporate secured debt with 10, 12 and 15 year tenors
  - Secured financing on Boeing 787-9 delivery
- Continued buy-out of 13 expensive operating leases
- Flexibility to prepay secured debt and unencumber assets
- No financial covenants
- Maintained Moody's Baa2 stable investment grade credit rating
- Minimal annual average refinancing task of \$0.4b for the next ~5 years

# Structurally low Financial Leverage

# Financial Framework assumes through cycle ROIC of 10%

- FY24 Framework Net Debt target 2.0x 2.5x Net
   Debt/EBITDA (where ROIC is 10%) = \$3.9b \$4.9b¹
- FY24 Moody's Net Debt/EBITDA of 1.3x<sup>2</sup> relative to Baa2 threshold of 2.5x
- Aiming to be at or below the middle of the target Net Debt range continues to provide flexibility to protect the Group's Baa2 stable investment grade credit rating
- Growth in Invested Capital and cash earnings will continue to increase Net Debt Target Range
  - All Invested Capital deployed above internal hurdles and prioritised by return profile
  - Bottom of target Net Debt range expected to increase by ~\$0.7b - \$0.9b<sup>2</sup> from 30 June FY24 to 30 June FY25 based on current Net Capex guidance

This structurally low financial leverage provides flexibility while protecting Baa2

# **Disciplined allocation of Capital**

# Continuous Review / Recycle Capital

# **Operating Cash Flow**

All deployed Invested Capital delivers returns above internal hurdle rates
Integrated portfolio earnings and ongoing transformation to strengthen ROIC through
the cycle

# **Growth in Balance Sheet Capacity**

Net Debt increases facilitated by growth in Invested Capital and cash earnings Continues to protect Baa2 investment grade credit rating<sup>1</sup>

# **Net Capex**

Investments drive future incremental operating cashflow

Net of proceeds from asset sales

# Base Distributions<sup>2</sup>

Base dividend to shareholders sustainable through the cycle

### Additional Distributions<sup>2</sup>

Sized from surplus capital

At or below the middle of the Net Debt Target Range

# Growth in operating cash flow and optimisation of assets to support fleet renewal program and shareholder distributions

- New investment delivers growth in cash earnings which in turn increases borrowing capacity
- The Group remains focused on reviewing existing asset performance and allocation to ensure best capital management outcomes

### Investment in Fleet

- Financial Framework delivers long-term value to shareholders with investments delivering ROIC > WACC
- FY25 Net Capex guidance of \$3.7b \$3.9b
  - Net Capex generates ROIC > WACC from incremental benefits such as network flexibility, fuel burn and higher utilisation
  - Investment decisions leads to reduction of average fleet age

# Shareholder distributions

- Announcing up to \$400m of on-market share buy-back in 1H25 (plus completion of the \$31m remaining from FY24 on-market share buy-back)
- Anticipating fully franked base dividends to be reinstated from 2H25, subject to Board approval

# New aircraft deliveries and fleet flexibility

# New aircraft deliveries<sup>1</sup>

Total committed aircraft		11-3	20 <del>-1</del>	24

√otal pre-delivery and final delivery payments<sup>4</sup>

~US\$3.7b over FY24-FY26

Up to 74<sup>4</sup> retirements across FY24-FY26

# **Current fleet delivery status**

- OEM<sup>5</sup> production process continues to be challenged by supply chain disruption (incl. seat suppliers), with the Group incurring minor aircraft delivery delays
  - New fleet deliveries now reflect updated Airbus delivery position
  - The Group maintains commercial arrangements with the OEMs to manage capital expenditure within the Financial Framework
- First Project Sunrise aircraft expected mid-2026 (FY27)
- First Qantas A321XLR aircraft expected April 2025
- 3 x A321Fs delivered in FY24 have enabled the retirement of the remaining 3 x 737-300F fleet, with the sole 737-400F aircraft to be retired in FY25
- Additional A321F deliveries, now expected to commence from 2026, aligned with commencement of Freight operations at Western Sydney Airport
- In addition to new aircraft deliveries, the Group has:
  - Taken delivery of 5 x mid-life<sup>6</sup> aircraft in FY24: 2 x A320ceos for Jetstar Asia and 3 x A319s to support growth in the intra-WA market resources market
  - Announced acquisition of 14 x Dash 8-400 (Q400) mid-life aircraft, with 19 x Q200 and Q300 aircraft to be gradually phased out of the fleet
  - Flexibility with up to 30 x E190s and 2 x A330s<sup>7</sup> through wet leases

# Narrowbody fleet ASK mix evolution<sup>6</sup>

# Project Sunrise and A350 establishing structural advantage

# Value drivers

Non-stop proposition, difficult to replicate, attracting high-yielding passengers on core markets

Cabin mix optimised for premium travellers, offsetting the impact of payload limitations on ultra long-range flying

Sustainable international growth driving scale benefits on existing overhead, enabled by 787-9 redeployment

Greater freight capacity on non-payload restricted flights, vs existing fleet

Additional Group benefits including improved Domestic connectivity and enhanced Qantas Loyalty proposition

Next generation aircraft with all Project Sunrise flights to be carbon offset

# Customers continue to show preference for direct services

# **PER-LHR**

- 20%+ revenue premium vs one-stop alternative<sup>1</sup>
- Consistently top 5 most profitable international route<sup>2</sup>
- #1 route for economy and business NPS
- FY24 RASK +5% vs FY23, in declining international RASK environment

# Outlook

QANTAS GROUP

# Outlook

# **Business Outlook**

- The Group is seeing stable travel demand across the portfolio with positive revenue momentum heading into 1H25
  - Group Domestic RASK expected to increase 2-4% in 1H25 vs 1H24
  - Group International RASK expected to fall 7-10% in 1H25 vs. 1H24 as market capacity continues to restore
    - Rate of decline expected to slow in FY25 and RASK vs PCP<sup>1</sup> expected to turn positive from 4Q25
  - Total international market capacity into Australia expected to restore to ~100% pre-COVID levels for FY25
  - Net freight revenue in 1H25 expected to be \$20-40m higher vs 1H24
- Qantas Loyalty Underlying EBIT in FY25 will include previously disclosed impacts from fair value increases from the launch of Classic Plus; upturn in flywheel benefits is expected in 2H25 to deliver at least 10% Underlying EBIT growth in FY25
  - Business performance expected to be in line with historical seasonality

