Entitlement to Vote

The Company has determined under regulation 7.11.37 of the Corporations Regulations 2001 (Cth) that for the purpose of voting at the meeting or any adjourned meeting, securities are taken to be held by those persons recorded in the Company's register as at **5:00pm AEST (6:00pm AEDT) on Tuesday 17 November 2026**.

Voting options

A Shareholder entitled to vote at the AGM may vote:

- in person at the AGM,
- by appointing a proxy or authorised representative to attend the AGM and vote on their behalf, or
- by lodging a direct vote before the AGM.

For your direct vote or appointment of a proxy to be effective, it must be received before **12:00pm AEST (1:00pm AEDT) on Tuesday 17 November 2026**.

All valid direct votes and directed proxy votes will be counted in accordance with the voting instructions provided. If a Shareholder submits more than one voting instruction in respect of the same Shares and resolution, only the voting instruction received last by the Company will apply.

Voting at the AGM in person

To vote in person, you must attend the AGM at the date and time, and at the venue set out in the Notice of Meeting.

Appointing a proxy

A Shareholder may appoint a proxy to attend the AGM and vote on their behalf. A proxy need not be a Shareholder of the Company.

A Shareholder entitled to cast two or more votes may appoint up to two proxies to attend the AGM and vote on a poll. If two proxies are appointed, the Shareholder must specify the percentage of votes or number of securities each proxy may exercise. If no proportion or number is specified, each proxy may exercise half of the Shareholder's votes.

Any directed proxies that are not voted on a poll at the AGM will automatically default to the Chair, who is required to vote proxies as directed.

Shareholders who wish to indicate how their proxy should vote must mark the relevant voting direction in the Voting Form. If you do not direct your proxy how to vote on a particular item of business, you are authorising your proxy to vote as your proxy decides, subject to any applicable voting exclusions.

If you appoint the Chair as your proxy (or the Chair becomes your proxy by default) by completing and submitting the Voting Form without directing the Chair how to vote on an item of business, you will be expressly authorising the Chair to vote in respect of the resolutions as they decide. This includes Resolutions which are connected directly or indirectly with the remuneration of a member of Key Management Personnel (KMP).

The Chair intends to vote available undirected proxies in favour of the proposed Resolutions, including Resolutions 1 and 4 which are related to the remuneration of KMP. If there is a change to how the Chair intends to vote undirected proxies, the Company will make an announcement to the market accordingly and a copy will be published on the Company's website at https://newhopegroup.com.au/investors/asx-announcements/.

A Shareholder entitled to attend and vote at the AGM may appoint an attorney to attend and vote on their behalf, provided that before the first meeting at which the attorney acts on the Shareholder's behalf, a power of attorney is deposited at the Company's registered office address or to Computershare at the mailing address detailed below at 'How to vote'.

Explanatory Notes continued

For personal use only

Shareholders who are a body corporate are able to appoint representatives to attend and vote at the meeting as the Shareholder's representative. The appointment must meet the requirements of Section 250D of the *Corporations Act 2001* (Cth). If a representative of a company is appointed a 'Certificate of Appointment of Corporate Representative' must be produced prior to the meeting (unless it has been previously provided to the Company). A form of the certificate may be obtained by contacting Computershare before the AGM at the details set out below.

Proxy appointments must be received no later than **12:00pm AEST (1:00pm AEDT) on Tuesday 17 November 2026**.

Direct voting

Shareholders may cast a direct vote without attending the AGM or appointing a proxy. A direct vote records the Shareholder's voting instructions and will be counted on the relevant resolution in accordance with those instructions. This differs from appointing a proxy, under which another person is authorised to attend and vote on the Shareholder's behalf.

A Shareholder who attends and votes at the AGM in person on a resolution for which they have cast a direct vote will be taken to have withdrawn their direct vote on that resolution.

The Direct Voting Regulations are available at https://newhopegroup.com.au/investors/. By submitting a direct vote, you agree to be bound by these regulations.

