TAU-A NICKEL-COPPER-GOLD TARGET DRILLING COMPLETED

Mulgathing Project - Irria Prospect

Iron Road Ltd (Iron Road or **Company, ASX: IRD)** advises that the Stage 2 TAU-A RC drilling program has been completed at the Irria Prospect in South Australia.

TAU-A Nickel-Copper-Gold Target

Field drilling activity to test the TAU-A target has concluded. Three RC drill holes were completed- RCDH01 to 156m, RCDH02 to 132m and RCDH01 to 176m, for a total 464m drilled. All holes were cased to allow for the optionality of downhole geophysics. RC chips were logged and samples analysed on site using portable XRF. Composite samples are now being submitted for laboratory analysis. These results, together with other data, will inform next steps.
