- The Convertible facility noted above was for US$12,562,500 and at the lenders discretion able to be converted into a maximum of 64,423,077 Shares.
- During the quarter the lender exercised their right to convert US$4.25 million of the facility for 19,875,125 shares issued to a nominee of the Lender.
- The Company's outstanding debt to the Lender was US$8.3 million at 31 March 2026.

Post the end of the March Quarter, the Lender converted an additional US$4.1 million of debt to equity, resulting in the outstanding debt balance to the Lender being US$4.2 million as at the date of this release.

8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:

8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer:

No. While the calculation presented in section 8.7 indicates that the Company currently holds cash reserves sufficient for 1.5 additional quarters, it anticipates the commencement of sales of uranium produced from Lance in the coming months. These sales are expected to progressively shift net operating cash outflows to net operating cash inflows in subsequent quarters, however, the Company notes that the Lance Project and newly commissioned wellfields continue to be in the ramp-up phase. Accordingly, the quantity and timing of Lance project uranium sales from production may vary from that currently anticipated by the Company. With a low level of corporate debt (currently US$4.2 million), and low gearing ratio, the Company has the ability to take on additional debt to assist with working capital and wellfield development during the ramp-up phase. The Company is currently in discussions with potential providers of debt funding facilities.

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

Yes. See 8.8.1 above

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

Yes. See 8.8.1 above

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