Direct votes must be lodged either online or by submitting a Voting Form before **12:00pm AEST (1:00pm AEDT) on Tuesday 17 November 2026.**

How to vote

The Voting Form allows you to either vote directly or appoint a proxy to attend the AGM and vote on your behalf. You can complete the Voting Form online at www.investorvote.com.au, by scanning the personalised QR Code on the Voting Form or submitting the Voting Form to Computershare. A Shareholder must select only one of the following options on the Voting Form:

- vote directly; or
- appoint a proxy to attend and vote on their behalf.

If a Shareholder submits both a direct vote and an appointment of proxy, the voting method received last by the Company will apply, and the earlier voting instruction or appointment will be treated as withdrawn.

To appoint a proxy by mail or fax, complete the Voting Form and lodge it in one of the following ways:

By mail:	Computershare Investor Services P/L GPO Box 242 Melbourne VIC 3001 Australia
By fax:	1800 783 447 within Australia or +61 3 9473 2555 outside Australia

Explanatory Memorandum

For personal use only

This Explanatory Memorandum forms part of, and should be read in conjunction with, the Notice of Meeting. The purpose of this Explanatory Memorandum is to provide Shareholders with an explanation of the AGM business and resolutions to be considered as well as assisting Shareholders to determine how they wish to vote on each resolution.

Items of Business

Item 1

Financial Statements and Reports

The *Corporations Act 2001 (Cth)* requires the Company to present its Financial Report, Sustainability Report, Directors' Report and Auditor's Reports for the financial year ended 31 July 2026 before Shareholders at the Annual General Meeting.

The Financial Report comprises the financial statements, notes to the financial statements and the Directors' Declaration. The Sustainability Report includes climate-related financial information. The Directors' Report includes, amongst other matters, the Company's Remuneration Report, which is the subject of the separate advisory resolution set out in Item 2 of this Notice of Meeting. The Auditor's Reports contain the independent auditor's opinion on the Financial Report and the Sustainability Report.

The Annual Report for the financial year ended 31 July 2026 has been made available to Shareholders and can be accessed on the Company's website. A print copy of the Annual Report 2026 has also been provided to Shareholders who elected to receive a printed copy.

There is no requirement for Shareholders to approve, adopt or vote on the Financial Report, Sustainability Report, Directors' Report or Auditor's Reports. Accordingly, no resolution will be put to Shareholders in respect of this item of business.

This item is intended to provide a reasonable opportunity for Shareholders to raise questions and make comments during the meeting on these reports and ask questions of the Board, or make comments, about the management of the Company and the Financial Report, Sustainability Report, Directors' Report and Auditor's Reports.

A representative of the Company's external auditor, EY, will attend the meeting and will be available to answer questions from Shareholders relevant to:

- the conduct of the audit;
- the preparation and content of the Auditor's Reports;
- the accounting policies adopted by the Company in relation to the preparation of the Financial Report; and
- the independence of the auditor in relation to the conduct of the audit.

Shareholders may submit questions in advance of the meeting regarding these reports and the operations, management and performance of the Company. Questions submitted in advance of the meeting must be received by no later than **5:00pm AEST (6:00pm AEDT) on Thursday 12 November 2026**. Further details on how to submit questions in advance of the meeting are set out in the Explanatory Notes above under 'Submitting questions in advance'.

Resolution 1

Remuneration Report

The Company's Remuneration Report for the financial year ended 31 July 2026 is set out on pages 73 to 95 of the Company's Annual Report 2026. The Annual Report 2026 is available on the Company's website at https://newhopegroup.com.au/results-and-reports/.

The Remuneration Report forms part of the Directors' Report and has been prepared in accordance with the requirements of the *Corporations Act 2001* (Cth). It describes the Company's remuneration framework and sets out information regarding the remuneration arrangements for the Company's Key Management Personnel, including the relationship between remuneration outcomes and Company performance.

Pursuant to section 250R of the *Corporations Act 2001* (Cth), the Company is required to put the Remuneration Report to a vote of Shareholders at the AGM.

The vote on this resolution is advisory only and does not bind the Directors or the Company, and does not approve Director remuneration. However, the Board will take the outcome of the vote and Shareholder feedback into account when reviewing the Company's remuneration policies and practices.