# **Financial Outlook**

- 1H25 fuel cost at ~\$2.7b<sup>2</sup>, inclusive of hedging and gross carbon cost of ~\$35m<sup>3</sup>
- FY25 Depreciation and amortisation is expected to be ~\$2.0b
- FY25 Net finance costs are expected to be \$0.27b
- Targeting transformation of ~\$400m in FY25 to offset CPI, inclusive of cost and revenue initiatives
- Net Debt expected to be at or below middle of the Net Debt Target Range<sup>4</sup>
- The gross impact of SJSP<sup>5</sup> in FY25 is ~\$60m, looking to offset through revenue and cost savings
- Entry into service (EIS) costs to grow ~\$30m in FY25 in line with acceleration of new fleet deliveries
- Management remain committed to performance targets<sup>6</sup>

# **Outlook**

# **Guidance Tables**

Capacity Guidance <sup>1</sup> (vs prior corresponding period)	1Q25	2Q25	1H25	2H25	FY25

% FX hedge (Capex <sup>5</sup> )	83%

The statements in the outlook slides, including those above, are predicated on the Group's current assessment of the profile of key external factors that will impact the Group's financial performance, including economic conditions, geopolitical considerations and supply chain settings.

# Glossary

Available Seat Kilometres (ASK) – Total number of seats available for passengers, multiplied by the number of kilometres flown

Cancellation rate – Measured as number of flights cancelled as a percentage of number of flights scheduled (if cancelled or rescheduled less than 7 days prior to scheduled departure time)

Capex - Refer to Net Capital Expenditure (Net Capex)

Capitalised aircraft lease liabilities – Capitalised aircraft lease liabilities measured at fair value at the lease commencement date and remeasured over lease term on a principal and interest basis. Residual value of capitalised aircraft lease liability denominated in foreign currency is translated at the long-term exchange rate.

CASK – Underlying PBT less ticketed passenger revenue divided by ASKs. For a detailed calculation of CASK, please see slide 11 in the Supplementary Presentation.

EBIT - Earnings before interest and tax

**EBIT margin (Operating Margin)** – Underlying EBIT divided by Total Revenue

**EBITDA** – Earnings before interest, tax, depreciation, amortisation and impairment

EIS - Entry into service

ESG - Environmental, Social and Governance

**EPS** – Refer to Underlying EPS

FFO - Funds From Operations

Financial Framework – The Group has a financial framework that guides shareholder value creation, optimal capital structure and capital allocation. The framework has three pillars supported by measurable targets, aligned with those of shareholders. Refer to slide 24 for further detail.

**FX** - Foreign exchange

QANTAS GROUP

Invested Capital (IC) – Net assets (excluding cash, debt, other financial assets and liabilities and tax balances) including capitalised aircraft lease assets (which includes an adjustment to exclude aircraft lease return provisions from Invested Capital)

Net Capital Expenditure (Net Capex) – Net expenditure of investing cash flows included in the Consolidated Cash Flow Statement and the impact to Invested Capital from acquiring or returning leased aircraft. Refer to slide 19 of the Supplementary Presentation for the calculation of Net Capital Expenditure

**Net Debt** – Under the Group's Financial Framework, includes net on Balance Sheet debt and capitalised aircraft lease liabilities

Net Debt Target Range – For a detailed calculation of the Net Debt Target Range, please see slide 17 in the Supplementary Presentation

**Net Free Cash Flow** – Cash from operating activities less net cash outflows from investing activities

NPS - Net promoter score. Customer advocacy measure

Operating Margin (EBIT margin) – Underlying EBIT divided by Total Revenue

**OTP** – On Time Performance (within 15 minutes of departure time)

**PBT** – Profit Before Tax

**PPTS** – Percentage Points

**QBR** - Qantas Business Rewards

QFF - Qantas Frequent Flyer

RASK – Ticketed passenger revenue divided by ASKs. For a detailed calculation of RASK, please see slide 11 in the Supplementary Presentation

Return on Invested Capital (ROIC) – ROIC EBIT for the 12 months ended for the reporting period, divided by the 12

months average Invested Capital. Refer to slide 15 of the Supplementary Presentation for the calculation of ROIC.

**Revenue Passenger Kilometres (RPK)** – Total number of passengers carried, multiplied by the number of kilometres flown

RRIA - Revenue Received in Advance

RRP - Recovery and Retention Plan

SAF - Sustainable Aviation Fuel

Seat Factor (Load factor) - RPKs divided by ASKs

SME - Small to medium enterprise

**Ticketed passenger revenue –** Uplifted passenger revenue included in Net Passenger Revenue

**Total Unit Cost** – Underlying PBT less ticketed passenger revenue per ASK

TSR - Total Shareholder Returns

Underlying EPS – Underlying Earnings Per Share is calculated as Underlying PBT adjusted for 30% corporate tax rate divided by the weighted average number of issued shares, excluding unallocated treasury shares. Measured as cents per share.

Underlying PBT – A non-statutory measure and is the primary reporting measure used by the Chief Operating Decision-Making bodies, being the Chief Executive Officer, Group Leadership Team and the Board of Directors, for the purpose of assessing the performance of the Qantas Group. Refer to slide 8 of the Supplementary Presentation for a reconciliation of Underlying PBT to Statutory PBT.

