Explanation of Revenue *(Appendix 4D item 2.6)*

Total revenue for the half-year decreased to \$1,498.8 million (2023: \$1,606.4 million). The incremental change of \$107.6 million was driven by the disposal of the US Mortgage Services (US MS) business, which was sold in May 2024. This generated \$197.6 million in total revenue in the prior period of which \$35.2 million related to Margin Income.

Net of the sale of US MS, total revenue from continuing operations for the half-year increased \$90 million (6.4%) to \$1,498.8 million (2023: \$1,408.8 million). This growth was driven by higher core fees of \$31.7 million. Event and transactional revenue also increased, by \$59.7 million whilst margin income reduced slightly, by \$1.4 million.

Key business movements from continuing operations, excluding margin income, were as follows:

- Issuer Services revenues increased \$33.5 million (7.6%), reflecting improvement across all aspects of the business - Registry Maintenance, Stakeholder Relationship Management, Corporate Actions and Governance Services.
- Corporate Trust revenue grew \$16.9 million (6.7%) due to stronger market activity driving new business, including higher client balances in Money Market Funds (MMF).
- Employee Share Plans revenues rose \$39.0 million (up 22.9%) reflecting new client fees and higher participant trading activity.
- Mortgage Services revenues in the UK decreased by \$2.8 million (down -5.4%) due to legacy book run-off and unfavourable foreign exchange movements.

Margin income from continuing operations was down \$1.4 million (down -0.4%) relative to the prior period, with rising balances offsetting the impact of the falling global interest rate environment. Average balances rose \$3.3 billion to \$30.2 billion primarily due to growth in Corporate Trust balances in both the US and Canada from higher market volumes, whilst an increase in general dividend levels led to slightly higher balances in the Issuer Services business.

HALF-YEAR ENDED 31 December 2024
(Previous corresponding period half-year ended 31 December 2023)

RESULTS FOR ANNOUNCEMENT TO THE MARKET

A stronger British pound and Australian dollar relative to the prior period increased the translated USD revenue contribution from those regions, whilst a weaker Canadian dollar decreased the translated USD revenue contribution from that region. The FX movements of major currencies (GBP, CAD and AUD) increased revenues by \$7.6 million.

Explanation of Profit/(loss) from ordinary activities after tax (Appendix 4D item 2.6)

Profit after income tax from continuing operations attributable to members was \$286.5 million, an increase of 24.9% over the corresponding period.

Revenue from continuing operations was higher than the corresponding period, primarily due to fee revenue growth across all our key business lines - Employee Share Plans, Issuer Services and Corporate Trust. Margin Income was marginally down compared to the prior reporting period with the impact of lower rates being partially offset by higher balances.

Total expenses from continuing operations were \$43.9 million higher (4%). Operating expenses increased to support the higher revenues and business volumes whilst they were also impacted by costs associated with Solium UK (6 months in current reporting period compared to 1 month in prior period) and general inflation. There was also an increase in restructuring costs due to a program that was launched in FY24 to drive digitization in operational process as well as identifying efficiencies and optimisation opportunities in our corporate overhead base to tackle stranded costs arising from recent disposals. This was partly offset by lower integration costs in the US Corporate Trust business due to the completion of the Transitional Services Agreement (TSA) in November 2023. Finally, borrowing costs were down, benefitting from both lower borrowings and lower rates.

The Group's effective tax rate from continuing operations at 23.4% was lower than 1H24's rate of 28.4%, predominantly driven by a change in US State Income Tax mix following the sale of the US Mortgage Services business.

Explanation of Net Profit/(loss) (Appendix 4D item 2.6)

Please refer above.

Explanation of Dividends (Appendix 4D item 2.6)

The Company has announced an interim dividend in respect of the half-year ended 31 December 2024 of AU 45 cents per share. This dividend is unfranked.

COMPUTERSHARE LIMITED AND ITS CONTROLLED ENTITIES DIRECTORS' REPORT

The Board of Directors of Computershare Limited (the Company) present their report in respect of the financial half-year ended 31 December 2024.

DIRECTORS

The names of the directors of the Company in office during the whole of the half-year and up to the date of this report, unless otherwise indicated, are:

Non-executive

Paul Joseph Reynolds (Chairman)

Abigail Pip Cleland

Tiffany Lee Fuller

Lisa Mary Gay

John Nendick

Gerrard Bruce Schmid

Joseph Mark Velli

Executive

Stuart James Irving (President and Chief Executive Officer)

PRINCIPAL ACTIVITIES

The principal activities of the consolidated entity during the course of the half-year were the operation of Issuer Services, Corporate Trust, Employee Share Plans & Voucher Services, Communication Services & Utilities, Mortgage Services & Property Rental Services and Technology Services & Operations.