The Chair will provide Shareholders with a reasonable opportunity to ask questions about, or make comments on, the Remuneration Report before the resolution is put to a vote. Shareholders may submit questions in advance of the meeting regarding the Remuneration Report and the Company's approach to remuneration. Questions submitted in advance of the meeting must be received by no later than **5:00pm AEST (6:00pm AEDT) on Thursday 12 November 2026**.

Further details on how to submit questions in advance of the meeting are set out in the Explanatory Notes above under 'Submitting questions in advance'.

Voting Exclusion Statement

A voting exclusion applies to this resolution.

The Company will disregard votes cast on Resolution 1:

- by or on behalf of any member of the Key Management Personnel whose remuneration details are included in the Remuneration Report for the year ended 31 July 2026, or a Closely Related Party of such a member (regardless of the capacity in which the vote is cast); or
- as a proxy by a member of the Company's Key Management Personnel at the date of the meeting or a Closely Related Party of such a member,

unless the vote is cast as a proxy for a person entitled to vote on Resolution 1:

- in accordance with a direction on the Voting Form or received online (as applicable); or
- by the Chair pursuant to an express authorisation to vote as the proxy decides, even though Resolution 1 is connected with the remuneration of the Key Management Personnel.

For the purposes of this Resolution 1:

Key Management Personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Company, directly or indirectly, including any Director (whether executive or not).

Closely Related Party of a member of Key Management Personnel means:

- a spouse or child of the member;
- a child of the member's spouse;
- a dependant of the member or of the member's spouse;
- anyone else who is one of the member's family and may be expected to influence the member, or be influenced by the member, in the member's dealings with the Company;
- a company that the member controls; or
- a person prescribed by the *Corporations Regulations 2001* (Cth).

Recommendation: The Directors recommend you vote FOR Resolution 1.

The Chair of the Meeting intends to vote all available undirected proxies in favour of Resolution 1, unless otherwise instructed.

Re-election of Non-Executive Directors

Resolutions 2 and 3 relate to the re-election of Non-Executive Directors, Robert Dobson Millner AO and Lucia Ana Stocker.

In accordance with Rule 20.2 of the Company's Constitution, at every general meeting of the Company, one third of the Directors must retire from office. If the number of Directors is not a multiple of three, the number of Directors nearest to one third of the Directors must retire from office. Under this Rule, for the year ended 31 July 2026 Robert Dobson Millner AO and Lucia Ana Stocker retire by rotation.

Consistent with the Company's Constitution, ASX Listing Rule 14.4 provides that a Director must not hold office (without re-election) past the third annual general meeting following the Director's appointment or election, or for more than three years, whichever is the longer.

The Board has a majority of independent Directors as recommended under the ASX Corporate Governance Principles and Recommendations (4th Edition). The Board has developed a Board Skills Matrix that sets out the current mix of skills, knowledge and experience on the Board. The Board is of the view that it has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.

Further details regarding the independence, skills and experience of the Board as at 31 July 2026 are set out in the Company's Corporate Governance Statement 2026. The Statement is available on the Company's website at https://newhopegroup.com.au/corporate-governance/.

Set out below are the details of Robert Dobson Millner AO and Lucia Ana Stocker, together with the recommendation of the Board.

Resolution 2

Re-election of Non-Executive Director – Robert Dobson Millner AO

Robert (Rob) Dobson Millner AO retires as a Director at the AGM in accordance with rule 20.2 of the Company's Constitution and, being eligible, offers himself for re-election.

Rob was appointed to the Board on 1 December 1995 and was appointed Chair of the Board in 1998, and has served as Non-Executive Chair since that time. He was most recently re-elected as a Director in 2023.

Rob has extensive experience in the investment industry. He brings to the Board broad corporate, investment, portfolio and asset management experience gained across diverse sectors including telecommunications, mining, manufacturing, health, finance, energy, industrial and property investment in Australia and overseas. Rob was awarded an Officer of the Order of Australia in 2023.