**Unit Cost (ex-fuel)** – Underlying PBT less ticketed passenger revenue and fuel per ASK

Unit Revenue - See RASK

**WACC** – Weighted average cost of capital calculated on a pre-tax basis

## Disclaimer

#### **Summary information**

This Presentation contains summary information about Qantas and its related bodies corporate (Qantas Group) and their activities as at 29 August 2024, unless otherwise stated. The information in this Presentation does not purport to be complete. It should be read in conjunction with the Qantas Group's Appendix 4E and Preliminary Final Report for the year ended 30 June 2024, along with other periodic and continuous disclosure announcements lodged with the Australian Securities Exchange, which are available at www.asx.com.au.

#### Not financial product advice

This Presentation is for information purposes only and is not financial product or investment advice or a recommendation to acquire Qantas shares and has been prepared without taking into account the objectives, financial situation or needs of any individuals. Before making an investment decision, investors should consider the appropriateness of the information having regard to their own objectives, financial situation and needs and seek legal and taxation advice appropriate to their jurisdiction. Qantas is not licensed to provide financial product advice in respect of Qantas shares. Cooling off rights do not apply to the acquisition of Qantas shares.

#### Financial data

All dollar values are in Australian dollars (A\$) and financial data is presented within the year ended 30 June 2024 unless otherwise stated.

This Presentation is unaudited. Notwithstanding this, the Presentation contains disclosures which are extracted or derived from the Annual Financial Report for the year ended 30 June 2024 which is being audited by the Group's Independent Auditor and is expected to be made available in September 2024.

This Presentation also makes reference to certain non-International Financial Reporting Standards (non-IFRS) financial information. The non-IFRS financial information is unaudited and has not been reviewed by the Qantas Group's Independent Auditor. For definitions of non-IFRS financial information refer to the Glossary (see slide 3) and the Appendix 4E and Preliminary Final Report for the year ended 30 June 2024.

#### Future performance and forward-looking statements

Forward looking statements, opinions and estimates provided in this Presentation are based on assumptions and contingencies which are subject to change without notice, as are statements about market and industry trends, which are based on interpretations of current market conditions. Forward looking statements including projections, guidance on future earnings and estimates are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance.

An investment in Qantas shares is subject to investment and other known and unknown risks, some of which are beyond the control of the Qantas Group. Qantas does not guarantee any particular rate of return or the performance of the Qantas Group nor does it guarantee the repayment of capital from Qantas or any particular tax treatment.

No representation or warranty, express or implied, is made as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this Presentation. To the maximum extent permitted by law, none of Qantas, its directors, employees or agents, nor any other person accepts any liability, including, without limitation, any liability arising out of fault or negligence, for any loss arising from the use of the information contained in this Presentation. In particular, no representation or warranty, express or implied is given as to the accuracy, completeness or correctness, likelihood of achievement or reasonableness of any forecasts, targets or returns contained in this Presentation nor is any obligation assumed to update such information. Such forecasts, targets or returns are by their nature subject to significant uncertainties and contingencies.

#### Past performance

Past performance information in this Presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance.

#### Not an offer

This Presentation is not, and should not be considered, an offer or an invitation to acquire Qantas shares or any other financial products.

## Glossary

Available Seat Kilometres (ASK) – Total number of seats available for passengers, multiplied by the number of kilometres flown

Cancellation rate – Measured as number of flights cancelled as a percentage of number of flights scheduled (if cancelled or rescheduled less than 7 days prior to scheduled departure time)

Capex - Refer to Net Capital Expenditure (Net Capex)

Capitalised aircraft lease liabilities – Capitalised aircraft lease liabilities measured at fair value at the lease commencement date and remeasured over lease term on a principal and interest basis. Residual value of capitalised aircraft lease liability denominated in foreign currency is translated at the long-term exchange rate.

Share of net (profit)/loss of investments accounted for under the equity method	(4)
Net gain on disposal of assets	(18)
Other	3,171
Total Expenditure	19,854
EBIT	2,085
Net finance costs	(201)
Profit Before Tax	1,884
Income Tax benefit/(expense)	(633)
Profit After Tax	1,251

#### Net passenger revenue up 12%

- Group capacity increased 21% as flying restoration has returned to 100% pre-covid levels
  - Group Domestic<sup>1</sup> Unit Revenue down 2% as fare prices stabilise
  - Group International<sup>2</sup> Unit Revenue down 11% due to softer demand, offset by increased demand for Europe during peak leisure months
- Net freight revenue down 12% Weaker yields from increased international competition across bellyspace and freighters
- Salaries, wages and other benefits up 12%
  - Increased flying activity and FTE requirement across the Group
  - Group Wage Policy of 3% escalation
- Aircraft operating variable (AOV) costs up 21%
  - Increase in passenger service charges, route navigation, landing fees, engineering and maintenance costs, passenger expenses and other variable costs due to increased flying
  - Price increases from CPI and rising industry costs i.e. airport charges

#### **Fuel up 17%**

- Increased consumption due to higher flying activity
- Higher SAF and carbon-offsetting program expenses vs FY23

#### Depreciation and amortisation up 1%

 Depreciation increased with delivery of new aircraft, increased capital maintenance and impact of lease buyouts offset by 717 retirement and intangible assets fully amortised in FY23

#### Share of net loss/(profit) of investments, favourable to FY23

 Improved profitability in Jetstar Japan and stronger performance across investments in FY24

## Statutory Other Revenue and Expenses Detail - Compared to FY23

\$M	FY24	FY23	Variance
Other Revenue and Income	1,825	1,512	313

- Increased TripADeal holiday package revenue +\$149m driven by uplift in international travel, tours and expanded cruise offering
- Higher marketing revenue (primarily Financial Services from partners) driven by increased Frequent Flyer activity
- Growth in Qantas Insurance businesses drives higher revenue

#### Qantas Marketplace and other redemption revenue up 19%

 Redemption on other airline carriers increased from higher flying activity and redemption availability

#### Third-party services revenue up 6%

· Higher codeshare commission and freight terminal fee revenue

#### Other Income:

- Third party lounge revenue increased from ramped up International flying
- Membership revenue increased in Qantas Club, Club Jetstar and Corporate Sustainable Aviation Fuel (SAF) program with increase in new sales