- The Issuer Services operations comprise register maintenance, corporate actions, stakeholder relationship management and corporate governance and related services.
- The Corporate Trust operations comprises trust and agency services in connection with the administration of debt securities in the US and the legacy corporate trust operations in Canada and the US.
- The Employee Share Plans & Voucher Services operations comprise the provision of administration and related services for employee share and option plans, together with Childcare Voucher administration in the UK.
- The Mortgage Services & Property Rental Services operations comprise mortgage servicing and related activities, together with tenancy deposit protection services in the UK.
- The Communication Services and Utilities operations comprise document composition and printing, intelligent mailing, inbound process automation, scanning and electronic delivery.
- Technology Services & Operations includes the provision of software specialising in share registry, financial services, operations and shared services functions.

Computershare has a range of regulated businesses around the world, including transfer agencies, licensed dealers, corporate trusts and mortgage servicers.

REVIEW OF OPERATIONS

The Group recorded a profit before tax of \$376.1 million for the period. This comprised of a profit before tax of \$374.3 million from continuing operations (2023: \$320.3 million), an increase of 16.9%, as well as a profit of \$1.8 million in discontinued operations for the half-year ended 31 December 2024 (2023: \$150.7 million loss).

Total revenue from continuing operations increased to \$1,498.8 million (2023: \$1,408.8 million). Margin income was \$1.4 million lower due to lower yields partially offset by higher balances.

Issuer Services revenues excluding margin income were 7.6% higher than prior period, reflecting higher event-based revenues in Corporate Actions and Stakeholder Relationship Management as well as increased transactional volumes in Registry. Governance Services revenue also increased.

COMPUTERSHARE LIMITED AND ITS CONTROLLED ENTITIES DIRECTORS' REPORT

Corporate Trust revenue excluding margin income was up 6.7% due to higher business volumes.

Employee Share Plans revenue excluding margin income increased due to higher participant trading activity (up \$29.4 million) and increased core client fees (up \$8.2 million).

Total expenses from continuing operations were \$1,133.6 million, up \$43.9 million principally due to an increase in restructuring costs primarily related to a cost out program that was launched in the previous financial year. Underlying operating expenses also increased driven by costs to support the higher business volumes as well as those associated with the Solium UK acquisition (6 months in the current reporting period compared to one month in the prior period) and general inflation. These were partly offset by lower Corporate Trust integration costs due to the completion of the TSA in November 2023. Borrowing costs were down due to lower borrowing levels and rates.

Operating cash flows increased by \$32 million to \$354.2 million (2023: \$322.2 million) compared to the corresponding period due mainly to greater profit levels.

CONSOLIDATED PROFIT

The profit of the consolidated entity for the half-year was \$287.8 million (2023: \$105.2 million) after deducting income tax and non-controlling interests.

DIVIDENDS

The following dividends of the consolidated entity have been paid, determined or recommended since the end of the preceding financial year:

Ordinary shares

- A final dividend in respect of the year ended 30 June 2024 was determined by the directors of the Company and paid on 16 September 2024. This was an ordinary unfranked dividend of AU 42 cents per share.
- An interim dividend was determined by the directors of the Company in respect of the half-year ended 31 December 2024 with a payment date of 19 March 2025. This is an ordinary unfranked dividend of AU 45 cents per share, amounting to AUD 263,514,682 based on shares on issue as at 11 February 2025. The determination to pay the dividend was made on 11 February 2025 and accordingly no provision has been recognised at 31 December 2024.

ROUNDING OF AMOUNTS

The Group is of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, issued by the Australian Securities and Investments Commission. In accordance with that legislative instrument, amounts in the interim financial report and the Directors' Report have been rounded to the nearest thousand dollars unless specifically stated to be otherwise.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2024

1. BASIS OF PREPARATION

The interim financial report for the half-year reporting period ended 31 December 2024 includes the condensed financial statements for the consolidated entity consisting of Computershare Limited and its controlled entities, referred to collectively as the "consolidated entity", "the Group" or "Computershare".

The interim financial report is a general purpose financial report prepared in accordance with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001. The interim financial report also complies with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB), including IAS 34 Interim Financial Reporting.

The interim financial report does not include all the notes of the type normally included in annual financial statements. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2024 and any public announcements made by Computershare Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001 and the Australian Securities Exchange listing rules.

Where necessary, comparative figures have been adjusted to comply with the changes in presentation in the current period.

The accounting policies adopted are materially consistent with those of the previous financial year and the corresponding interim reporting period.

Total management adjustment items	(129,280)	32,940	(96,340)

Amortisation

- Customer relationships and most of other intangible assets that are recognised on business combinations or major asset acquisitions are amortised over their useful life in the statutory results but excluded from management earnings. The amortisation of these intangibles in the half-year ended 31 December 2024 was \$35.9 million after tax. Amortisation of certain acquired software as well as intangibles purchased outside of business combinations is included as a charge against management earnings.