He has deep industry exposure to coal, building products and diversified industrial businesses, and is recognised for his long-term investment approach and stewardship of complex corporate groups.

The Board has considered Rob's performance, skills, experience and contribution to the Board and considers that he continues to make a valuable contribution to the Board and possesses skills and experience that are important to the Company's ongoing success.

Recommendation: For the reasons above, the Directors (with Robert Dobson Millner AO abstaining) recommend you vote FOR Resolution 2.

The Chair of the Meeting intends to vote all available undirected proxies in favour of Resolution 2, unless otherwise instructed.

Resolution 3

Re-election of Non-Executive Director – Lucia Ana Stocker

Lucia (Lucy) Ana Stocker retires as a Director at this Annual General Meeting in accordance with rule 20.2 of the Company's Constitution and, being eligible, offers herself for re-election.

Lucy was appointed as a Non-Executive Director on 1 February 2023.

Lucy Stocker is an experienced industry leader with over 30 years of experience across mining, engineering and strategic planning. She also founded and operates a successful privately owned agricultural business and is currently an independent consultant. She has previously served as a Non-Executive Director of Perth NRM.

The Board considers Lucy to be a valuable member of the Board, and her experience in mining, engineering, strategic planning and technology supports her re-election.

The Board considers that Lucy's skills and experience continue to complement the Board's existing capabilities and support the effective oversight of the Company's strategic objectives regarding safety, operational performance, sustainability, environment and community.

Recommendation: For the reasons above, the Directors (with Lucia Ana Stocker abstaining) recommend you vote FOR Resolution 3.

The Chair of the Meeting intends to vote all available undirected proxies in favour of Resolution 3, unless otherwise instructed.

Resolution 4

Issue of Rights to CEO

The Board has determined that Robert John Bishop, the Company's Chief Executive Officer (**CEO**), should receive performance rights and service rights under the New Hope Corporation Limited Rights Plan (**Rights Plan**) as part of his variable remuneration for FY27 (**Rights**).

Approval is sought for the issue of the Rights to the CEO. The Rights were approved by the Board for grant on 14 September 2026 under the Rights Plan, as a Long-Term Incentive (**LTI**) and Short-Term Incentive (**STI**).

Further information regarding the key terms of the Rights are set out below on pages 9 to 11.

The grant of Rights and allocation of shares on vesting of those Rights to the CEO does not require Shareholder approval under ASX Listing Rule 10.14 because the CEO is not a Director of the Company (and is not otherwise a person to whom ASX Listing Rule 10.14 applies).

Regardless, the Board considers the proposed grant to be a material component of the CEO's remuneration arrangements. The Company is therefore voluntarily seeking Shareholder approval as a matter of good corporate governance, to promote transparency and accountability in relation to the structure and quantum of the CEO's variable remuneration. Rights were determined for grant by the Board on 14 September 2026 in accordance with the approved Rights Plan, however, if not approved, the Board will consider exercising its discretion to lapse the Rights and replacing the Rights with an alternative form of incentive-based remuneration. Any alternative arrangement may be provided in cash or another form permitted under the Rights Plan and applicable law.

For personal use only

LTI Performance Rights

LTI Performance Rights form part of the CEO's long-term variable remuneration and are subject to performance and service conditions which will be measured over the Measurement Period from 1 August 2026 to 31 July 2029.

Measurement Period	LTI At-Max	Allocation price – 20 Day VWAP	Vesting Date	Number of Performance Rights
FY27 to FY29	$1,688,580	$5.2608	1 August 2029	320,973

STI Service Rights

STI Service Rights represent the deferred equity component of the CEO's short-term variable remuneration and is subject to a continued service condition during the Measurement Period from 1 August 2026 to 31 July 2027.

Service Period	STI Reward	Allocation price – 20 Day VWAP	Vesting Date	Number of Service Rights
FY27	$519,661	$5.2608	1 August 2027	98,780

No amount is payable by the CEO for the grant of the Rights or on their exercise. The Rights do not carry voting or dividend entitlements before they are exercised and Shares are allocated.