\$M	FY24	FY23	Variance
Other Expenditure	3,171	2,512	659

#### Commissions and other selling costs up 5%

Sales agency expenses increased from higher passenger revenue performance

#### ■ Technology and digital up 24%

 Increased technology and digital expense due to higher IT spend on customer experience and fleet readiness projects

#### Capacity hire up 24%

- Higher capacity hire expenditure related to overall activity growth, 8 additional Alliance E190 aircraft and commencement of 2 x Finnair aircraft
- Discretionary bonuses to non-executive employees down (84%)
  - One-off RRP and Recovery Boost<sup>1</sup> largely incurred in FY23
- Impact of discount rate changes to provisions, unfavourable to FY23

#### Other:

- TripADeal holiday/package costs increased +\$138m in line with higher checked-in total revenue transaction volume
- ACCC settlement and related costs in FY24
- Increase in ground handling outsourcing provision from Federal Court case

# Group Unit Revenue and Unit Cost (c/ASK)

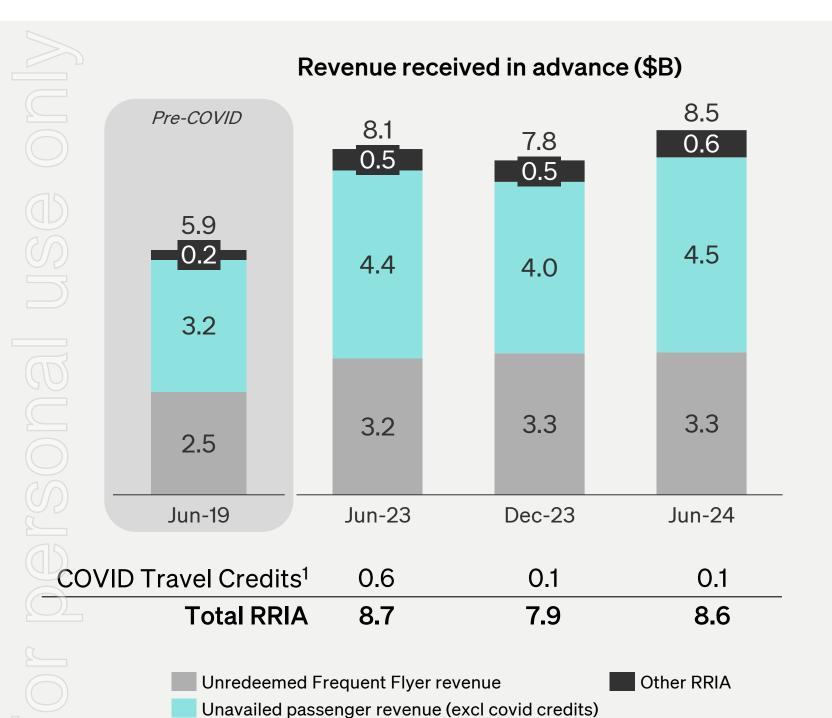

RASK		FY24
Net passenger revenue	\$M	18,903
<b>Excluding Other passenger</b> revenue	\$M	(3,071)
Ticketed Passenger Revenue	\$M	15,832

В	ASKs	М	141,357

	CASK		FY24
	Underlying (Profit)/Loss Before Tax	\$M	(2,078)
A	Less: Ticketed Passenger Revenue	\$M	15,832
C	Net expenditure	\$M	13,754
	Less: Fuel	\$M	(5,316)
	Less: Impact of discount rate changes to provisions	\$M	(3)
	Less: Share of net profit of investments accounted under the equity method	\$M	4
	Net expenditure (excluding fuel) (\$M)	\$M	8,439
	Less: Impairment	\$M	<del></del>
D	Net expenditure (excluding fuel and impairment)	\$M	8,439
В	ASKs	М	141,357
C/B	Total Unit Cost	c/ASK	9.73
D/B	Unit Cost (Ex-Fuel)	c/ASK	5.97

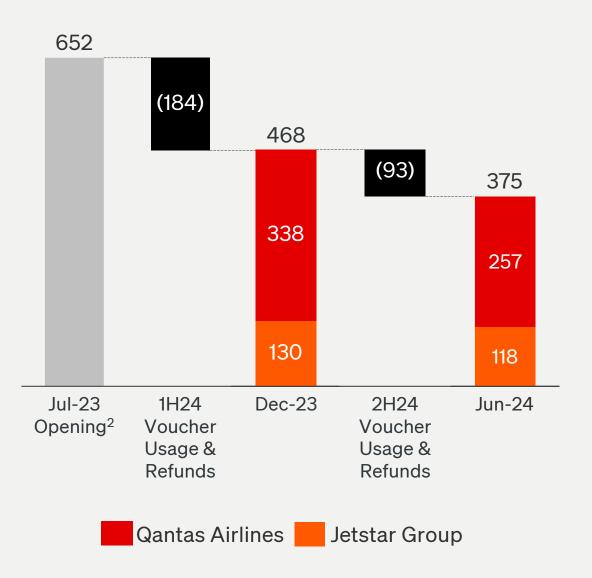

## Revenue received in advance (RRIA) and travel credits

- Airline RRIA experienced modest growth vs FY23 as Group capacity restored, offset by RASK moderation
- Unredeemed Frequent Flyer revenue grew vs FY23 in line with member and points activity
- In line with historical seasonality, 30 June 2024 RRIA balance closed stronger than 31 December 2023
- Qantas 'COVID Credits' re-classified to payables; Jetstar 'COVID Vouchers' remain in RRIA \$0.1b as at 30 June 2024
- Remaining Qantas COVID credits \$0.3b as at 30 June 2024, refer to next slide for further details