Acquisitions and disposals

- Disposal accounting for the prior period's sale of the US MS business resulted in a net gain of \$1.3 million.
- Acquisition-related integration expenses are associated mainly with the integration of the Corporate Trust business (\$5.5 million) and the ongoing integration of Equatex including a rollout of the previously acquired software (\$11.5 million).

Other

- Costs of \$27.9 million were incurred in respect of major restructuring programs spanning several years. These include a business-wide cost-out program announced in FY24, the implementation of new global enterprise resource planning and human capital management platforms, Issuer Services digitisation, mortgage services cost-out programs, treasury transformation and continued property rationalisation.
- Revaluation of derivatives that have not received hedge designation or the ineffective portion of derivatives in hedge relationships is taken to profit or loss in the statutory results. The impact in the current reporting period was a gain of \$0.9 million.
- The Group extended the duration of certain interest rate swaps hedging margin income balances. The modification was accounted for as a derecognition of the cash flow hedge relationship, which resulted in a significant management-adjusted charge against income in the current period. There will be additional accounting impacts in the coming years associated with this modification, initially accounting charges in the next few years followed by offsetting accounting gains in the later years until maturity of the renewed portfolio in the year ending June 2034. These hedge-related accounting impacts are non-cash and will fully unwind over the life of the derivative portfolio resulting in a nil net impact to the profit and loss over the term. All cash-based impacts resulting from the hedging strategy (derivative settlements) will be included in the management earnings as per the standard practice. The impact in the current reporting period was a loss of \$15.7 million.

3. SEGMENT INFORMATION

In accordance with AASB 8 *Operating Segments*, the Group has identified its operating segments to be the following global business lines:

- a) Issuer Services
- b) Corporate Trust
- c) Employee Share Plans & Voucher Services
- d) Mortgage Services & Property Rental Services
- e) Communication Services & Utilities
- f) Technology Services & Operations

Issuer Services comprise register maintenance, corporate actions, stakeholder relationship management and corporate governance and related services. Corporate Trust comprises trust and agency services in connection with the administration of debt securities in the US and the legacy corporate trust operations in Canada and the US. Employee Share Plans & Voucher Services comprise the provision of administration and related services for employee share and option plans, together with Childcare Voucher administration in the UK.

Mortgage Services & Property Rental Services comprise mortgage servicing and related activities, together with tenancy deposit protection services in the UK. Communication Services and Utilities operations comprise document composition and printing, intelligent mailing, inbound process automation, scanning and electronic delivery. Technology Services & Operations includes the provision of software specialising in share registry, financial services, operations and shared services functions.

The operating segments presented reflect the manner in which the Group is internally managed and the financial information reported to the chief operating decision maker (CEO). The Group has determined the operating segments based on the reports reviewed by the CEO that are used to make strategic decisions and assess performance. The key segment performance measure is based on management adjusted earnings before interest and tax (management adjusted EBIT).

For information on discontinued operations please refer to Note 8 for details.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2024

Segment revenue

The revenue reported to the CEO is measured in a manner consistent with that of the statement of comprehensive income. Intersegment revenue is comprised of activity between operating segments, where the underlying nature of such activity is external revenue. This excludes activity within an operating segment. Sales between segments are at normal commercial rates and are eliminated on consolidation.

Segment revenue reconciles to total revenue from continuing operations as follows:

	Half-year 2024	2023
	\$000	\$000
Total operating segment revenue and other income	1,574,517	1,682,633

Management adjusted EBIT

Management adjusted results are used, along with other measures, to assess operating business performance. The Group believes that exclusion of certain items permits a better analysis of the Group's performance on a comparative basis and provides a better measure of underlying operating performance.

A reconciliation of management adjusted EBIT to operating profit before income tax is provided as follows:

7. BUSINESS COMBINATIONS

The Group continues to seek acquisition and other growth opportunities where value can be added and returns enhanced for the shareholders. The following businesses were acquired by the consolidated entity at the date stated and their operating results have been included in the Group's results from the acquisition date. Where goodwill is marked as provisional, identification and valuation of net assets acquired will be completed within a 12-month measurement period in accordance with the Group's accounting policy.

The purchase agreements include provisions for contingent consideration to be paid to the sellers based on certain future performance measures being met. An estimate of the fair value of contingent consideration will be made and recognised in the 12-month measurement window.

a) On 31 December 2024, the Group acquired 100% of equity interest in the UK company ingage IR Limited, an investor relations and engagement software for a cash consideration of \$36.8 million.

8. DISCONTINUED OPERATIONS

a) Background

On 1 May 2024, the Group disposed of the US MS business, which formed part of the Mortgage Services & Property Rental Services segment. US MS was reported as a discontinued operation in the prior period.

