FY26 Guidance Update

Bravura Solutions Limited (ASX: BVS) (Bravura or the Company) is updating its FY26 guidance ahead of the release of its FY26 full year results.

Based on unaudited figures, the Company expects:

- Revenue for FY26 to be within the previously guided range of \$280m to \$285m.
- Cash EBITDA¹ for FY26 to be approximately \$77m (previous guidance: \$69m to \$73m).
- PPE Capex for FY26 to be approximately \$4m (unchanged).

This update reflects an average GBP/AUD exchange rate of 1.92 for 2H26 (previous guidance assumed 1.95).

The key drivers of the improved outcome are:

- Strong demand for project services across our business units.
- Overall cost discipline maintained.

Colin Greenhill, Group CEO and Managing Director, said "I am pleased with the strong performance over the last six months. The teams are focussed on greater engagement with our customers which has led to increased project work and stronger renewals. We have continued to manage costs well whilst investing in core technology and exploring new initiatives."

FY26 full year results are scheduled to be released on 12 August 2026.

¹ Cash EBITDA is revenue minus operating costs (including hosting asset depreciation) less capitalised development costs, PPE capex, lease costs and one-off revenue adjustments.
