**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2018**

These notes form an integral part of and should be read in conjunction with the accompanying financial report:

1. GENERAL INFORMATION

Nature of Operations

The principal activities of the Group during the course of the half-year were research and development activities applied to the Company's world leading solar glass technology.

Basis of Preparation and Statement of Compliance

These general purpose consolidated interim financial statements have been prepared in accordance with the requirements of the Corporations Act 2001 and AASB 134 'Interim Financial Reporting'. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

They do not include all of the information required in an annual financial statements in accordance with Australian Accounting Standards, and should be read in conjunction with the Annual Report of the Group for the year ended 30 June 2018 and any public announcements made by the Group during the half-year in accordance with continuous disclosure requirements arising under the Australian Securities Exchange Listing Rules and Corporations Act 2001.

The consolidated interim financial report has been approved and authorised for issue, in accordance with a resolution of Directors, on the 28 February 2019.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or Amended Accounting Standards and Interpretations Adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

AASB 9 Financial Instruments

AASB 9 Financial Instruments replaces AASB 139's 'Financial Instruments: Recognition and Measurement' requirements. It makes major changes to the previous guidance on the classification and measurement of financial assets and introduces an 'expected credit loss' model for impairment of financial assets.

When adopting AASB 9, the Group elected not to restate prior periods. Rather, differences arising from the adoption of AASB 9 in relation to classification, measurement, and impairment are recognised in opening retained earnings as at 1 July 2018.

Based on its assessment, the Group does not believe that the new classification requirements will have a material impact on its accounting for trade and other receivables that are managed on a fair value basis. As at 31 December 2018, the Group had no receivables that are managed on a fair value basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 31 DECEMBER 2018

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

AASB 15 Revenue from Contracts with Customers

AASB 15 replaces AASB 118 Revenue, AASB 111 Construction Contracts and several revenue-related Interpretations. The new Standard has been applied as at 1 July 2018 using the modified retrospective approach. Under this method, the cumulative effect of initial application is recognised as an adjustment to the opening balance of retained earnings at 1 July 2018 and comparatives are not restated. In accordance with the transition guidance, AASB 15 has only been applied to contracts that are incomplete as at 1 July 2018. Based on its assessment, the Group does not believe that the new requirements will have a material impact on its accounting for revenue.

3. SEGMENT INFORMATION

Management has determined the operating segments based on reports reviewed by the Board of Directors for making strategic decisions. The current Board of Directors monitors the business based on operational and geographic factors and have determined that there is only one relevant business segment being Clearvue Technologies Limited. The Group is domiciled in Australia and all revenue and expenditure is generated from Australia, and all assets are located in Australia.

4. RESTATEMENT OF COMPARATIVES

During the half-year ended 31 December 2018 review, it was agreed to restate prior deferred development costs, project revenue and costs associated with the Greenhouse project year (as stated below). The restatement is to ensure that the relevant project revenue and costs are treated appropriately according to AASB 120 Government Grants and Disclosure of Government Assistance. Extracts (being only those line items affected) are disclosed below.

Independent Auditor's Review Report

To the Members of ClearVue Technologies Limited

Report on the review of the half year financial report

Conclusion

We have reviewed the accompanying half year financial report of ClearVue Technologies Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2018, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half year ended on that date, a description of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the half year financial report of ClearVue Technologies Limited does not give a true and fair view of the financial position of the Group as at 31 December 2018, and of its financial performance and its cash flows for the half year ended on that date, in accordance with the *Corporations Act 2001*, including complying with Accounting Standard AASB 134 *Interim Financial Reporting*.

Directors' responsibility for the half year financial report

The Directors of the Company are responsible for the preparation of the half year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

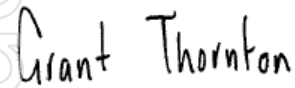

Auditor's responsibility

Our responsibility is to express a conclusion on the half year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2018 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of ClearVue Technologies Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