In the current reporting period, a \$7.8 million increase in the contingent consideration receivable was recorded associated with this disposal. This contingent consideration amount is expected to be finalised in the second half of the financial year and is recognised as a current receivable. Disposal-related costs of \$6.0 million were also recognised in the current reporting period offsetting the gain from contingent consideration remeasurement.

10. FAIR VALUE MEASUREMENTS

The fair value of financial assets and liabilities must be estimated for recognition and measurement or for disclosure purposes. The measurement hierarchy used is as follows:

Level 1: The fair value of financial instruments traded in active markets is based on quoted market prices at the end of the reporting period for identical assets and liabilities. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. The Group uses a variety of methods and makes assumptions that are based on market conditions existing at the end of each reporting period. This includes inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices). If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. Such instruments include derivative financial instruments and the portion of borrowings included in the fair value hedge.

Specific valuation techniques used to value financial instruments are as follows:

- a) Quoted market prices or dealer quotes are used for similar instruments.
- b) The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows based on observable yield curves.
- c) The fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.
- d) The fair value of cross currency swaps is a combination of the fair value of forward foreign exchange contracts determined using forward exchange rates at the balance sheet date (for the final principal exchange) and the use of quoted market prices or dealer quotes for similar instruments (for the basis valuation).
- e) The fair value of interest rate swaptions is calculated using the Black-Scholes formula and quoted market prices.

Level 3: Valuation methodology of the asset or liability uses inputs that are not based on observable market data (unobservable inputs). This is the case of deferred consideration arising from business combinations.

The amount of contingent consideration recognised on business combinations is typically referenced to revenue or EBITDA (Earnings before interest, tax, depreciation, and amortisation) targets. The Group estimates the fair value of the expected future payments based on the terms of each earn-out agreement and management's knowledge of the business taking into account the likely impact of the current economic environment. Contingent consideration amounts are re-measured every reporting period based on most recent projections. Gains or losses arising from changes in fair value are recognised in profit or loss in the period in which they arise.

The following tables present the Group's financial assets and liabilities measured and recognised at fair value at 31 December 2024. The comparative figures are also presented below.

- (a) On 15 August 2023 Computershare Limited announced an on-market buy-back of ordinary shares. The on-market buy-back commenced on 4 September 2023 and was expected to end on 3 September 2024. On 26 August 2024, Computershare announced the buy-back was to continue until 25 August 2025.

The buy-back is for capital management purposes and Computershare reserves the right to vary, suspend or terminate the buy-back at any time. Computershare Limited plans to buy-back its fully paid ordinary shares up to a maximum aggregate value of AUD 750 million. (As at 31 December 2024: AUD 465 million).

12. CONTINGENT LIABILITIES

Legal and regulatory matters

Regulatory, tax and commercial claims have been made against the consolidated entity in various countries in the normal course of business. An inherent difficulty in predicting the outcome of such matters exists and they may take some time to resolve. Based on current knowledge of the Group, an appropriate liability is recognised on the consolidated statement of financial position if future cash outflows are considered probable with regard to such claims. The status of the claims is monitored by management on an ongoing basis, together with the adequacy of any provisions recorded in the Group's financial statements.

Guarantees, indemnities and other contingent liabilities

There have been no material changes to guarantees, indemnities and other contingent liabilities since the last reporting date.

13. COMMITMENTS

There have been no material changes to commitments since the last reporting date.

14. SIGNIFICANT EVENTS AFTER BALANCE SHEET DATE

No matter or circumstance has arisen since the reporting date which is not otherwise reflected in this report that has significantly affected or may significantly affect the operations of the consolidated entity.

COMPUTERSHARE LIMITED AND ITS CONTROLLED ENTITIES DIRECTORS' DECLARATION

Directors' Declaration

In the directors' opinion:

(a) the financial statements and notes set out on pages 9 to 30 are in accordance with the *Corporations Act 2001*, including:

- (i) complying with Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
- (ii) giving a true and fair view of the consolidated entity's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and

(b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Note 1 confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

This declaration is made in accordance with a resolution of the directors.

Independent auditor's review report to the members of Computershare Limited

Report on the half-year financial report

Conclusion

We have reviewed the half-year financial report of Computershare Limited (the Company) and the entities it controlled during the half-year (together the Group), which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of changes in equity, consolidated cash flow statement and consolidated statement of profit or loss and other comprehensive income for the half-year ended on that date, selected explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Computershare Limited does not comply with the *Corporations Act 2001* including:

1. giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date,
2. complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Responsibilities of the directors for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report, in accordance with Australian Accounting Standards and the *Corporations Act 2001*, including giving a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement whether due to fraud or error. In note 1, the directors also state that the consolidated financial statements comply with IAS 34 *Interim Financial Reporting* as issued by the International Accounting Standards Board.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2024 and of its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
