8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:

8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer:

No. While the calculation presented in section 8.7 indicates that the Company currently holds cash reserves sufficient for three additional quarters, it anticipates the commencement of sales of uranium produced from Lance in the coming months. These sales are expected to progressively shift net operating cash outflows to net operating cash inflows in subsequent quarters, however, the Company notes that the Lance Project and newly commissioned wellfields continue to be in the ramp-up phase. Accordingly, the quantity and timing of project uranium sales from production may vary from that currently anticipated by the Company.

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

Yes. See 8.8.1 above

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

Yes. See 8.8.1 above

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