Voting Exclusion Statement

Note: Although Shareholder approval is not required under ASX Listing Rule 10.14, the Board has determined that a voting exclusion applies to this resolution.

The Company will disregard any votes cast on Resolution 4:

- in favour of the resolution by or on behalf of Robert Bishop or any of his associates, regardless of the capacity in which the votes are cast; or
- as proxy by a member of the Company's Key Management Personnel at the date of the meeting or a Closely Related Party of such a member,

unless the vote is cast:

- as proxy or attorney for a person entitled to vote on Resolution 4 in accordance with a direction given to the proxy or attorney to vote on the resolution in that way; or
- by the Chair of the Meeting as proxy for a person entitled to vote on Resolution 4, pursuant to an express authorisation to exercise the proxy as the Chair decides; or
- by a Shareholder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
- the beneficiary provides written confirmation to the Shareholder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on Resolution 4; and
- the Shareholder votes in accordance with directions given by the beneficiary to the Shareholder to vote in that way.

For the purposes of this Resolution 4:

Key Management Personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Company, directly or indirectly, including any Director (whether executive or not).

Closely Related Party of a member of Key Management Personnel means:

- a spouse or child of the member;
- a child of the member's spouse;
- a dependant of the member or of the member's spouse;
- anyone else who is one of the member's family and may be expected to influence the member, or be influenced by the member, in the member's dealings with the Company;
- a Company that the member controls; or
- a person prescribed by the *Corporations Regulations 2001* (Cth).

Key terms of the LTI Performance Rights

The key terms for the issue of LTI Performance Rights are set out below:

Instrument	The LTI Performance Rights are indeterminate Rights which may be settled in either cash and/or in Shares (at the Board's discretion). Generally, it is expected that vested LTI Performance Rights will be settled in Shares/Restricted Shares.
Performance conditions	The LTI Performance Rights are subject to two performance measures that will be tested separately at the end of the Measurement Period. The performance measures and relevant weightings are as follows: • Relative Total Shareholder Returns (rTSR) – 60% • Return on Capital Employed (ROCE) – 40%
Performance measures	**Relative Total Shareholder Return** will be calculated as the growth in the Company's share price over the Measurement Period divided by the share price at the beginning of the Measurement Period, adjusted to include the value of any dividends or capital returns reinvested at the closing share price on the day the Company's shares trade ex-dividend, compared against the TSRs of companies in a blend of global coal and ASX100-200 companies determined by the Board. **Average Capital Employed** for any one year will be calculated as the 12 month average of Capital Employed balances, comprising Net Debt and Shareholders Equity adjusted for the accumulated significant items after tax removed in calculating NOPAT. The Board will determine if some portion of Net Debt or Equity will be removed from the calculation of Capital Employed to avoid unintended consequences. For example, the capital required to develop a new mine may be excluded from the Capital Employed calculation until the asset is operational, so as to avoid a drag on ROCE and unintentionally discourage management from pursuing value-adding investments that take some time to become operational. **ROCE** has been selected as one of the key determinants of LTI outcomes as it rewards Key Management Personnel for investing the capital entrusted to the Company by Shareholders at attractive rates of return. It therefore aligns the interests of management with those of Shareholders. Importantly it is an absolute measure so that regardless of relative performance, it will only pay if average returns through the Measurement Period are attractive.

Measurement Period	The Measurement Period is the 3-year period from 1 August 2026 to 31 July 2029.

Relative Total Shareholder Return – 60% weighting

Performance level	Company's TSR over Measurement Period	Vesting % of Tranche
Stretch	>P75	100%
Between Target and Stretch	> P50 & < P75	Pro-rata[1]
Target	P50	50%
Below Target	< P50	0%

1. Pro-rata vesting between Target and Stretch on a straight-line basis.

This vesting condition ranks the Company's TSR growth over the performance period against the TSRs of companies in a blend of global coal and ASX100-200 companies. In determining the composition of the comparator group for RTSR assessment, the Board will seek to identify and include companies with similarities in the following key characteristics: commodity, industry, product markets, geography of operations and markets, scale, complexity, nature of operations, financial resources, strategy and risk, outlook and regulatory environment. The Board will determine the composition of the comparator group at the beginning of each Measurement Period and provide details for the relevant grant reported upon in the annual Remuneration Report.