## COVID credit balance continues to wind down through usage and refunds

#### COVID credit<sup>1</sup> balance (\$m)

- As of 30 June 2024, \$375m of customer balances remaining in COVID credits
- The COVID credit balance has decreased by 40% in FY24
- Qantas customers holding COVID credits can request a cash refund at any time (no expiry date). Jetstar customers can use their COVID vouchers for flights indefinitely.
- Continued effort to ensure customers are able to use and refund COVID credits
  - Credit Concierge capability transitioned into contact centre permanent operating model, consistently achieving CSAT<sup>3</sup> above 90%
  - Travel Credits Hub maintained as one-stop destination for credit information

	Jun 2024	Jun 2023
Net working capital <sup>2</sup>	Jun 2024 (10,687)	Jun 2023 (10,777)
Net working capital <sup>2</sup> Fixed assets <sup>3</sup>	Jun 2024 (10,687) 14,280	Jun 2023 (10,777) 12,599
Net working capital <sup>2</sup> Fixed assets <sup>3</sup> Capitalised leased aircraft assets <sup>1</sup>	Jun 2024 (10,687) 14,280 982	Jun 2023 (10,777) 12,599 1,409

- ROIC EBIT is derived by adjusting Underlying EBIT to exclude AASB 16 lease depreciation and includes notional depreciation for leased aircraft as if they were owned
- Non-aircraft leases reduce ROIC EBIT for the lease payment rather than depreciation to account for these items as a service cost
- Aircraft financed via leases are adjusted as if owned, i.e. AASB 16 accounting and lease return provision replaced with market value assets depreciated in line with owned aircraft assets
- Average Invested Capital is used to determine Net Debt Target Range
- ROIC to moderate as Invested Capital rebuilds, with continued investment in fleet expected to deliver ROIC greater than pre-COVID levels

1. For calculating ROIC, all statutory aircraft leases balances and provisions relating to the leased aircraft are adjusted to represent the capitalised value of the leased aircraft, as if they were owned. Capitalised leased

monthly Invested Capital.

## Balance Sheet Summary under Financial Framework

\$M	As at 30 Jun 2024	As at 30 Jun 2023
Net Assets	294	10
Less: Cash and cash equivalents	(1,718)	(3,171)
Add back: Interest-bearing liabilities	5,035	5,169
Less: Other financial (assets)/liabilities	(379)	(11)
Add/Less: Tax balances	178	(367)
Less: Right of use assets	(1,315)	(1,303)
Add back: Lease Liabilities	1,556	1,557
Less: Finance Lease Receivables	(58)	(62)
Add: Capitalised leased aircraft assets <sup>1</sup>	982	1,409
Invested Capital	4,575	3,231
15		
Average Invested Capital <sup>2</sup>	3,869	2,552

Invested Capital is defined as Net Assets adjusted for the following:

- Exclusion of Cash and cash equivalents and Interest-bearing liabilities which are included in Net Debt
- Exclusion of Other financial (assets)/liabilities which is primarily made up of derivatives and other financial instruments
- Exclusion of Tax balances to reflect Invested Capital as pre-tax
- Reversal of balances related to AASB 16 accounting including Right of use assets, Lease liabilities and Finance lease receivables
- Inclusion of capitalised leased aircraft assets as if owned and depreciated in line with owned aircraft assets (adjusted for lease return provisions)
- The resulting Invested Capital is used to determine Net Debt Target Range and ROIC

## Net Debt Target Range

- Net Debt Target Range = 2.0x 2.5x EBITDA where ROIC = 10%
- At average Invested Capital of \$3.9b, optimal Net Debt range is \$3.9b to \$4.9b

	Jun 24 Drivers of Net Debt Target Range \$B
Invested Capital  Avg Invested Capital for trailing 12 months	3.9 Invested Capital will rebuild with fleet reinvestment
10% ROIC EBIT Invested Capital x 10% 12 month ROIC depreciation <sup>1</sup> Includes notional depreciation on aircraft leases	<ul><li>0.39 Notional EBIT increases as Invested Capital grows</li><li>1.57 Depreciation changes as fleet renewed</li></ul>
EBITDA where ROIC = 10%	1.96
Net Debt Target Range <sup>2</sup> Net Debt at 2.0x EBITDA where ROIC = 10% Net Debt at 2.5x EBITDA where ROIC = 10%	Net Debt Target Range moves over time with the above when actual results > 10% ROIC leverage are below 2.0x 4.9

## **Net Debt and Liquidity Position**

\$M	As at 30 Jun 2024	As at 30 Jun 2023	Change
Net on Balance Sheet debt <sup>1</sup>	3,311	1,998	(1,313)
Capitalised aircraft lease liabilities	795	887	92
Net Debt	4,106	2,885	(1,221)

\$M	As at 30 Jun 2024	As at 30 Jun 2023	Change <sup>2</sup>
Cash and cash equivalents at end of period	1,718	3,171	(1,453)
Undrawn facilities	1,000	1,196	(196)
Unencumbered assets <sup>3</sup>	7,494	5,684	1,810
Total Sources of Liquidity	10,212	10,051	161

#### Net Debt increased by (\$1.2b) for the 12 months to June 2024

- (\$1.5b) cash decrease mainly driven by debt reduction, Net Capital Expenditure and Shareholder Distributions funded by Funds from Operation
- Gross debt reduced by \$0.4b of prepayments and \$0.8b of scheduled debt repayments, partially offset by \$1.0b drawdown of secured debt
- Capitalised aircraft lease liabilities decreased by \$0.1b reducing exposure to expensive operating leases

# Total Sources of Liquidity movement of \$0.2b for the 12 months to June 2024 includes:

- \$0.2b secured aircraft financing on Boeing 787-9 delivery drawn in July 2023
- \$1.8b increase in unencumbered asset base from new aircraft deliveries, lease buy-outs and increase in aircraft valuations

