ASX Announcement
18 September 2026

Aruma to Host Investor Webinar

Aruma Resources Limited (ASX: AAJ) (Aruma or the **Company)** is pleased to announce that it will host an **Investor Webinar on Thursday, 24 September 2026 at 11:00am AEST**.

Managing Director Grant Ferguson will provide an **update on Aruma's ongoing Phase-2 diamond drilling Tillex Copper-Silver Project**, in the Timmins mining district, in Ontario, Canada followed by a question and answer session.

Questions may be submitted prior to the webinar via email to info@arumaresources.com.

A recording of the webinar will be available on Aruma's website after the webinar.

To register for the webinar, please access the following link:

Aruma released first assay results from its Phase-2 drilling on 17 September. These results confirmed the lateral continuity and extension of shallow, wide, high-grade copper mineralisation to a distance of 100m south-west of the existing high-grade, drill-defined zone. These results not only increase the known footprint of mineralisation but also provide compelling validation of the project's growing size and exploration potential.

Further results from the Phase-2 drilling will be progressively released as they become available.

This announcement has been authorised for release by the Board of Aruma Resources Ltd.

ENDS