Return on Capital Employed – 40% weighting

Performance level	Company's 3 year average ROCE over Measurement Period	Vesting % of Tranche
Stretch	>15%	100%
Between Target and Stretch	> 10% & < 15%	Pro-rata[1]
Target	10%	50%
Below Target	< 10%	0%

1. Pro-rata vesting between Target and Stretch on a straight-line basis.

The Board considers the Performance Range for ROCE as outlined above to be fair and reasonable considering the following key observations:

- The Target level of 10% approximates the Company's current post-tax nominal Weighted Average Cost of Capital.
- The Company's median 3 year average ROCE was 9.2% over the 14 three year periods to FY25.
- A 3 year average ROCE of 10% is approximately 60th percentile performance of ASX100 companies over the period 2013-2024.
- The Company earned returns at or above 15% in only 4 of the past 14 three year periods to FY25 (29%).
- A 3 year average ROCE of 15% is approximately 80th percentile performance of ASX100 companies over the period 2013-2024.

Key terms for the STI Service Rights

The key terms for the issue of STI Service Rights are set out below:

Instrument	The STI Service Rights are indeterminate Rights which may be settled in either cash and/or in Shares (at the Board's discretion). Generally, it is expected that vested STI Service Rights will be settled in Shares/ Restricted Shares.
Vesting conditions	The STI Service Rights are not subject to any performance conditions. However, continued service during the Service Period is a requirement for the STI Service Rights to become eligible to vest.
Service Period	The Service Period is the 12-month period from 1 August 2026 to 31 July 2027.

Terms applicable to both LTI and STI Rights

The following terms apply to all LTI Performance Rights and STI Service Rights:

Cost of Rights	No amount is payable by the CEO for the Rights as their value forms part of the Total Remuneration Package. The value that may be realised is a function of the performance against Vesting Conditions and the market value of a Share at the time of sale of any Shares that result from exercise of the Rights.
Term	Each Right has a Term of 15 years from the Grant Date, and if not exercised within that Term, the Rights will lapse.
Vesting Date	Rights will typically vest following completion of the relevant Measurement Period based on an assessment of the Vesting Conditions as determined by the Board. However, Rights may vest before the end of the Measurement Period in some circumstances (such as in the case of delisting).

Exercise Price and exercise	The Exercise Price for the Rights is nil. Vested Rights may be exercised at any time between the latter of the Vesting Date and the elapsing of any specified Exercise Restrictions, and before the end of their Term (being 15 years from the Grant Date).
Disposal restrictions	The CEO must not dispose of or otherwise deal with his unvested Rights at any time, except by force of law. The CEO will be free to deal with the Shares allocated on vesting and exercise of the Rights, subject to the requirements of the Company's Securities Trading Policy.
Dividend and voting rights	Rights carry no entitlement to voting prior to being exercised into shares. At the time and to the extent Rights are vested, the Company will make a dividend equivalent payment in respect of dividends that would have been paid on the shares underlying vested Rights during the Measurement Period or Service Period. Participants also receive dividend equivalent payments in respect of vested Rights at the time a dividend is paid by the Company.
Cessation of employment	In the event of termination of employment by the Company for cause, or in the event of resignation, all unvested Rights will be forfeited unless otherwise determined by the Board. In other situations, such as retirement or redundancy, unvested Rights will be retained for testing at the end of the Measurement Period, as if the CEO had not ceased employment, unless otherwise determined by the Board. Vested but unexercised Rights will be retained subject to the malus and clawback provisions.
Change of control	Rights vest pro-rata relative to the percentage of the Measurement Period that has elapsed as well as the change in share price up to the point of a change of control transaction going unconditional, unless determined otherwise by the Board.
Malus and clawback provisions	Rights may be reduced or cancelled and action may be taken to recover vested Rights in the event of erroneous or misleading data, misconduct, misstatement of accounts, serious reputational damage or corporate failure.