## Net Debt movement under the Financial Framework

\$M	FY24	FY23
Opening Net Debt	(2,885)	(3,937)
Net cash from operating activities	3,441	5,085
Less: Net lease principal repayments under AASB 16 <sup>1</sup>	(701)	(682)
Add: Principal portion of aircraft lease rentals	483	500
Funds from Operations	3,223	4,903
Net cash from investing activities	(2,887)	(2,625)
Addition of leased aircraft	(261)	(65)
Return of leased aircraft	_	24
Net Capital Expenditure	(3,148)	(2,666)
Payments for share buy-back	(852)	(1,000)
Shareholder Distributions	(852)	(1,000)
Payment for treasury shares	(292)	(103)
FX revaluations and other fair value movements <sup>1</sup>	(152)	(82)
Closing Net Debt	(4,106)	(2,885)

The Financial Framework considers aircraft leases as part of Net Debt

- Aircraft leases are initially recognised in Net Debt at fair value
- Principal portions of aircraft rentals are treated as debt reduction
- Purchase of aircraft leases are treated as refinancing
- Commencing (or returning) aircraft leases are treated as capital acquisitions / borrowings (or capital disposals / repayments)
- Under AASB 16, leases are recognised on the balance sheet and measured as the present value of future lease payments. This differs to the fair value at recognition approach under the Financial Framework

## Financial Framework versus Statutory Net Debt

\$M	FY24	FY23
Interest-bearing liabilities	5,035	5,169
Fair value hedge	(6)	-
Cash and Cash Equivalents	(1,718)	(3,171)
Capitalised aircraft lease liabilities	795	887
Financial Framework Net Debt	4,106	2,885

•	Under the Financial Framework, aircraft leases are
	treated as capital acquisitions and recognised at
	fair value (through Net Capex) and a notional
	borrowing recognised as part of Net Debt as
	Capitalised aircraft lease liabilities

- Principal portions of aircraft rentals are treated as debt repayments
- Focus on income producing assets and as a result non-aircraft leases (e.g. property leases including airports) are excluded

\$M	FY24	FY23
Interest-bearing liabilities	5,035	5,169
Cash and Cash Equivalents	(1,718)	(3,171)
Lease Liabilities	1,556	1,557
Statutory Net Debt	4,873	3,555

- Under AASB 16, leases are recognised on balance sheet and measured at present value of future lease payments
- Statutory lease liabilities includes both aircraft and non-aircraft leases
- This differs to the Financial Framework which recognises aircraft at fair value and excludes nonaircraft which is not income generating

## Financial risk management framework

#### **Hedging Program**

Reducing cash flow volatility in the short term through disciplined hedging program to allow for implementation of operational levers

SHORT TERM TIME LONG TERM

OPERATIONAL LEVERS

Business implements strategies to minimise earnings volatility. Timeframe to take effect is longer than hedging

HEDGING (Rolling 24 months)

Greater volume of hedging required in short term to mitigate earnings volatility

## Principles of Financial Risk Management

- Principles of financial risk management
  - Manage net cash flow impacts
  - Takes into consideration both revenue and cost drivers
  - Greater use of derivatives in the short term and reliance on operational levers in the long term
  - Rolling 24 month hedge horizon

Capacity

discipline has

delivered

revenue in line

with fuel price

increases

- Preference for optionality to minimise worst case outcome and allow participation in favourable market moves
- Remaining financial risks impacting earnings are largely accounting based and include:
  - Discount rate impact on valuation of accounting provisions
  - FX revaluation of foreign currency non-hedged balance sheet items e.g. lease return provisions accounted for in USD
- As accounting estimates become cash obligations and fall within 24 month hedge horizon, principles of financial risk management are applied

VOLUME

## Robust financial risk management

#### Operational Fuel and FX

- FY24 fuel cost at \$5.3b
  - FY24 total fuel cost lower than guided at 1H24 results due to lower consumption in 2H24
- FY24 fuel and FX hedging remain consistent with long term approach to risk management
  - Declining wedge hedge profile greater volume of hedging in short term to mitigate earnings volatility
  - Preference for options in hedging allowing high level of participation to lower fuel prices
  - 1H25 fuel exposure is 83%¹ hedged through a combination of Brent outright options and collars and Jet fuel swaps

bbls <sup>2</sup> of fuel ('000)	FY24	FY23	% Change
Qantas Domestic	7,519	7,277	3%
Qantas International	12,632	9,722	30 %
Qantas Freight	1,279	1,350	(5) %
Jetstar Group	7,641	6,329	21 %
Total fuel consumption	29,071	24,678	18%

#### Capital Expenditure FX – Hedging of USD Fleet Payments

- Hedging remains consistent with long term approach to risk management
  - Preference for options allows for high level of participation
- 1H25 is 83%¹ hedged through a combination of outright options and collars

#### Interest rates

- Minimal economic impact to rising interest rates due to significant cash holdings providing natural offset to floating rate debt in portfolio
- On Balance Sheet fixed debt portfolio average interest rate of 3.90% p.a.

#### Carbon cost

Carbon cost is being managed in line with broader financial risk management framework

## Profit drivers of new fleet technology

#### **Fuel efficiencies** Greater fuel efficiency from new fleet Reduced maintenance In early years for new fleet Cost Scale cost efficiencies drivers Reduced unit cost due to higher ASKs from new fleet and commonality of fleet across the Group **Asset depreciation** (Cost increase) Depreciation of upfront capital expenditure on new aircraft Yield premium Customer willingness to pay more for point-to-point services and better schedule (timing and frequency); greater mix of premium seats (Qantas) Utilisation Greater aircraft utilisation and growth enabled by greater Revenue range and improved route economics drivers Network/capacity growth New routes and capacity growth enabled by new fleet and redeployment of existing fleets Seat count More seats per aircraft driving higher capacity

#### Enhanced customer offering supporting NPS

Modernised cabin design improving comfort and convenience across seats, noise, and larger overhead baggage compartments

