About Altoro Metals Limited

Altoro Metals Limited is an ASX-listed exploration company focused on advancing a portfolio of zinc and polymetallic projects in Spain. The Company's flagship Novales-Udías Project in Cantabria encompasses the former-producing San José underground mine and a broader mineralised district with substantial exploration potential. Altoro is also advancing the Guajaraz Zn-Pb-Ag-Cu Project in central Spain, where its maiden diamond drilling programme is testing priority targets within a historically mined but underexplored polymetallic system. With a strengthened balance sheet and active exploration programmes across both projects, Altoro is focused on defining and expanding high-quality base and critical metals opportunities in established European mining jurisdictions.