IFE improvements including on-board WiFi and seat back power

Improved operations enabled by greater reliability and flexibility

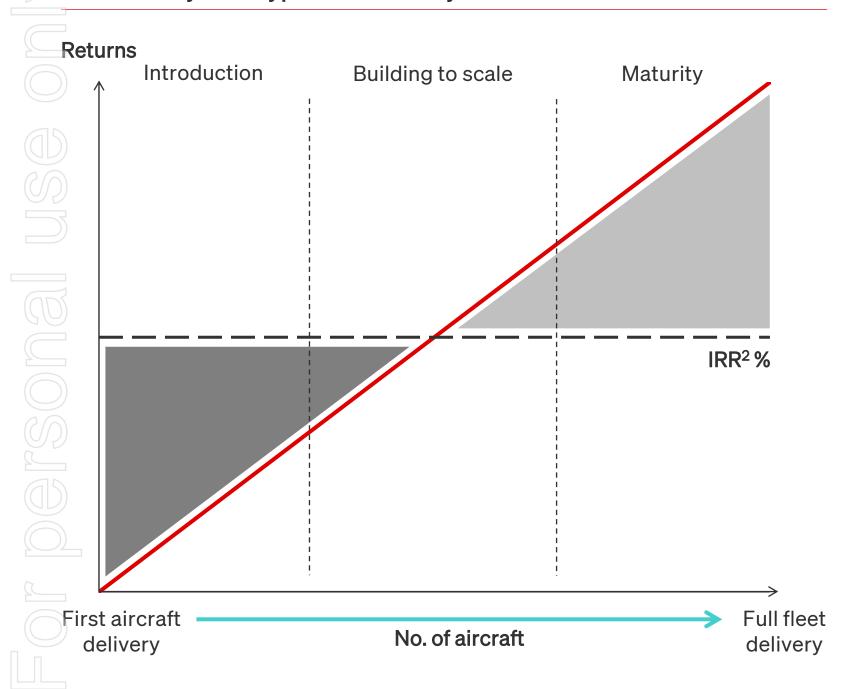

Improved fuel burn and reduced noise from new technology

## Illustrative: Fleet benefits cycle

#### Benefits by fleet type over delivery timeline

#### Benefits expected to be realised over period of fleet investment

#### Introductory

- Entry-into-service (EIS) costs<sup>1</sup> of new aircraft types impact initial returns of fleet investment (e.g. training and labour, spare engines, tooling and other spare parts, etc.)
- Small scale of new fleet types limits network benefits
- Invested Capital is higher when asset values not yet depreciated

#### Building to scale

- Focus on building scale to efficiently improve return towards IRR<sup>2</sup>
- As fleet scale grows operational capabilities and efficiencies improve

#### At maturity

- Full fleet benefits achieved once fleet at scale
- ROIC above IRR as a result of depreciated asset values (i.e. low invested capital)

# Supplementary Segment Information

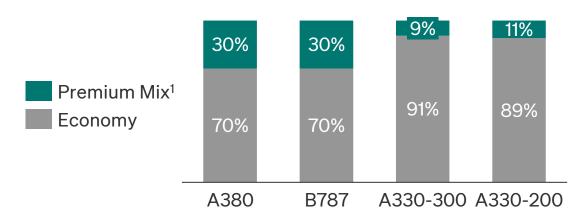

## **Qantas Domestic and International Overview**

#### **Qantas Domestic**

- Full service offering targeting business purpose and premium leisure sectors
- Market leading operational standards across OTP, safety and customer service
- Comprehensive Loyalty & Business Rewards programs providing customers with points earn and burn opportunities
- 35 lounges across 24 domestic ports
- All-inclusive on-board service offering including food, beverage and Wi-Fi
- Multi-gauge domestic fleet uniquely positioned to serve Australian market
- Largest domestic network and schedule providing customer choice and flexibility
- Large narrow body fleet servicing high density routes such as Triangle and East West flying
- Extensive range of small and medium narrow body aircraft to service regional network and resource customers
- Narrowbody fleet replacement program underway:
  - Committed orders for 28 x Airbus A321XLRs and 29 x A220-300s as Boeing 737s and 717s are gradually retired

#### **Qantas International**

- Globally recognised long haul carrier targeting high demand business and premium leisure segments into USA, Europe and Asia
  - Leverage new fleet technology to facilitate direct point-to-point network, including investments in Boeing 787-9 and Airbus A350-1000ULR (Project Sunrise) aircraft
  - Unrivalled partnership portfolio for network reach and access to pointof-sale strengths
- Investment in premium-heavy cabin configurations to meet customer segment preferences and complement ultra long-haul flying strategy

- Freight business that leverages Qantas' portfolio strength and delivers diversified earnings stream to the Group
  - Attractive domestic market as e-commerce adoption rates accelerate
  - Addition of 6 x Airbus A321F aircraft to support growth and unlock cost synergies

## **Jetstar Group Overview**

#### **Jetstar Domestic**

- Australian industry-leading LCC<sup>1</sup>
- 100% owned by Qantas Group<sup>2</sup>
  - Strong operational performance, customer service and profitability
  - New fleet arrivals to provide the most fuel efficient aircraft per seat in Australia, and grows margin advantage through further cost and utilisation benefits
- Continual innovation in customer experience, introducing onboard streaming, dynamic retailing and new bundles
- Ancillary product portfolio provides greater choice, driving revenue opportunities

#### Jetstar International<sup>3</sup> and New Zealand

#### Jetstar International

- Australian industry-leading LCC<sup>1</sup> capitalising on opportunities in Asia Pacific
- 100% owned by Qantas Group<sup>2</sup>
- Strong profitability through competitive advantage through brand strength and local partnerships
- Investment in new fleet and fleet expansion providing more fuel efficient aircraft per seat, enabling new short haul international markets (Melbourne-Fiji), additional frequency on Bali and redeployment of 787s in International long haul markets

#### **Jetstar New Zealand Domestic**

- 100% owned by Qantas Group
- Serves domestic destinations in NZ with unique low fares proposition and provides valuable connecting traffic across the Tasman

#### **Jetstar in Asia**

#### Jetstar Japan

- Jetstar Japan is the #1 domestic LCC<sup>1</sup> at Tokyo's Narita Airport and serves 24 routes
- 33% owned by Qantas Group<sup>2</sup>
- Growing capacity and aircraft utilisation in line with increased leisure demand and international flying

#### **Jetstar Asia**

- Uniquely positioned in large Asia market with significant growth potential
- 49% owned by Qantas Group<sup>2</sup>
- Solid operational performance and customer service
- Re-grown fleet to 11 aircraft by the end of FY24

## Diversification and growth at Qantas Loyalty

#### Members

Deliver everyday engagement between members and the Qantas brand

Incentivise members to join and participate through Qantas and partner channels

- Providing engaging options for members across travel, entertainment, experiences, and retail
- Capturing SMEs by delivering value for business travel and rewards for everyday expenses
- Innovate to support member engagement
- Grow digital engagement primarily through mobile app investment
- Recognise and reward non-flying behaviours (e.g. Green Tier, Points Club)

**Member Base** 

Growth Forecast to FY30 Target

+3% p.a.

#### Redemption

- Increase points earn through the flywheel effect from growth in overall redemptions
- Diversify redemption options that deliver more choice for members
  - Enhance flight reward propositions to meet member demand (e.g. Classic Plus)
  - Expand Hotels & Holidays propositions
  - Invest in tour and packages segment through TripADeal acquisition
  - Strategic network of partners with major
     Australian retailers
  - New retail redemption offerings with small, more attainable rewards for more frequent engagement (e.g. Ticketek)

**Points Redeemed** 

+7% p.a.

#### Earn

- Large ecosystem for members to engage in everyday earn
  - Market leading airline loyalty program
  - Portfolio of partnerships across financial services, travel, retail and other categories capturing on-the-ground spend
- Targeted expansion to capture all everyday needs
  - Increase engagement through Financial Services and Insurance products
  - More everyday opportunities across retail partnerships
  - Scale QBR by rewarding SMEs for their business expenses

**Points Earned** 

+6% p.a

## Classic Plus

>100,000 seats redeemed since launch to our most popular International destinations

#### **Top 10 Classic Plus Destinations** International, ex-AU

- London-Sydney
- 6. Denpasar-Sydney
- 2. Haneda-Sydney
- 7. London-Singapore
- 3. Melbourne-Singapore
- 8. London-Perth
- 4. Sydney-Queenstown
- 9. Sydney-Bangkok
- 5. Singapore-Sydney
- 10. Melbourne-Narita

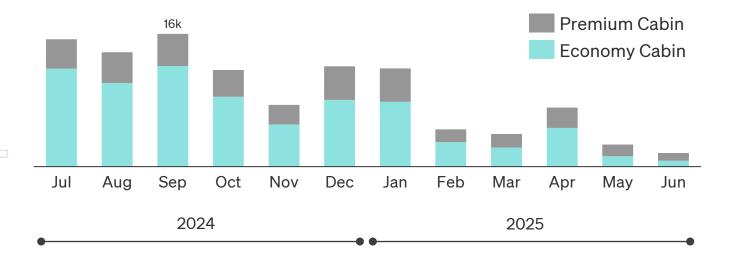

### Classic Plus providing members greater availability of reward seats during peak travel periods in preferred cabins

Since April 2024 launch, early evidence of increased engagement from members who have redeemed on Classic Plus<sup>1</sup>

10ppt premium in program confidence

Higher representation of tier flyers (41% tiered flyers)

Higher engagement with Qantas Points Earn Credit Cards (83% QPECC<sup>2</sup> holder) vs members who have not engaged in Classic Plus

22% of members have not redeemed a Flight reward in 5 years

#### Early indications of accelerating flywheel to date

Points Earned from external partners 1.2x higher than prior year following launch

Increasing partner interest

## Investing to scale and access climate solutions through the Qantas Climate Fund

- In August 2024, the Qantas Climate Fund announced a cornerstone investment into Silva Capital Origination Fund (SCOF) alongside Rio Tinto and BHP
- SCOF will acquire agricultural land for joint carbon and regenerative agriculture projects – focusing on environmental plantings on cleared grazing land to generate Australian Carbon Credit Units (ACCUs)
- Projects are designed to sequester carbon and enhance biodiversity while maintaining productive farmland
- Fund targeting \$250m, with initial \$80m close \$20m from Qantas Climate Fund
- Secures Qantas access to high-integrity ACCUs

- In January 2024, Qantas joined the Sustainable
   Aviation Fuel Financing Alliance (SAFFA) to boost
   biofuel production, investing in SAF technology
   and repurposing US infrastructure
- Investors include Airbus, Air France-KLM,
   Mitsubishi HC Capital Inc., BNP Paribas, and
   Associated Energy Group
- Fund total \$US200m; \$US50m (~\$A75m) from Qantas Climate Fund
- Scales near-term SAF production and access to offtake for Qantas
- First SAFFA investment in Crysalis Biosciences to upgrade an ethanol plant in Illinois for SAF and biochemicals

## Corporate and Unallocated/Eliminations

Corporate		FY24	FY23	Change
Revenue	\$M	12	9	+33%
Underlying EBIT	\$M	(263)	(212)	(24%)

Unallocated/Eliminations		FY24	FY23	Change
Revenue	\$M	(1,475)	(1,347)	(10%)
Underlying EBIT	\$M	(85)	(137)	+38%

#### Includes investment in Sustainability, our People and Group Cyber

- Investment in Group Cyber
- Investments in corporate systems and upgrades
- Sustainability spend including 'Fly Carbon Neutral', 'Qantas Future Planet' programs and SAF investments, which is included in the Climate Fund
- Restart of the Graduate program in FY23 (all people and program costs held within Corporate segment)
- Invested in centralised resources for strategic projects e.g. resources in preparation for Western Sydney International Airport and ongoing Perth terminal deal

#### Includes internal/external revenue eliminations across the Group

- Reduction in RRP and Recovery boost<sup>1</sup> one-off bonuses from prior year
- Adverse impact of discount rate changes to provisions, legal costs and other provisions
- Eliminations of intercompany segment revenue and costs between segments to balance to nil at Group level
